The Tiger In Winter Six Contemporary Irish Plays:

The Tiger in Winter: Six Contemporary Irish Plays John Fairleigh, 2006-10-09 Six of the best plays to come out of Ireland this century

Masculinities and Manhood in Contemporary Irish Drama Cormac O'Brien, 2021-12-10 This book charts the journey in terms of both stasis and change that masculinities and manhood have made in Irish drama and by extension in the broader culture and society from the 1960s to the present Examining a diverse corpus of drama and theatre events both mainstream and on the fringe this study critically elaborates a seismic shift in Irish masculinities This book argues then that Irish manhood has shifted from embodying and enacting post colonial concerns of nationalism and national identity to performing models of masculinity that are driven and moulded by the political and cultural practices of neoliberal capitalism Masculinities and Manhood in Contemporary Irish Drama charts this shift through chapters on performing masculinity in plays set in both the Irish Republic and Northern Ireland and through several chapters that focus on Women's and Queer drama It thus takes its readers on a journey a journey that begins with an overtly patriarchal nationalist manhood that often made direct comment on the state of the nation and ultimately arrives at several arguably regressive forms of globalised masculinity which are couched in misaligned notions of individualism and free choice and that frequently perceive themselves as being in crisis

Replay: Classic Modern Drama Reimagined Toby Zinman, 2014-11-20 Replay Classic Modern Drama Reimagined spans over a century of great theatre to explore how iconic plays have been adapted and versioned by later writers to reflect or dissect the contemporary zeitgeist Starting with A Doll's House Ibsen's much reprised masterpiece of marital relations from 1879 Toby Zinman explores what made the play so controversial and shocking in its day before tracing how later reimaginings have reworked Ibsen's original The spine of plays then includes such landmark works as Strindberg's Miss Julie Oscar Wilde's comic The Importance of Being Earnest Chekhov's Three Sisters and Uncle Vanya Hansberry's A Raisin in the Sun the Rattigan centenary revivals Thornton Wilder's Our Town ultimately arriving at Beckett's Waiting for Godot Taking each modern play as the starting point Zinman explores the diverse renderings and reworkings by subsequent playwrights and artists including prominent directors and their controversial productions as well as acknowledging reworkings in film opera and ballet Through the course of this groundbreaking study we discover not only how theatrical styles have changed but how society's attitude towards politics religion money gender sexuality and race have radically altered over the course of the century In turn Replay reveals how theatre can serve as both a reflection of our times and a provocation to them

The New Irish Studies Paige Reynolds, 2020-09-24 The New Irish Studies demonstrates how diverse critical approaches enable a richer understanding of contemporary Irish writing and culture The early decades of the twenty first

century in Ireland and Northern Ireland have seen an astonishing rate of change one that reflects the common understanding of the contemporary as a moment of acceleration and flux This collection tracks how Irish writers have represented the peace and reconciliation process in Northern Ireland the consequences of the Celtic Tiger economic boom in the Republic the waning influence of Catholicism the increased authority of diverse voices and an altered relationship with Europe The essays acknowledge the distinctiveness of contemporary Irish literature reflecting a sense that the local can shed light on the global even as they reach beyond the limited tropes that have long identified Irish literature The collection suggests routes forward for Irish Studies and unsettles presumptions about what constitutes an Irish classic

The Palgrave Handbook of Contemporary Irish Theatre and Performance Eamonn Jordan, Eric Weitz, 2018-09-18 This Handbook offers a multiform sweep of theoretical historical practical and personal glimpses into a landscape roughly characterised as contemporary Irish theatre and performance Bringing together a spectrum of voices and sensibilities in each of its four sections Histories Close ups Interfaces and Reflections it casts its gaze back across the past sixty years or so to recall analyse and assess the recent legacy of theatre and performance on this island While offering information overviews and reflections of current thought across its chapters this book will serve most handily as food for thought and a springboard for curiosity Offering something different in its mix of themes and perspectives so that previously unexamined surfaces might come to light individually and in conjunction with other essays it is a wide ranging and indispensable resource in Irish theatre studies

Migration and Performance in Contemporary Ireland Charlotte McIvor, 2016-10-10 This book investigates Ireland's translation of interculturalism as social policy into aesthetic practice and situates the wider implications of this new interculturalism for theatre and performance studies at large Offering the first full length post 1990s study of the effect of large scale immigration and interculturalism as social policy on Irish theatre and performance McIvor argues that inward migration changes most of what can be assumed about Irish theatre and performance and its relationship to national identity By using case studies that include theatre dance photography and activist actions this book works through major debates over aesthetic interculturalism in theatre and performance studies post 1970s and analyses Irish social interculturalism in a contemporary European social and cultural policy context Drawing together the work of professional and community practitioners who frequently identify as both artists and activists *Migration and Performance in Contemporary Ireland* proposes a new paradigm for the study of Irish theatre and performance while contributing to the wider investigation of migration and performance

Nobel Laureates Yeats Shaw and Beckett Seamus Heaney while primarily a poet also wrote for the stage This collection begins with the influence of melodrama and looks at arguably the first modern Irish playwright Oscar Wilde before moving into a series of considerations of the Abbey Theatre and Irish modernism Arranged chronologically it explores areas such as women in theatre Irish language theatre and alternative theatres before reaching the major writers of more recent Irish theatre including Brian Friel and Tom Murphy and their successors There are also individual chapters focusing on Beckett and Shaw as well as a series of chapters looking at design acting and theatre architecture The book concludes with an extended survey of the critical literature on the field In each chapter the author does not simply rehearse accepted wisdom all of the contributors push the boundaries of their respective fields so that each chapter is a significant contribution to scholarship in its own right
