Alex J. Bellamy, Timothy Dunne

The United Nations And Collective Security Routledge Research In International Law:

The United Nations and Collective Security Gary Wilson, 2014-02-03 The role of the United Nations in collective security has been evolving since its inception in 1945 This book explores collective security as practiced within the legal framework provided by the United Nations Charter with a particular focus upon activity undertaken under the auspices of the UN Security Council the body conferred by the Charter with the primary responsibility for the maintenance of international peace and security Although the book is primarily grounded in international law where appropriate it also draws upon relevant political insights in order to present a clear picture of the UN collective security system in operation and the factors which impact upon the way in which it functions Offering a comprehensive analysis it considers the full range of measures which can be utilised by the UN in the performance of its collective security remit including military enforcement action peacekeeping non military sanctions and diplomacy The book considers each of these measures in detail assessing the legal framework applicable to the form of action the main legal controversies which arise in respect of their appropriate utilisation and the UN s use of this collective security tool in practice The book draws conclusions about the main strengths and shortcomings of the various means through which the UN can attempt to prevent minimise or end conflict Research Handbook on International Law and Human Security Oberleitner, Gerd, 2022-10-14 This comprehensive Research Handbook considers the place of human security both in practice and as a concept within international law examining the preconditions for and consequences of applying human security to international legal thinking and practice It also proposes a future international law in which human security is central to the law s purpose This title contains one or more Open Access chapters **Mutual Trust in Regional and Interregional Cooperation on Counterterrorism** Céline C. Cocq, 2024-07-29 This book provides a detailed theoretical and practical analysis of a key concept in cooperation namely mutual trust in the EU and ASEAN regions It particularly looks at the issue of counterterrorism It analyses the differences in the legalistic approach of the EU and the consultation and consensus based approach in the ASEAN region and the correlation between mutual trust and regional and interregional cooperation against terrorism Thereby this book extends the well known concept of counterterrorism in EU criminal law to another regional case in order to analyse its possible use and operationalisation in other regions It provides important findings on whether and if so how the EU and ASEAN legal frameworks have facilitated intra regional and potentially interregional cooperation In order to measure trust it focuses on information sharing and discusses the terminology related to this matter the mechanisms of cooperation and the difficulties and successes of information sharing This book is of great interest for academics doing research on trust transnational cooperation regional counterterrorism legal architecture in the EU and ASEAN and comparative legal regional and interregional analysis and officials and practitioners involved in transnational cooperation in criminal matters especially terrorism The Oxford Handbook of the International Law of Global Security Robin Geiß, Nils Melzer, 2021-02-16

Understanding the global security environment and delivering the necessary governance responses is a central challenge of the 21st century. On a global scale, the central regulatory tool for such responses is public international law. But what is the state role and relevance of public international law in today's complex and highly dynamic global security environment? Which concepts of security are anchored in international law? How is the global security environment shaping international law and how is international law in turn influencing other normative frameworks? The Oxford Handbook of the International Law of Global Security provides a ground-breaking overview of the relationship between international law and global security. It constitutes a comprehensive and systematic mapping of the various sub-fields of international law dealing with global security challenges and offers authoritative guidance on key trends and debates around the relationship between public international law and global security governance. This Handbook highlights the central role of public international law in an effective global security architecture and in doing so addresses some of the most pressing legal and policy challenges of our time. The Handbook features original contributions by leading scholars and practitioners from a wide range of professional and disciplinary backgrounds reflecting the fluidity of the concept of global security and the diversity of scholarship in this area.

The Defining the Crossword of Sovereignty and Security Bo Long, 2023-06-05. In general summary on the basis of the perspective of realism, this book has thoroughly and critically assessed the international legal topic of the application of the UNCSS in territorial disputes. Firstly, from the discussion of the initial two chapters, it can be learnt that territorial disputes and the UNCSS are mutually important to each other. Meanwhile, as the corresponding background, there is a lack of relevant legal studies on the present research topic. Secondly, from the discussion of the middle two chapters, it can be learnt that both territorial disputes and the UNCSS have their specific nature and characters. As the result, it also can be recognized that although the general environment of the international community is pursuing peace and security, but the engagement between territorial dispute and the UNCSS is still inevitable. Thirdly, from the discussion of the final two chapters, it can be learnt that due to their diversified advantages and shortages, the various measures of the UNCSS can exert different effects on territorial disputes. Nevertheless, there are well-directed ways for the reform of the UNCSS in this field and thereupon an applicable reform scheme can be drafted.

