The Undeniable God A Simple Defense For Christianity:

The Undeniable God Charley Worthey,2015-12-30 If truth can be known shouldn't it be embraced If the existence of God can be proven shouldn't that truth be fought for The claims of Christianity can be understood very easily through the means of basic ideas science prophecy and the impact of the resurrection of Jesus Christ It is as simple as 1 1 2 And yet we live in a world that is being overpowered by an anti God agenda It has gone from mere disagreement to fully blown discrimination against Christians Sadly we have done a poor job defending the truth It is our duty to understand the truth embrace it and defend it It's time we take a stand for what is right and begin leading our nation back to God The truth must be fought for Without it we lose everything [The Christian Life](#) Karl Barth,2017-08-24 Karl Barth 1886 1968 was described by Pope Pius XII as the most important theologian since Thomas Aquinas and his writings from the perspective of a renewed theology of the Word of God continue to be a major influence among Christians students of theology and preachers around the world today His theology creatively re works key Christian doctrines including the Trinity Christology and salvation including therein importantly the doctrine of election The product of the sustained work of more than three decades his closely reasoned fourteen volume magnum opus *The Church Dogmatics* represents the culmination of Barth's own achievements and is regarded as perhaps one of the most significant theological works of all time As part of the theological ethics integral to this dogmatic vision *The Christian Life* offers a fascinating and provocative account of the Christian orientation toward ethical life from the perspective of divine reconciliation setting forth a distinctive vision that sees prayer as the heart of a moral passion for the honour of God and the struggle for human righteousness The work of one of the most influential Protestant theologians of the twentieth century this Cornerstones edition includes a brand new introduction by Philip G Ziegler both examining and celebrating the message of one of Barth's last and most suggestive writings [General History of the Christian Religion and Church](#) August Neander,1851 **General History of the Christian Religion and Church, from the German of Augustus Neander** August Neander,1854 **The Christian's defence against infidelity** ... Thomas Chalmers,1829 *A Defence of Natural and Revealed Religion: Being a Collection of the Sermons Preached at the Lecture Founded by the Honourable Robert Boyle, Esq;... Whose Monotheism? Philosophical and Systematic Theologians on the Metaphysics of Trinitarian Theology* Thomas McCall, 2010-04-15 The last few decades have witnessed a renaissance of Trinitarian theology Theologians have worked to recover this doctrine for a proper understanding of the God and for the life of the church At the same time analytic

philosophers of religion have become keenly interested in the Trinity engaging in vigorous debates related to it To this point however the work of the two groups has taken place in almost complete isolation from one another Which Trinity Whose Monotheism Seeks to bridge that divide Thomas H McCall compares the work of significant philosophers of religion Richard Swinburne Brian Leftow and others with that of influential theologians such as Jrgen Moltmann Robert Jenson and John Zizioulas He then evaluates several important proposals and offers suggestion for the future of Trinitarian theology There are many books on the doctrine of the Trinity but no other book brings the concerns of analytic philosophers of religion into direct conversation with those of mainstream theologians
