Myths of the Afterlife Made Easy Annamaria Hemingway, 2011-06-16 Almost every religious mythology contains the primordial motif of death and rebirth and portrays the posthumous journey of the deceased following death Myths of the afterlife exist in all cultures including that of the ancient Greeks and Egyptians Babylonians Romans and Celts and continue to manifest in living faiths such as Hinduism Buddhism Judaism Christianity and Islam Although human consciousness has evolved over time the mystery of death remains beyond rational perception and gives rise to feelings of anxiety and uncertainty Inquiring whether death may be a transition to rebirth requires looking back into the universal language of myth which symbolizes the germ of life existing in an afterlife state As will be shown this ancient model of the otherworldly journey and resurrection continues to appear in the near death experience **Primordial Psyche: a Reliving of the Soul of**
