year break from his studies in pursuing a PhD in Creative Writing He s researching perspectives of different people of different cultures throughout the world hoping to shape the person he will become after graduation His conversations with total strangers are based on a perfect balance of talking and listening with more emphasis on listening While Peter believes that many of the stories he hears are based on some form of truth many are either exaggerated or totally fabricated Furthermore he s convinced that these same tales are stored in the memory banks of the storytellers and frequently repeated with every new person they meet each time with some form of colorful embellishment But each narrative leads to a lesson learned as Everybody Has a Story **Don't Count Me Out Yet** Deshon J. Porter,2014-04-17 Everyone has a story to share in there own way am I the last of the Prince Charmings I got out of deep lack and homelessness and still am unable to find love This is a way for me to share my story with single ladies and for those who want to be inspired to dream again to have hope again even when you are down and out You are never to be counted out You have work to do Playtime Is Over Derek

Anderson,2020-11-24 Playtime Is Over The book that is long overdue yet very much needed is finally here Too often many people live a life that becomes one big lie after another I have learned by living that it s one thing to lie to other people but it

s a terrible thing to lie to yourself For many years some people have allowed their life to continue on in this state of deep sleep which is destructive not only to themselves but to others as well This book is not to a race or creed of people but to a type of people To people that know that there is more to life than the things that they are seeing and doing To people who know that there are issues and topics that need to be talked about yet not many people seem to want to talk about them To people that are so fed up with the sexual sins and perversions of these times that they just want for someone to address the topic from a real honest perspective Well that is what I am here to do talk about the sexual sins and perversions that are over running the world we live in Healthy sexual relationships were designed to be a good thing performed within the union of marriage between two consenting married adults What we are allowing today in a lot more ways than one is for contamination to settle in Men and women are leaning to their own understanding and doing by choice whatever they are big and bad enough to do Some people not all live their life in silence about a lot of these topics because they don t have anyone to talk to about them Nowhere to turn for real honest conversations about this issue For the most part we spend time on the surface of these issues Well within the pages of this book we will go past the surface and bring some clarity in a lot more areas than not so consider your realities and know that help is here So brace yourself like a woman man because playtime is over Warning Once you start reading this book it will be hard to escape the truths in these writings so much to the point that you will be challenged to change for the better or remain in the same condition that you were in before you started reading this book Overall The choice is yours I invite you to read receive and reevaluate your life as you know it so that you can live a life free from the things that may be holding you captive and start living a life that matters even more not only to you but to others Life is more than living for the here and now live for the eternal come and dine *Metaphoria* Rubin
