The Triumph Of Religion:

The Triumph of Religion Jacques Lacan, 2013 The Triumph of Faith Rodney Stark, 2023-08-22 God is not dead Wall Street Journal Believe it or not the world is more religious than ever before Everyone seems to take it for granted that the world is getting more secular that faith is doomed by modernity Scientists secularists and atheists applaud the change religious believers lament it But here s the thing they re all wrong and the bestselling author and influential scholar of religion Rodney Stark has the numbers to prove it The Triumph of Faith explodes the myth that people around the world are abandoning religion Stark marshals an unprecedented body of data surveys of more than a million people in 163 nations to paint the full picture that both scholars and popular commentators have missed And he explains why the astonishing growth of religion is happening and what it means for our future Stark s bracing book is full of insights that defy the conventional wisdom With vigorous prose he reveals Why claims about Millennials lack of religion are overblown and historically ignorant Why Islam is NOT overtaking Christianity How 4 out of 5 people worldwide now belong to an organized religion How 50 percent have attended a worship service in the past week Why much ballyhooed studies from the Pew Research Center and others get the religious landscape wrong Why atheists remain few anywhere despite all the talk of the New Atheism As Stark shows secularists have been predicting the imminent demise of religion for centuries It is their unshakable faith in secularization that may be the most irrational of all beliefs As the author of *How the West Won The Victory of Reason* and many other bestselling works Rodney Stark has a richly deserved reputation for writing page turning myth busting books He is also a groundbreaking scholar who has so reshaped the social scientific study of religion that his work has become the basis of a new paradigm Stark puts all those talents on full display in *The Triumph of Faith* This book will change how you see both religion and the forces of secularization Christendom Peter Heather, 2023-04-04 A major reinterpretation of the religious superstate that came to define both Europe and Christianity itself by one of our foremost medieval historians In the fourth century AD a new faith grew out of Palestine overwhelming the paganism of Rome and resoundingly defeating a host of other rival belief systems Almost a thousand years later all of Europe was controlled by Christian rulers and the religion ingrained within culture and society exercised a monolithic hold over its population But how did a small sect of isolated and intensely committed congregations become a mass movement centrally directed from Rome As Peter Heather shows in this illuminating new history there was nothing inevitable about Christendom s rise and eventual dominance From Constantine the Great s pivotal conversion to Christianity to the crisis that followed the collapse of the Roman empire which left the religion teetering on the edge of extinction to the astonishing revolution of the eleventh century and beyond out of which the Papacy emerged as the head of a vast international corporation Heather traces Christendom s chameleonlike capacity for self reinvention as it not only defined a fledgling religion but transformed it into an institution that wielded effective authority across virtually all of the disparate peoples of medieval Europe Authoritative vivid and filled with new insights this is an

original and thorough case studies the volume illuminates Bruegel's inventive and multifaceted engagement with the contemporary religious concepts and practices of his day and age. Religion remains a vital question in the life and career of Bruegel because it was so long believed to be more or less absent from his work. As a pioneer of the new genres of landscape and peasant scenes, Bruegel was heralded as a ground-breaking secular painter. This volume highlights the most recent scholarship on the artist, offering a much more nuanced portrait of Bruegel's engagement with the dynamic religious landscape of the mid-sixteenth century. Contributors are Jessica Buskirk, Ralph Dekoninck, Bertram Kaschek, Walter S. Melion, Jürgen Müller, Anna Pawlak, Gerd Schwerhoff, Larry Silver, and Michel Weemans.
