Unpacking Bliss Sandi Herrera, Stacie Herrera, 2025-04-25 When was the last time you felt love bliss or authentic joy How can you choose to amplify these moments and memories and make them your norm In *Unpacking Bliss* Dr Stacie Herrera and Sandi Herrera sisters and cofounders of HumanizEDU provide a roadmap for an ever evolving journey to achieving our natural state of being bliss The journey of *Unpacking Bliss* begins by looking inward and exploring the narratives we ve told ourselves through unconscious patterning and limiting beliefs From there we can begin to understand our lens on the world through the study of the brain and our evolution as a species We learn to think on purpose

and use what we know about neuroscience to fuel our journey to bliss When we've navigated thinking on purpose we begin to understand the ways in which we can give ourselves permission to be who we are in any given moment After aligning our internal compass we make a subtle shift to looking outward Having learned about our inner mechanisms we can begin to hone and shape them By developing self trust we are able to move more confidently in the world This self assuredness paves the way to uncovering and using our core values Discovering our natural brain wired strength is the pathway to our personal superpower Once we've navigated our inner awareness and the values that drive us we pave the way to living more joyfully and authentically We then discover the ways in which we shine our light by exploring our hardwired need for connection and belonging This journey is more blissful when we intentionally create circles of trust and security Together we will journey through the path of unpacking our bliss
