

WEARABLE PRINTS, 1760–1860

History, Materials, and Mechanics

Susan W. Greene

Wearable Prints 1760 1860 History Materials And Mechanics

Amy H. Wilson

Wearable Prints 1760 1860 History Materials And Mechanics:

Wearable Prints, 1760-1860 Susan W. Greene, 2014 Wearable prints are not only a decorative art form but also the product of a range of complex industrial processes and an economically important commodity But when did textile printing originate and how can we identify the fabrics inks dyes and printing processes used on surviving historical examples In *Wearable Prints 1760 1860* author Susan Greene surveys the history of wearable printed fabrics which reaches back into the earliest days of the discovery of the delights of selectively patterned cloth and is firmly interwoven with the Industrial Revolution The bulk of the book is devoted to the process of printing and dyeing Greene brings together evidence from period publications and manuscripts extant period garments and quilts and scholarship on eighteenth and nineteenth century chemistry and technology Making the text come alive Greene includes some 1600 full color images including a plentiful array of textile samples *Wearable Prints 1760 1860* is a convenient encyclopedic guide written in plain language accessible to even the most casual reader Historians students costumers quilters designers curators and collectors will find it an essential resource

[Printing Colour 1700-1830](#) Margaret Morgan Grasselli, Elizabeth Savage, 2024-12-27 From the invention of four colour separation printing c 1710 to the introduction of chromolithography c 1830 *Printing Colour 1700 1830* offers the first survey of eighteenth century colour printmaking in and beyond western Europe dynamically expanding print history to include such diverse consumer goods as clothing wallpapers and pottery

Printed Textiles Linda Eaton, 2014-09-23 The Winterthur Museum s richly illustrated history of British and American fabrics made or used from 1700 1850 is a visual reference for designers and a definitive contribution to textile studies From slipcovers that belonged to George Washington to bedhangings described by Harriet Beecher Stowe Delaware s Winterthur Museum holds some of the finest cotton and linen textiles made or used in America and Britain between 1700 and 1850 One of the fastest growing and potentially most lucrative trades in the eighteenth and early nineteenth centuries on the forefront of developments in science and engineering chemistry and technology the textile industry is a fascinating lens into international trade relations and cultural exchange over nearly two centuries Printed Textiles is a major update to the classic text published by Winterthur in 1970 a sourcebook compiled by celebrated curator Florence Montgomery that detailed all aspects of the fabrics lifespan from

their design and method of manufacture to their use and exchange value Linda Eaton Director of Collections and Senior Curator of Textiles updates the classic with a particular focus on furnishing fabrics referred to as furnitures Building on research that has come to light since 1970 and benefiting from the technical and scientific expertise of the conservators and scientists at Winterthur Eaton presents a thorough and sweeping study enriched by the diverse approaches to material culture today With hundreds of beautifully photographed samples engagingly contextualized with iconic figures in American history including Betsy Ross and Benjamin Franklin this significant addition to textile scholarship allows for a full appreciation of these fascinating fabrics Printed Textiles is destined to become an essential reference for interior designers fashion and textile design students conservators collectors and anyone with an interest in the textile industry

The Care and Display of Historic Clothing Karen M. DePauw, 2017-07-18 Wearable textiles hold their own stories of trade manufacture and regionalism just to name a few they also tell a personal tale of the individuals who created our history When we look at a piece of clothing a coat a dress an undergarment we see an item that is more personal more closely related to the human body than nearly anything else it comes in contact with throughout the day Garments can do far more for exhibitions and interpretation than merely providing a bit of color and beauty Clothing is both artistic and utilitarian and is capable of adding so much to the story of who we are and where we came from The Care and Display of Historic Clothing aims to assist with the full integration of costume collections into the interpretation of the past Often relied on for their ability to add beauty and color to exhibitions these collection items provide a very personal side to any story at a given moment in history The topics explored in this publication range from the care and identification of items in a costume collection to discussions about both physical display and how they can be used to engage audiences The book's focus is on costume collections and discussion topics will include information in regards to costume collection storage display techniques basic identification and ideas on how to incorporate costumes into exhibitions and programming A list of further resources at the back of the book helps provide supplemental in depth information on individual areas The layout of this work will aim to provide information that slowly leads from understanding your costume collection and obtaining physical control to incorporating it in a significant and informative way into the work of the organization Providing all of these resources in one place will make the incorporation of costumes a more obtainable goal for small to mid sized museums and historical societies

The World of Antebellum America Alexandra Kindell, 2018-09-20 This set provides insight into the lives of ordinary Americans free and enslaved in farms and cities in the North and the South who lived during the years of 1815 to 1860 Throughout the Antebellum Era resonated the theme of change migration urban growth the economy and the growing divide between North and South all led to great changes to which Americans had to respond By gathering the important aspects of antebellum Americans lives into an encyclopedia The World of Antebellum America provides readers with the opportunity to understand how people across America lived and worked what politics meant to them and how they shaped or

were shaped by economics Entries on simple topics such as bread and biscuits explore workers need for calories the role of agriculture and gendered divisions of labor while entries on more complex topics such as aging and death disclose Americans feelings about life itself Collectively the entries pull the reader into the lives of ordinary Americans while section introductions tie together the entries and provide an overarching narrative that primes readers to understand key concepts about antebellum America before delving into Americans lives in detail **Political and sartorial styles** Kevin A.

Morrison,2023-02-14 Starting with the premise that clothing is political and that analysing clothing can enhance understanding of political style this collection explores the relationships among political theory dress and self presentation during a period in which imperial and colonial empires assumed their modern form Organised under three thematic clusters the volume s chapters range from an analysis of the uniforms worn by West India regiments stationed in the Caribbean to the smock frock donned by rural agricultural labourers and from the self presentations of members of parliament political thinkers and imperial administrators to the dress of characters and caricatures in novels paintings and political cartoon With its interdisciplinary approach the book will appeal to nineteenth century cultural and social historians and literary critics as well as advanced undergraduate and postgraduate students whose research and teaching interests include gender politics material culture and imperialism Maine Quilts Laureen LaBar,2021-05-01 Quilting has a rich history in Maine and America and its popularity has surged in recent years as people return to traditional handcrafts The history of quilting in Maine is a story of community and Maine State Museum curator Laurie LaBar coaxes stories out of objects and uses those stories to enlighten entertain and bring new voices to Maine history The first book of its kind Maine Quilts 250 Years of Comfort and Community is the accompanying volume to a major two year exhibit at the Maine State Museum Stories abound and lesser known aspects of the state s history are brought to light but the star attractions are the quilts themselves Ranging from surviving Colonial era quilts to present day creations more than 150 are presented in full color

Decoding **Wearable Prints 1760 1860 History Materials And Mechanics**: Revealing the Captivating Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its capability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring.
