We The Peoples A Un For The Twenty First Century:

We the Peoples Kofi Atta Annan, 2016 *We the Peoples* Kofi Atta Annan, 2014 A timely reminder of Annan's ideas and priorities his words on war peace humanity and man's inhumanity to man *A United Nations for the Twenty-First Century* Dimitris Bourantonis, Marios L. Evriviades, 1996-11-06 This collective work brings together scholars international civil servants and field practitioners who examine a wide range of theoretical and practical problems as well as challenges confronting the world and the United Nations at the dawn of the twenty first century The papers in this volume have been organized under themes which focus on problem areas and challenges that mankind must unavoidably deal with collectively in the years ahead much as it has attempted to do during the past half century The contributors address the triangular relationship between peace security and development and raise questions about the relevance of the UN system in the decades to come The authors do so through reflection on past experiences and relevant philosophical inquiries They examine specific cases and experiences that are representative of the relevance or irrelevance of past collective actions in the security and non security fields and suggest new ideas and concepts that attempt to marry theory and practice In this connection aspects of peacemaking and peacekeeping arms control economic development human rights and the critical role of education are amongst the topics analyzed and assessed One of the underlying themes of the volume is that the challenges of the twenty first century will be of unprecedented magnitude Unless the UN system is reformed and revitalized it runs the risk of becoming irrelevant *The United Nations in the Twenty-first Century* Marcus F. Franda, 2006 The United Nations is confronting a severe crisis at the beginning of the twenty first century Its capabilities have been called into question amid a rash of recent scandals and charges of leadership mismanagement bureaucratic ineptitude and corrupt activities Current world opinion seems to express elevated concern about the organization's ability to deal with the complexity of international relations in the new millennium Despite six decades of survival its membership still appears unable to maintain a consistent focus or set of practices to pursue common goals The United Nations in the Twenty First Century analyzes the significance of the many forces and events affecting the UN's efforts at reform It provides a detailed examination of these processes for all of the major UN organs and agencies including chapters on the Secretaries General the Secretariat the General Assembly the Security Council and ECOSOC The chapters on the Secretaries General are the only detailed discussion that compares contrasts and evaluates the tenures of the seven people who have headed the UN The book's concluding chapters focus on Kofi Annan's reform agenda as it relates to previous UN reform experiences and assess the future impact of recent UN related scandals and charges of mismanagement We the peoples : a UN for the 21st century Kofi Annan, 2014 **The United Nations in the 21st Century** Karen A. Mingst, Margaret P. Karns, Alynna J.
