### Fads and crazes of the sixties

#### How were the 1960s different?

People were breaking away from the more traditional ways of the 1950s. Bright and colourful fashion, pop music and new technology defined the era as a time of change.

#### What was one of the strangest crazes?

Ant farms probably. These started when 'Uncle Milton' Levine took a clear plastic box and made it into the first ant farm. People used to buy the farm, and the ants were posted separately.

#### What did people use to wear?

This was the beginning of the hippie era. People wore flowers in their hair and floral prints on their tops.

#### What did young people use to listen to?

The era is famous as the decade when The Beatles became incredibly popular. Bob Dylan, The Rolling Stones and The Beach Boys were new and exciting. While their parents were at home, many teenagers were out dancing at music festivals.

#### Did people have technology similar to today?

Some technology we know today was first seen in or evolved from the 1960s. One of the first digital computer games, *Spacewar!*, was created in 1962.
