The End of Time Gavin Extence, 2019-07-25 I loved TheEndOfTime It is without doubt one of my top reads of 2019 I walked every mile with Zain Mohammed and Jesus Even when their epic journey seemed hopeless their story remained hopeful I've not had such an immersive and important read in a long time Carmel Harrington Thoroughly enjoyed TheEndOfTime It's an epic story of brotherly love courage and resilience A sensitively written compassionate and heart warming must read for this summer Sarah J Harris Beneath the stars on a stony beach stand two teenage brothers They are wearing lifejackets that are too big for them and their most precious belongings are sealed in waterproof bags tucked inside the rucksacks on their backs Turkey is behind them and Europe lies ahead a dark desperate swim away They don't know what will come next but they're about to meet a man who does He calls himself Jesus the Messiah He is barefoot dishevelled and smells strongly of alcohol And he doesn't believe in chance meetings He believes he has information about the future information that will change three lives forever **Live**

Talk About Books David Peplow, 2016-02-25 Over the last two decades reading groups have become increasingly popular in the UK and the USA More and more people seem to be interested in sharing their reading experiences and hearing other readers discuss their views on books whether this is online through the mass media or in face to face contexts In light of this explosion in popularity of reading groups this ethnographic study focuses on several reading groups based across a variety of settings public libraries public houses and in readers homes A range of methods are used to investigate the practices of the individual readers and the groups including participant observation interviews and audio recordings of meetings Reading groups are found to be highly ritualized and potentially competitive places in which matters of identity and taste are often at stake The groups studied are conceptualized

as communities of practice and the literary interpretations and evaluations offered within each group are shown to be a product of shared norms established by this group

Contemporary Fiction and Science from Amis to McEwan Rachel Holland, 2019-04-26 This book identifies in contemporary fiction a new type of novel at the interface of science and the humanities working from the premise that a shift has taken place in the relations between the two cultures in the last two or three decades As popular science comes to assume an ever greater cultural significance contemporary authors are engaging in new ways with ideas that it disseminates A new literary phenomenon is emerging in which the focus on language based theories of the self and the world that has been predominant in the latter half of the previous century is making way for a renewed commitment to the material facts both of human existence and the universe beyond subjectivity The book analyses the work of Martin Amis William Boyd David Lodge Richard Powers Michel Houellebecq Jonathan Franzen Margaret Atwood and Ian McEwan revealing the ways in which these third culture novels negotiate the relationship between literature and science

Euthanasia and the Ethics of a Doctor's Decisions Ole Hartling, 2021-03-25 Why do so many doctors have profound misgivings about the push to legalise euthanasia and assisted suicide Ole Hartling uses his background as a physician university professor and former chairman of the Danish Council of Ethics to introduce new elements into what can often be understood as an all too simple debate Alive to the case that assisted dying can be driven by an unattainable yearning for control Hartling concentrates on two fundamental questions whether the answer to suffering is to remove the sufferer and whether self determination in dying and death is an illusion He draws on his own experience as a medical doctor to personalize the ethical arguments share patients narratives and make references to medical literature Here is a sceptical stance towards euthanasia one that is respectful to those who hold different opinions and well informed about the details and nuances of different euthanasia practices Written from a Scandinavian perspective where respect for autonomy and high quality palliative care go hand in hand Hartling's is a nuanced valuable contribution to the arguments that surround a question doctors have faced since the birth of medicine He shows us how the intentions of doing something good can sometimes lead to even greater dilemmas opening us up to those situations where an inclination to end suffering by ending life is deeply conflicting both for the clinician and for any fellow human being

Green Hell Ken Bruen, 2015-07-07 The Godfather of the modern Irish crime novel writes in machine gun fashion reminiscent of the work of Raymond Chandler and Peter Cheyenne The Irish Times In *Green Hell* Bruen's dark angel of a protagonist has hit rock bottom one of his best friends is dead the other has stopped speaking to him he has given up battling his addiction to alcohol and pills and his firing from the Irish national police the Guards is ancient history But Jack isn't about to embark on a self improvement plan Instead he has taken up a vigilante case against a respected professor of literature at the University of Galway who has a violent habit his friends in high places are only too happy to ignore And when Jack rescues a preppy American student on a Rhodes Scholarship from a couple of kid thugs he also unexpectedly gains a new sidekick who abandons his thesis on Beckett to

write a biography of Galway's most magnetic rogue Between pub crawls and violent outbursts Jack's vengeful plot against the professor soon spirals toward chaos Enter Emerald an edgy young Goth who could either be the answer to Jack's problems or the last ripped stitch in his undoing Taylor is a classic figure an ex cop turned seedy private eye The book's pleasure comes from listening to Taylor's eloquent rants studded with references to songs and books His voice is wry and bittersweet but somehow always hopeful The Seattle Times
