Wederdopers, menisten, doopsgezinden in Nederland 1530-1980 S. Groenveld, 1981 Overzicht van de geschiedenis van het doperdom *Wederdopers, menisten, doopsgezinden in Nederland 1530-1980* Simon Groenveld, Jan Pieter Jacobszoon, Simon Leendert Verheus, 1993 Overzicht van de geschiedenis van het doperdom [Handbook of Dutch Church History](#) Herman J. Selderhuis, 2014-12-10 Herman Selderhuis as editor of this volume has brought together a team of experts resulting in a unique approach since each chapter is co written by a catholic and a protestant author who have all integrated the latest research results Each section begins with a brief historiographical overview The same time ecclesiastical events are always set within a greater framework of political social and cultural developments for which reason each author has taken the liberty to describe its own method The user will find in this book tables diagrams and illustrations Also many source texts are integrated in the narration Theses texts are intended to bring the described events and people closer to the reader and as it were to let them speak the words The name of the book as Handbook of the church history of the Netherlands immediately brings to mind three problematic complexes which are relevant to its user First there is the nature of a handbook that is intended to be a good tool but also has its limitations it stimulates and necessitates the use of further books Second the area The Netherlands is a plurality and that is also noticeable in its church history for each region town and village has its own church history Third the history of the church for sure is the most important aspect but this history can only be understood if it is described in the context of political and social developments **Physics in Minerva's Academy** Steffen Ducheyne, 2025-01-27 This monograph explains how in the aftermath of the battle over Ren Descartes philosophy Newton s natural philosophy found fertile ground at the University of Leiden Newton s natural philosophical views and methods along with their underlying distinctions seamlessly aligned with the University of Leiden s institutional religious policy which urged professors and students to separate theology from philosophy Additionally these views supported the natural philosophical agendas of Herman Boerhaave Willem Jacob s Gravesande and Petrus van Musschenbroek Newton s natural philosophical program was especially useful in the three Leiden professors project of reforming existing disciplines and providing them with epistemic legitimacy **Anabaptist/Mennonite Faith and Economics** Calvin Wall Redekop, Victor A. Krahn, Samuel J. Steiner, 1994 The continuing conflict between the Anabaptist Mennonite community and the expanding industrial culture of the modern world has not been investigated This book addresses the issues which fuel that conflict focusing on the implications of subordinating an economic system to the theological framework of a Christian society Contributors Gregory Baum Lawrence J Burkholder Leo Driedger Kevin Enns Rempel Norm Ewert Jim Halteman Leland Harder Al Hecht Jim Lichti Jacob A Leowen John Peters Cal Redekop Walter Regehr T D Regehr Jean Seguy Robert Siemens Arnold Snyder Willis Sommer Mary Sprunger and Laura Weaver Co published with the Institute of Anabaptist and Mennonite Studies **Pietism, Revivalism and Modernity, 1650-1850**

Fred van Lieburg, Daniel Lindmark, 2020-11-30 Pietism can be understood either as a specific German theological tradition emanating from late seventeenth century reformers as Spener and Francke or as a wider range of practical piety characterising early modern movements as Protestant Puritanism and Methodism as well as Catholic Jansenism Trying an inclusive definition an international network programme was set up resulting in a first conference in the Netherlands in 2004 which addressed the question whether Pietism was to be seen as a consequence of or a reaction to confessionalisation in the Reformation era A similar approach was chosen for a second conference held in the Swedish university town of Ume on November 17 18 2005 Should Pietism be perceived as a promoter of or a reaction against modernity Are revivals and awakenings to be seen as inherent components of Pietism Or should they rather be viewed as new sociological phenomena integrated into Pietism on a later stage Which components of pious theology and practice were applied and what function did they serve in clerical and civil discourse Either way how do revivals relate to Pietism and how do they relate to Enlightenment This volume presents the proceedings of an inspiring conference taking a further step in the globalisation of Pietism studies as is demonstrated here in particular by the power of research in the Nordic area Above all this collection of papers helps to understand Pietism and revivalism as attempts to resist the breakthrough of secularizing tendencies in the modern world While doing so they themselves at the same time were modern in building up a counteroffensive of rechristianization using all contemporary means of communication and organization in the public sphere adapting their own traditions to new political and cultural contexts and creating constructions of the religious past
