Last-Minute Proposal Jessica Hart, 2008-10-01 Single city girl Cake baker Tilly is taking part in a charity job swap and when she's paired with ex military maverick Campbell Sanderson they get off to a rather sticky start Rugged billionaire tycoon Campbell is all hard angles to Tilly's cozy curves It's the winning that counts for him and it's clear Tilly will need her hand held every step of the way Whirlwind wedding wish Despite himself Campbell finds that something about Tilly always coaxes a smile But he refuses to be tempted no matter how bright and bubbly she is That's before they share a showstopping kiss

Escape Inc Steve Farndon, 2006-04 Written in the first person *Escape Inc* begins with two men bound together by the same experience With both of their wives in prison they are fired with the same idea how to get their ladies out The idea becomes an obsession with meticulous planning involving prison routines deadlocks and security cameras not to mention razor wire and some very unfriendly dogs Our two heroes spring their wives successfully and the idea occurs to them to form a limited company limited to certain prisoners who merit release So *Escape Inc* is born a dedicated team of lawbreakers whose services are provided to inmates with large amounts of cash There are rules of course Terrorists sex offenders and psychos can stay where they are but anybody else Well each case is decided on its own merits Could such a scenario possibly work Of course not oh but there was that breakout from Parkhurst not so long ago And wasn't there some incident at Barlinnie Then if you remember there was all that hoohah at the Scrubs a No it couldn't possibly work *Escape Inc* is pure fiction isn't it

The Angel Makers Tessa Harris, 2018-05-29 In Victorian England flower seller Constance Piper goes searching for the truth behind a new rash of murders in London's East End In November 1888 the specter of Jack the Ripper instills fear in every woman who makes her living on the streets of London But there are other monsters at large those who shun fame and secretly claim their victims from among the city's most vulnerable Options are few for unmarried mothers in Victorian England To avoid stigma many find lodging with baby farmers women who agree to care for the infant

or find an adoptive family in exchange for a fee Constance Piper a flower seller gifted with clairvoyance has become aware of one such baby farmer Mother Delaney who promises to help desperate young mothers and place their babies in loving homes She suspects the truth is infinitely darker Guided by the spirit of her late friend Emily Tindall Constance gathers evidence about what really goes on behind the walls of Mother Delaney's Poplar house It's not only innocent children who are at risk A young prostitute's body is found in mysterious circumstances With the aid of Detective Constable Hawkins newly promoted thanks to Constance's help with his last case Constance links the death to Mother Delaney's vile trade But the horror is edging closer to home and even the hangman's noose may not be enough to put this evil to rest The Sixth Victim Tessa Harris, 2017-05-30 London's East End 1888 When darkness falls terror begins The foggy streets of London's Whitechapel district have become a nocturnal hunting ground for Jack the Ripper and no woman is safe Flower girl Constance Piper is not immune to dread but she is more preoccupied with her own strange experiences of late Clairvoyants seem to be everywhere these days Constance's mother has found comfort in contacting her late father in a séance But are such powers real And could Constance really be possessed of second sight Following the latest grisly discovery Constance is contacted by a high born lady of means who fears the victim may be her missing sister She implores Constance to use her clairvoyance to help solve the crime which the press is calling the Whitechapel Mystery attributing the murder to the Ripper As Constance becomes embroiled in intrigue far more sinister than she could have imagined assistance comes in a startling manner that profoundly challenges her assumptions about the nature of reality She'll need all the help she can get because there may be more than one depraved killer out there Mozari Arrival Jack Colrain, The ends justify the means except when humanity's survival is on the line Earth's landscape lies scorched by weapons fire after the most recent round of alien attacks The technology the Mozari left behind has advanced scientific understanding at breakneck speeds giving humanity the chance to fight back against their Gresian foes Space worthy vessels and all new weaponry are pumped out of orbiting factories boarded by the brightest minds to begin colonizing new planets But humanity is still vulnerable Lieutenant Daniel West understands this which is why his recruits are the most highly trained the military puts out regardless of the physical and mental demand it takes to make them that way Any soldier in the newly created Special Warfare Task Force must plan and prepare for every possible scenario After all the return of the Gresians isn't just inevitable It's imminent Now assigned to the United Earth Ship Shenzhen Daniel is chosen to command a platoon to protect a team of elite colonists traveling to LTT 8270 But it isn't until their arrival that the true mission becomes evident and Daniel discovers an even more horrifying truth A truth that demands too high a cost for humanity's future