The Law and Practice of the United Nations Benedetto Conforti, Carlo Focarelli, 2016-07-18. The Law and Practice of the United Nations examines the law of the United Nations through an analysis of the Organization's practice from its inception until the present, in particular to the transformations the UN has undergone since the end of the Cold War. Special consideration is given to Chapter VII of the UN Charter and its interpretation, the United Nations membership and organs' competences along with the peaceful settlement of disputes and coercive action for the maintenance of international peace and security. In addition, this important new edition explores such areas as general and smart sanctions, peacekeeping authorizations of the Security Council, territorial administrations, self-determination, human rights, financing of the Organization, acts adoptable by the UN organs and a review of their legality. Offering a fully revised

and updated analysis of the main legal issues surrounding the United Nations practice The Law and Practice of the United Nations will be of interest to all those involved with legal issues surrounding the United Nations the analysis of said issues and their impacts on international practice A Companion to State Power, Liberties and Rights Morley, Sharon, Turner, Jo, Karen Corteen, Paul Taylor, 2017-02-15 This handbook sets out defines and analyzes the essential vocabulary and terminology involved in the study of state power individual liberties and rights As part of the Companions series it is organized alphabetically taking up and defining key topics in these areas particularly as they relate to the study of crime and harm Topics addressed include state and corporate crime terrorism security risk legislation and policy human rights and civil liberties policing punishments and detention surveillance and regulation and many others Accessible yet challenging the book will be useful for both undergraduates and graduate students working in criminology criminal justice international relations political science and other fields **International Law** Malcolm David Evans, 2014 Clearly and accessibly written this new text provides a valuable resource for undergraduate and postgraduate students of international law and covers subjects including the history theories and sources of international law as well as current areas of interest such as international criminal law Feminist Conversations on Peace Sarah Smith, Keina Yoshida, 2022-07-26 EPUB and EPDF available Open Access under CC BY NC ND licence This edited collection brings together conversations across borders and boundaries which explore plural intersectional and interdisciplinary concepts of feminist peace **The United Nations** Kent J. Kille, Alynna J. Lyon, 2020-09-08 This key resource for anyone interested in the United Nations global issues or world politics provides accessible and comprehensive coverage of the history growth and development of ideas and institutions governing the globe The United Nations has been an essential actor in world politics for 75 years Its entities have eliminated smallpox protected the ozone layer promoted arms control and helped to save the lives of over 90 million children Yet it is frequently criticized as ineffective and antiquated This book provides a balanced and systematic overview of the UN s contributions and challenges highlighting areas where it plays an essential role in global governance as well as areas of redundancy and needed reform This book provides readers with a clear well organized reference resource to the entire UN system its principal organs specialized agencies programs and funds and key issues of engagement Through individual entries it examines the history of UN engagement ranging from peace and security to migration and climate change It moves beyond a simple description of UN entities as it assesses the development of ideas such as that of sustainable development as well as responses to changes in world politics Finally it presents both the significant successes of UN work and continued challenges *The Procedure of the UN Security Council* Loraine Sievers, Sam Daws, 2014-09-11 The Procedure of the UN Security Council is the definitive book of its kind and has been widely used by UN practitioners and scholars for nearly 40 years This comprehensively revised edition contains over 450 pages of new material documenting the extensive and rapid innovations in the Council s procedures of the past two decades A one stop handbook and guide with meticulous referencing

this book has served diplomats UN staff and scholars alike in providing unique insight into the inside workings of the world's preeminent body for the maintenance of international peace and security Thoroughly grounded in the history and politics of the Council it brings to life the ways the Council has responded through its working methods to a changing world The book explains the Council's role in its wider UN Charter context and examines its relations with other UN organs and with its own subsidiary bodies This includes the remarkable expansion in UN peacekeeping peacebuilding and political missions sanctions and counter terrorism bodies and international legal tribunals It contains detailed analysis of voting and decision taking by the Council as well as the place format and conduct of meetings It also seeks to illuminate the personalities behind the Council's work ranging from the diplomats who sit on the Council itself to the UN Secretary General and those outside the Council affected by its decisions It concludes with reflections on the improvements that have made to the Council's procedures over many decades and the scope for further reform

The International Dimensions of Internal Conflict Michael Edward Brown, 1996 Internal conflicts threaten many countries and regions globally The first part of this book examines the sources of internal conflicts and the ways these may affect neighbouring states and the international community The second part covers specific problems policy instruments and key actors

Feminist Dialogues on International Law Gina Heathcote, 2019-01-17 In the past decade a sense of feminist success has developed within the United Nations and international law recognized in the Security Council resolution 1325 on women peace and security the increased jurisprudence on gender based crimes in armed conflict from the ICTR Y and the ICC the creation of UN Women and Security Council sanctions against perpetrators of sexual violence in armed conflict Contributing to the development of feminist and gender scholarship on international law Gina Heathcote provides a feminist analysis of the central pillars of international law noting the advances and limitations of feminist approaches Through incorporating into mainstream international legal studies specific critical and feminist narratives this book considers the manner in which feminist thinking has changed international law and the manner in which international law has remained impervious to key feminist dialogues It argues for a return to structural bias feminism that engages the foundations of international law and uses gender as a method for challenging post millennium narratives on fragmentation the role of international institutions the nature of legal authority sovereignty and the role of international legal experts

