Welcome to Canada David Carpenter, 2009 David Carpenter s stories often begin in a comic mode and the voices of the characters their accents tones and peculiar vocabularies are brilliantly caught But what begins as comedy can frequently veer into fierceness farce regret or indignation On these unpredictable journeys we meet an amorous Texas millionaire and his native fishing guide a cow named Turkle a farm girl who talks to bears a kokum who speaks with departed spirits a German scholar with a taste for saskatoon berries an all Jewish football team that takes a chance on a goy an aboriginal folksinger who finds love in a laundry dryer and loses it in a motel a monster northern pike named Adolph a shy roaring twenties photographer who hates dogs and loves peppermints Most of Carpenter s characters are city people who find themselves out in the bush with the bear deer elk and wolves and sometimes even Windigo Carpenter has a strong relationship with the wild country of the northern boreal forest the Saskatchewan prairies and the Alberta foothills His prose is protean It shifts into the minds and the voices of his characters and gathers the reader along to unexpected destinations grief joy or a nicely shaded triumph often involving love escape or an unexpected kind of revelation Since 1975 with the exception of four years split between Toronto and Vancouver Island Carpenter has lived and written in Saskatoon He has been nominated and won numerous literary accolades for his work including fiction nonfiction and poetry Until recently he was fiction editor for Grain Magazine

Wanted and Welcome? Triadafilos Triadafilopoulos, 2013-03-25 This book considers the origins performance and diffusion of national immigration policies targeting highly skilled immigrants Unlike asylum seekers and immigrants admitted under family reunification streams highly skilled immigrants are typically cast as wanted and welcome as a consequence of their potential economic contribution to the receiving society and putative assimilability Testing the degree to which this

assumption holds is the principle aim of this book In contrast to publications which see highly skilled immigration as functional response to labor market needs the book probes the political and sociological dimensions of policy drawing on contributions from an international group of established and new scholars from the fields of history law political science sociology and public policy The book is organized into four parts Part I probes the origins of post WWII immigration policies in Canada Australia and the United States Part II analyzes recent debates on highly skilled immigration policy in the United States whose origins go back to the 1965 Act by Congress which favored family reunification over skilled immigration Part III considers the degree to which highly skilled immigrants are welcome by focusing on the integration trajectories of foreign trained professionals in Canada Paradoxically just as Canada has succeeded in orienting its admissions system more explicitly toward privileging highly educated and skilled professionals highly skilled immigrants have experienced worsening economic outcomes as reflected in rates of unemployment and falling earnings Part IV considers the internationalization of highly skilled immigration policies focusing on Europe s most important immigration countries Germany and Britain As is true in Canada the labor market outcomes for highly skilled immigrants in Europe are disappointing and the final chapter discusses why this is the case and what might be done to improve matters Given its combination of cross disciplinary insights cross national comparisons and empirical richness the book will be of interest to both scholars and policymakers concerned with immigration policy

Warmth Of The Welcome Jeffrey G Reitz, 2018-05-04 This book examines how the economic performance of immigrants is shaped by national and urban social institutions In the United States particularly in the high immigration cities most immigrant origin groups have significantly lower earnings than do their counterparts in Canadian or Australian cities Immigration policy is not a factor however in fact U S immigrants in particular origin groups are not less skilled American institutions including education labor market structures and social welfare all reflect greater individualism and all contribute to the potential for inequality Resulting higher poverty rates for America s immigrants explains their more extensive use of its weaker welfare system Jeffrey Reitz s social institutional approach projects the impact of institutional restructuring past and future on the economic performance of immigrants in these countries

Medical Assistance in Dying (MAID) in Canada Jaro Kotalik, David W. Shannon, 2023-07-25 This book written both for a Canadian and an international readership provides a multidisciplinary review of the framework and performance of the Canadian Medical Assistance in Dying MAID program In the first five years 2015 2021 of operation this program delivered voluntary euthanasia and assistance in suicide to over 30 000 Canadian residents presently representing a 30% annual growth Looking back on these first five years the 30 Canadian scholars and clinicians contributing to this volume raise important issues and attempt to answer key questions that have arisen in regards to its operation and its stated objectives This volume strikes the most appropriate balance between the autonomy of persons who seek medical assistance versus the interests and protection of vulnerable persons Finally the book makes suggestions on how the program can presently be improved It identifies gaps in

knowledge about MAID s operational program and its impact on individuals families and society in order to stimulate the necessary research that is essential to the evolution of a healthy and well balanced program As a first comprehensive examination of medically assisted deaths in Canada this publication will be of great value to lay professional academic political audiences both domestically and internationally especially in jurisdictions that are examining their options of permitting assisted deaths The Illustrated Canadian Forest and Outdoors ,1927 Welcome Home Piers
