The John Coltrane Reference Lewis Porter, Chris DeVito, David Wild, Yasuhiro Fujioka, Wolf Schmalzer, 2013-04-26 The BBC's Jazz Book of the Year for 2008 Few jazz musicians have had the lasting influence or attracted as much scholarly study as John Coltrane Yet despite dozens of books hundreds of articles and his own recorded legacy the facts about Coltrane's life and work have never been definitely established Well known Coltrane biographer and jazz educator Lewis Porter has assembled an international team of scholars to write The John Coltrane Reference an indispensable guide to the life and music of John Coltrane The John Coltrane Reference features a day by day chronology which extends from 1926 1967 detailing Coltrane's early years and every live performance given by Coltrane as either a sideman or leader and a discography offering full session information from the first year of recordings 1946 to the last 1967 The appendices list every film and television appearance as well as every recorded interview Richly illustrated with over 250 album covers and photos from the collection of Yasuhiro Fujioka The John Coltrane Reference will find a place in every major library supporting a jazz studies program as well as John Coltrane enthusiasts *Decisions and Orders of the National Labor Relations Board* United States. National Labor Relations Board, 1959 **Enduring Alliance** Timothy Andrews Sayle, 2019-04-15 Sayle's book is a remarkably well documented history of the NATO alliance This is a worthwhile addition to the growing literature on NATO and a foundation for understanding its current challenges and prospects Choice Born from necessity the North Atlantic Treaty Organization NATO has always seemed on the verge of collapse Even now some seventy years after its inception some consider its foundation uncertain and its structure weak At this moment of incipient strategic crisis Timothy A Sayle offers a sweeping history of the most critical alliance in the post World War II era In Enduring Alliance Sayle recounts how the western European powers along with the United States and Canada developed a treaty to prevent encroachments by the Soviet Union and to serve as a first defense in any future military conflict As the growing and unruly hodgepodge of countries councils commands and committees inflated NATO during the Cold War Sayle shows that the work of executive leaders high level diplomats and institutional functionaries within NATO kept the alliance alive and strong in the face of changing administrations various crises and the flux of geopolitical maneuverings Resilience and flexibility have been the true hallmarks of NATO As Enduring Alliance deftly shows the history of NATO is organized around the balance of power preponderant military forces and plans for nuclear war But it is also the history riven by generational change the introduction of new approaches to conceiving international affairs and the difficulty of diplomacy for democracies As NATO celebrates its seventieth anniversary the alliance once again faces challenges to its very existence even as it maintains its place firmly at the center of western hemisphere and global affairs *Activities of Virgin Islands Government and Virgin Islands Corporation. 85-1, 1957* United States.