Defining International Terrorism Stella Margariti, 2017-08-01 This book is an attempt to approach the issue of defining international terrorism proposing that the most workable way to do so is to achieve due balance between the two principal driving forces of international law developments State sovereignty interests and cosmopolitan ideals All those who aspire to the promotion of international criminal justice and the fight against impunity agree that the formulation of a universal definition of international terrorism will further enhance the fight against terrorism and offer a universally acceptable legal framework within which this fight can be conducted Discussed in an in depth manner are for instance the UN Charter Provisions the Rome Statute and the principle of complementarity the Kampala amendments

on the crime of aggression the paradigms of aggression and terrorism and prominent anti terrorist Security Council Resolutions such as Resolution 1368 and Resolution 1373 The volume broadens the reader s understanding on how State sovereignty interests and priorities as well as ideals of cosmopolitanism have influenced the development of international law in general and international criminal law in particular Furthermore it simplifies the complicated picture of defining international crimes by explaining how the State sovereignty and Cosmopolitanism dynamics have also been of relevance throughout the drafting process of the definition of the crime of aggression for the purposes of the Rome Statute for the International Criminal Court In addition it equips the reader with an understanding of the reasons behind the lack of an international definition for terrorism and suggests an appropriate context within which such a definition can take shape It intends to appeal to academics and students with an interest in international criminal law and the international criminal justice system international law and security but also to anyone with an interest in transnational crime and counter terrorism

Stella Margariti has recently graduated from the University of Dundee where she attained the title of Doctor from the School of Law

African Frontiers Dr Tanya Lyons, Dr John Idriss Lahai, 2015-12-28 Through a multidisciplinary approach African Frontiers counters the superficial Eurocentric and gender insensitive dominant discursive representation of Africa within the discourse of war and conflict management and security and peace nation building Situating the study within the context of the prevailing cultural and geo political realities in the postcolonial African states the chapters illustrate the complex ways in which events and processes are experienced at the local level and how these local realities in turn impact and shape the patterns of political and military engagement in Africa and beyond

United Nations Reform and the New Collective Security Peter G. Danchin, Horst Fischer, 2010-01-28 In 2004 the Report of the Secretary General s High Level Panel on Threats Challenges and Change emphasised the linkages between economic development security and human rights and the imperative in the twenty first century of collective action and cooperation between States In a world deeply divided by differences of power wealth culture and ideology central questions today in international law and organisation are whether reaffirmation of the concept of collective security and a workable consensus on the means of its realisation are possible In addressing these questions this book considers the three key documents in the recent UN reform process the High Level Panel report the Secretary General s In Larger Freedom report and the 2005 World Summit Outcome document The chapters examine the responsibilities commitments strategies and institutions necessary for collective security to function both in practice and as a normative ideal in international law and relations between state and non state actors alike

The Oxford Handbook of the Responsibility to Protect Alex J. Bellamy, Timothy Dunne, 2016 The Responsibility to Protect R2P is intended to provide an effective framework for responding to crimes of genocide ethnic cleansing war crimes and crimes against humanity It is a response to the many conscious shocking cases where atrocities on the worst scale have occurred even during the post 1945 period when the United Nations was built to save us all from the scourge of genocide The R2P concept

accords to sovereign states and international institutions a responsibility to assist peoples who are at risk or experiencing the worst atrocities R2P maintains that collective action should be taken by members of the United Nations to prevent or halt such gross violations of basic human rights This Handbook containing contributions from leading theorists and practitioners including former foreign ministers and special advisors examines the progress that has been made in the last 10 years it also looks forward to likely developments in the next decade Inside the Un Security Council Jess Gifkins,2024-02-20 Inside the UN Security Council analyses informal practices within Security Council decision making both in general and focused on the case of Darfur in the west of Sudan to pull back the curtain on decision making The UN, Peace, and Force Michael Charles Pugh,1997 This work discusses the fundamental question should the UN command military engage in the extensive use of force at all or contract out to more capable organizations as well as a proposal for a UN Guard **Regulating the Use of Force in International Law** Russell Buchan,Nicholas Tsagourias,2021-06-25 This book provides a comprehensive and detailed analysis of the nature content and scope of the rules regulating the use of force in international law as they are contained in the United Nations Charter customary international law and international jurisprudence It examines these rules as they apply to developing and challenging circumstances such as the emergence of non State actors security risks new technologies and moral considerations

The United Nations And Collective Security Routledge Research In International Law Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free The United Nations And Collective Security Routledge Research In International Law PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their

background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free The United Nations And Collective Security Routledge Research In International Law PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of The United Nations And Collective Security Routledge Research In International Law free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
