Tess Ayers, Paul Brown

We Do A Celebration Of Gay And Lesbian Marriage:

Queering Public Address Charles E. Morris, 2007 Ten noted rhetorical critics disrupt the silence regarding nonnormative sexualities in the study of American historical discourse and upend the heteronormativity that governs much of rhetorical history Enacting both political and radical visions these scholars articulate the promises of gay lesbian bisexual and transgender public address The contributors consider figures such as Abraham Lincoln Eleanor Roosevelt Harvey Milk Marlon Riggs and Lorraine Hansberry and issues as diverse as collective identity nineteenth century semiotics of gender and sexuality the sexual politics of the Harlem Renaissance psychiatric productions of the queer and violence induced traumatic styles We Do Amy Rennert, 2004-06-03 First comes love then comes marriage unless of course you're gay But when San Francisco's mayor Gavin Newsom ordered City Hall to begin issuing marriage licenses to same sex couples on February 12th thousands of gays and lesbians from around the world lined up to take their vows inspiring other cities to follow suit As intense public debate continues *We Do* is an intimate portrait of these history making weddings A many splendored thing love is captured here in all its joy and diversity Drawing on ceremonies from around the country here are weddings both traditional and unconventional whether the brides and grooms are in flowing white gowns business suits or blue jeans The result is a touching album of happy couples from the two lesbians who've been together 51 years to dads with babes in arms A joyful celebration *We Do* stands witness to the fact that we are all created equal in love *Newsom Unleashed* Ellie Gardey Holmes, 2024-06-18 Gavin Newsom has been a force in California politics since the 1990s having acquired power through the machinations of his family and friends As mayor of San Francisco his Hollywood mystique and historic progressive policies meant that he could do no wrong even when he was caught having an affair with his secretary who also happened to be his friend's wife Eventually however Newsom's brazen pursuit of power caused even the Left to sour on him forcing him into the purgatory that was the lieutenant governor's office But suave cocky and unrelenting Newsom soon claimed the governorship where he was free to insert woke policies into every aspect of Californians' lives With Jennifer Siebel Newsom his glamorous but scandal ridden first partner at his side Newsom has pushed California leftward into a dirtier and more dangerous version of itself and positioned himself for his ultimate goal the White House This account probes Newsom's life and influence addressing the homelessness crisis COVID lockdowns the recall the education wars and his combative relationships with Ron DeSantis and Donald Trump while also shedding new light on issues like his relationship with a teenager as mayor his New Age wedding and his financial scandals As a result the real Gavin Newsom is uncovered the one behind the veil of media adoration **Blessing Same-Sex Unions** Mark D. Jordan, 2013-09-03 At most church weddings the person presiding over the ritual is not a priest or a pastor but the wedding planner followed by the photographer the florist and the caterer And in this day and age more wedding theology is supplied by *Modern Bride* magazine or reality television than by any of the Christian treatises on holy matrimony Indeed church weddings have strayed

long and far from distinctly Christian aspirations The costumes and gestures might still be right but the intentions are hardly religious Why then asks noted gay commentator Mark D Jordan are so many churches vehemently opposed to blessing same sex unions In this incisive work Jordan shows how carefully selected ideals of Christian marriage have come to dominate recent debates over same sex unions Opponents of gay marriage he reveals too often confuse simplified ideals of matrimony with historical facts They suppose for instance that there has been a stable Christian tradition of marriage across millennia when in reality Christians have quarreled among themselves for centuries about even the most basic elements of marital theology authorizing experiments like polygamy and divorce Jordan also argues that no matter what the courts do Christian churches will have to decide for themselves whether to bless same sex unions No civil compromise can settle the religious questions surrounding gay marriage And queer Christians he contends will have to discover for themselves what they really want out of marriage If they are not just after legal recognition as a couple or a place at the social table do they really seek the blessing of God Or just the garish melodrama of a white wedding Posing trenchant questions such as these **Blessing Same Sex Unions** will be a must read for both sides of the debate over gay marriage in America today

Blackburn, Caroline T. Clark, Wayne J. Martino, 2018-12-07 This book focuses on queering texts with lesbian gay bisexual and or transgender LGBT themes in collaboration with students young to young adult and their teachers both pre and in service It strives to generate knowledge and deeper understandings of the pedagogical implications for working with LGBT themed texts in classrooms across grade levels The contributions in this book offer explicit implications for pedagogical practice considering literature for children and young adults and work in elementary school high school and university classrooms and schools They give insights on exploring how queer and trans theories might inform the teaching and learning of English language arts with great respect to people who live their lives beyond hegemonic heteronormativity and cisnormativity They provide wisdom on how to provoke foster and navigate complicated conversations about sexuality queer desire gender creativity gender independence and trans inclusivity In addition they show how all of these are informed by an epistemological and ontological understanding of gender embodiment as a process of becoming They offer insights into how queer and trans theories as informed and driven by trans non binary and gender diverse scholars themselves can move all of us beyond LGBTQ inclusivity and inform reading discussing teaching and learning in all of the classrooms and school contexts where we live and work This volume was originally published as a special issue of Discourse Studies in the Cultural Politics of Education Heterosexism Patricia Beattie Jung, Ralph F. Smith, 1993-12-23 In this ground breaking book the authors show that the prevailing sexual ethic is no longer useful It presumes as ideal a uniform morality based on a limited understanding of human sexuality Heterosexism is revealed to be a system of prejudice that both grows out of and supports this ethic It produces various forms of discrimination particularly those against gay and lesbian people that cannot be justified The authors investigate scripture and tradition and explore emerging social scientific data regarding sexual identity taking seriously the experiences of gay and lesbian Christians Their investigation supports the view that reformation of Christian sexual ethics is both necessary and possible They suggest that offering a pluriform rather than a uniform sexual ethic will result in a more responsible and viable dialogue on the ethical questions that emerge when we move beyond heterosexism **When Gay People Get Married** M. V. Lee Badgett, 2010-11 Badgett offers a rare look at how gay marriage is actually working by taking readers to a land where it has been legal for same sex couples to marry since 2001 the Netherlands Through interviews with married gay couples we learn about the often surprising changes to their relationships and the reactions of their families and work colleagues Moreover Badgett shows how the institution itself has been altered exploring how the concept of marriage itself has changed in the United States and the Netherlands The evidence from around the world shows both that marriage changes gay people more than gay people change marriage and that it is the most liberal countries and states making the first moves to recognize gay couples In the end Badgett demonstrates that allowing gay couples to marry does not destroy the institution of

marriage and that many gay couples do benefit in expected as well as surprising ways from the legal social and political rights that the institution offers From publisher description
