The Threshing Floor Understanding The End Of The Age:

The Threshing Floor Eddy Lewis, Paul W. Conant, 2014-02-03 The Threshing Floor takes a look at current events through the lens of Bible prophecy. The Bible instructs us many times to watch and be ready for the Lord's return. In this book I attempt to identify the signs that we are to watch for as well as the ways we are to prepare ourselves for the Lord's return. In addition, I look at how we are to act and react towards a government system that is stripping Christian believers of their freedoms to worship and obey God in sharing the gospel of Christ. I interpret prophecy primarily through three methods. First, I look at past precedents for how ancient prophecies have been fulfilled. The literal fulfillment of prophecies pointing to Christ's first coming indicate there will be a literal fulfillment of end-time prophecies. In this book, I link Old Testament prophecies with New Testament prophecies in a logical way so that they are relevant and understandable today. Secondly, I interpret prophecy by looking at the big picture of history from God's viewpoint. The Bible reveals the witnesses of God from the beginning of time to the establishment of His eternal kingdom. I identify the different groups through history and the process which God uses in choosing His servants. God follows a three-step process where He identifies His servants, prepares them to serve, and finally commissions His servant to go out into the world. Through this process, God always gives His servants promises with conditions attached. In this book, I identify the promises and the conditions of God along with when they will be fulfilled in God's time frame. The third way that I interpret prophecy is by understanding the main message behind the imagery in the writings of the prophets. Future events depicted through imagery always reveal the fulfillment of the past promises to the servants of God. When we don't understand what the imagery of a passage of scripture is revealing, we must search for the past promises in the word of God. By using this three-step process, we can understand what the message of Bible prophecy is for us today as we near the fulfillment of many of the promises of God. As God's servant witnesses, I invite you to open your Bible and your mind as we journey through the maze of Biblical prophecies and discover how they relate to us in these turbulent times.

Worship and the End of the Age Darren T. Carter, 2010-12-30 Worship and the End of the Age is a book to establish the believer in a foundational understanding of worship and the battle the body of Christ will face at the end of the age. We must embrace a balanced view of the priesthood of all believers. A balanced view includes both the inward power of Christ produced through worship and an outward expression of that life demonstrated through good works. Darren presents a unique way of using the book of Revelation for understanding worship. The approach helps to establish the kingdom of priests and prepare the church for the idols we must overcome in regards to the end of the age.

The End of the Age James Henry McConkey, 1918

The Sign of the End of the Age Paul Kalbach, 2016-12-13 There is a small groundswell of thinking in the evangelical church that we may not have achieved a proper biblical understanding of end-times events. It is important for us to return to a careful study of these things because the time is near. In The Sign of the End of the Age: What Jesus Taught about the Future in Matthew 24, author Paul Kalbach helps you discover or rediscover the Olivet

Discourse the Lords clear road map that all other prophetic Scriptures must reckon with To understand the discourse we must answer one critical question what is Matthew 24 about the future program for Israel or the end of the age events for all believers including the church Kalbach presents extensive arguments that show a different timing and sequence of events than is usually taught by proponents of the pretribulation rapture position His in depth study adheres to a most literal interpretation method The Sign of the End of the Age seeks to bring a deeper understanding of the end times period vital in a world that shows every sign that this time is near

A Testimony of Jesus Christ - Volume 1 Anthony Charles Garland, 2007 A Commentary on the Book of Revelation Volume 2 The author presents a detailed study of the Book of Revelation emphasizing prophetic themes from the rest of the Bible which find their fulfillment in Revelation To understand this controversial book the author explores the many connections between the visions seen by the Apostle John and previous prophetic revelation given to Old Testament prophets such as Daniel Ezekiel and others It is the author's conviction that an understanding of related passages elsewhere in the Bible is the most important key to unlocking the bewildering variety of interpretations which often accompany the study of the last book of the Bible The commentary is linked to a free companion internet course providing an additional 70 hours of audio instruction linked to almost 1 000 slides

God's Absence and the Charismatic Presence Roy D. Kindelberger, 2017-05-17 The author's theological inquiry is intended to raise questions of interpretation within the camp of openness theology and to direct a discussion on the implications of this movement for the charismatic Pentecostal community Open theism or openness theology affirms that the universe is open the future is not settled God is essentially relational love and the risks of love and the threats against it are real The author digs deep into this area of doctrine in order to question how far openness theology is willing to go Is it only the future that is open to God or are there perhaps unknown aspects to the past and present as well What does God know about sin and when does he know it Is it possible for God to be totally absent from a person's life or even from an entire nation If God can be absent can he also be exceptionally present in the lives of believers What would the divine presence and the charismata spiritual ministries look like in an open universe
