Walk the Walk Alan Deutschman, 2009-09-03 One of the best leadership books of the year strategy business Leadership is the art of transforming how people think feel and act Though some experts make it seem complicated it really has only two elements what you say and what you do And according to Alan Deutschman most leaders focus too much on words and not nearly enough on setting an example Deutschman profiles a wide range of leaders in business education the military and nonprofits who always walked the walk especially
