this dystopian world where corporations rule the people like kings and queens and personal freedom is an unheard of concept The Earth is slowly dying as mile thick clouds known as Dry Clouds prevent the sun from shining down on half the planet They mysteriously appeared one day and slowly spread across the remaining planet and if they are not stopped the Earth is doomed Many mysteries abound in this apocalyptic science fiction series Where did the Dry Clouds come from and how can they be stopped Who is Kat And who killed Kim s mom These are just a few of the unanswered questions that start this sci fi action adventure series

Prologue

On a parallel Earth thick puffy barrier cumulus also known as Dry Clouds covered the sky and prevented the glimmer of twilight from shining on the city of Noir For three decades the polluted high troposphere looming clouds covered half the planet and left part of the world to live in endless night The mile thick clouds yielded petroleum based contaminated water dubbed Tainted Rain and polluted the air so they were named Dry Clouds for leaving half the planet without drinkable water At first scientists believed pollution caused the great cloud barrier but that theory proved to be false What caused the Dry Clouds to form baffled scientists and how to reverse them eluded reason and only technology s constant battle with nature has kept the dark city alive Man s need for conquest expanded Noir to cover more than half a continent of what would have been called North America and Noir became a Mega city It was the only one in the world Over the last twenty years Transgenics and bio mechas evolved at a breakneck pace Transgenics were genetically modified organisms with an extra genome and were mostly plants produced to survive without the sun Bio mechas were robots resembling living things In this world corporations not governments ruled the people creating a society where profit set policy and dictated life Those who resided in Noir were touched by darkness and the light of goodness seemed a forgotten memory and they they lived in the gray
