Apocalyptic Dread Kirsten Moana Thompson, 2012-02-01 In *Apocalyptic Dread* Kirsten Moana Thompson examines how fears and anxieties about the future are reflected in recent American cinema Through close readings of such films as *Cape*

Fear Candyman Dolores Claiborne Se7en Signs and War of the Worlds Thompson argues that a longstanding American apocalyptic tradition permeates our popular culture spreading from science fiction and disaster films into horror crime and melodrama Drawing upon Kierkegaard s notion of dread that is a fundamental anxiety and ambivalence about existential choice and the future Thompson suggests that the apocalyptic dread revealed in these films and its guiding tropes of violence retribution and renewal also reveal deep seated anxieties about historical fragmentation and change anxieties that are in turn displaced onto each film s particular monster whether human demonic or eschatological

The Visual Arts and the Novels of Iris Murdoch Anne Rowe,2002 This study reveals the visual arts as vital inspiration for many thematic and formal aspects of Iris Murdoch s fiction It relates the paintings that appear in the novels to her experimentation with form her attempts at rendering consciousness and to her philosophy Finally a study of characters who experience spiritual revelations in front of famous paintings endorses the centrality of the sublime in Murdoch s fiction and demonstrates how painting serves to liberate characters and readers alike from an illusory fantasy world

Dostoevsky's Secrets Carol Apollonio Flath,2009-01-14 When Fyodor Dostoevsky proclaims that he is a realist in a higher sense it is because the facts are irrelevant to his truth And it is in this spirit that Apollonio approaches Dostoevsky s work reading through the facts the text of his canonical novels for the deeper truth that they distort mask and ultimately disclose This sort of reading against the grain is Apollonio suggests precisely what these works with their emphasis on the hidden and the private and their narrative reliance on secrecy and slander demand In each work Apollonio focuses on one character or theme caught in the compromising self serving or distorting narrative lens Who she asks really exploits whom in Poor Folk Does White Nights ever escape the dream state What is actually lost and what is won in The Gambler Is Svidrigailov of such ill repute in Crime and Punishment in fact an exemplar of generosity and truth Who in Demons is truly demonic Here we see how Dostoevsky has crafted his novels to help us see these distorting filters and develop the critical skills to resist their anaesthetic effect Apollonio s readings show how Dostoevsky s paradoxes counter and usurp our comfortable assumptions about the way the world is and offer access to a deeper immanent essence His works gain power when we read beyond the primitive logic of external appearances and recognize the deeper life of the text

The Year's Best Science Fiction: Seventeenth Annual Collection Gardner R. Dozois,2000 More than 250 000 words of fantastic fiction

Recognizing the Romantic Novel Jillian Heydt-Stevenson,Charlotte Sussman,2008 The Romantic era was a vibrant and exciting time in the history of the novel Yet aside from a few iconic books for example Pride and Prejudice or Frankenstein it has been ignored or dismissed by later readers and critics Bringing this rich but neglected body of works to the fore Recognizing the Romantic Novel challenges us to rethink our ideas of the novel as a genre as well as our long held assumptions about the literary movement of Romanticism
