We The Navigators We The Navigators:

We, the Navigators David Lewis, 1994-05-01 This new edition includes a discussion of theories about traditional methods of navigation developed during recent decades the story of the renaissance of star navigation throughout the Pacific and material about navigation systems in Indonesia Siberia and the Indian Ocean A People's History of Science Clifford D Conner, 2009-04-24 We all know the history of science that we learned from grade school textbooks How Galileo used his telescope to show that the earth was not the center of the universe how Newton divined gravity from the falling apple how Einstein unlocked the mysteries of time and space with a simple equation This history is made up of long periods of ignorance and confusion punctuated once an age by a brilliant thinker who puts it all together These few tower over the ordinary mass of people and in the traditional account it is to them that we owe science in its entirety This belief is wrong A People's History of Science shows how ordinary people participate in creating science and have done so throughout history It documents how the development of science has affected ordinary people and how ordinary people perceived that development It would be wrong to claim that the formulation of quantum theory or the structure of DNA can be credited directly to artisans or peasants but if modern science is likened to a skyscraper then those twentieth century triumphs are the sophisticated filigrees at its pinnacle that are supported by the massive foundation created by the rest of us *We, the Navigators*, 1972 **The Secret War in the Balkans** Richard H. Kraemer, 2010-07-27 World War II was the most important event of the twentieth century Sixty three nations took part engaging more than 100 million soldiers sailors and airmen All of the major campaigns of that war have been thoroughly covered in print and film with one exception the secret war in the Balkans While raids by bombers and fighter attacks were routinely reported by both military and civilian news media the nocturnal activities of the 60th Troop Carrier Group supplying the Balkan guerrillas remained Top Secret Beginning in March 1944 the 60th carried 7 000 tons of weapons and equipment to secret drop and landing zones in Axis held territory in the Balkans With this equipment the guerrillas tied down half a million Axis troops prior to the D Day landings in Normandy on June 6 1944 What if the 60th Troop Carrier Group or the guerrillas had not done their job Adolf Hitler would have been able to move eight or ten divisions to western France prior to D Day No one can say with certainty but this writer's judgment is that the landings may well have failed At the very least the war would have been much longer and much more destructive The importance of the Balkan supply drops to Allied victory in Europe has never been adequately recognized The Secret War in the Balkans provides this heretofore missing chapter in the story of World War II *Hearings, Reports and Prints of the Senate Committee on Armed Services* United States. Congress. Senate. Committee on Armed Services, 1969 *Hearings Before Subcommittee No. 4 of the Committee on Armed Services, House of Representatives, Ninety-third Congress, First Session on H.R. 8593, to Amend Section 301 of Title 37, United States Code, Relating to Incentive Pay, to Attract and Retain Volunteers for Aviation Crewmember Duties, and for Other Purposes* United States.
