Welcoming The Stranger A Public Theology Of Worship And Evangelism:

Welcoming the Stranger Patrick R. Keifert, 1992 This book is an astute rethinking of theology and pastoral ministry that overcomes sentimental notions of hospitality Worship Evangelism Sally Morgenthaler, 1999 This is a how to guide for churches who want to put worship to its biblically intended ends and it includes a study guide *Under the Oak Tree* Ronald J. Allen, John S. McClure, O. Wesley Allen Jr., 2013-11-06 Two trends in the early twenty first century intersect to give this volume immediate relevance 1 The emerging postmodern ethos in North America is calling into question many things we have taken for granted including the purposes of the church and 2 our time is increasingly fractious as groups with distinct worldviews become polarized and often antagonistic Eleven noted contributors join a growing current that sees conversation as an image to refresh our thinking about the nature and purpose of the church and as a process in which individuals and communities with different perspectives come together for real understanding Under the Oak Tree employs the image of Sarah and Abraham greeting three visitors under the Oaks of Mamre as an image for the church as a community of conversation a community that opens itself to the otherness of the Bible voices in history and tradition others in the contemporary social and ecological worlds Furthermore the book shows how conversation can lead the church to action The book takes a practical approach by exploring how conversation can shape key parts of the church's life Topics include preaching worship formation evangelism pastoral care mission and ecumenism social witness and the relationship of Christianity to other religions Foundational chapters consider God as conversational the church as community of conversation and the minister as conversation leader The Spirit Driven Church Terje Hegertun, 2017-06-28 Must the church be either charismatic or sacramental In this book Terje Hegertun argues that she has the privilege of being both The Day of Pentecost formed her identity and shaped her conviction of being lifted on the arms of grace and pushed forward by the power from on high In the midst of her vulnerability and failure the worldwide faith community is a composition of the Spirit One of the greatest gifts the church may offer the world is simply to be church a charismatic sacramental fellowship a dwelling place of God's Spirit A church nurtured by graceful charismatic and sacramental gifts fosters a mature congregational spirituality distinguished by hospitable relations Thus the Spirit of God plays the main role of being the comprehensive principle of Christian unity across denominational lines **The Wayfarer** Barnabé Anzuruni Msabah, 2021-08-02 Scripture testifies to God's care for displaced peoples From Genesis to Revelation the Bible is a narrative filled with migrants with refugees and with wayfarers Even God himself is shown to be on the move a God who does not stay on one side of the border but crosses over to save his people In The Wayfarer Dr Barnab Anzuruni Msabah engages the global refugee crisis from an interdisciplinary perspective that encompasses both development studies and theological reflection Using specific examples from Central Eastern and Southern Africa Msabah provides an overview of the sociopolitical economic and environmental dynamics of forced migration while simultaneously exploring theological and

cultural frameworks for understanding transformational community development He examines both the church's calling to provide sanctuary for displaced peoples and the role of refugees in contributing to the socioeconomic welfare of their host countries While the church's mandate is to act with justice and mercy towards the world's most vulnerable populations Msabab also reminds us that refugees are not passive recipients but powerful examples of courage resilience and hope who can in their turn transform our nations and our faith communities for the better

The Study of Evangelism Paul W. Chilcote, Laceye C. Warner, 2008-02-13 Christians and communities of faith today are rediscovering evangelism as an essential aspect of the church's mission Many of the resulting books in the marketplace however have a hands on orientation often lacking serious theological engagement and reflection Bucking that how to trend The Study of Evangelism offers thirty groundbreaking essays that plumb the depths of the biblical and theological heritage of the church with reference to evangelistic practice Helpfully organized into six categories these broad diverse writings lay a solid scholarly foundation for meaningful dialogue about the church's practice of evangelism

The Quest for Love Divine Paul W Chilcote, 2024-04-25 John Wesley's impact on Methodist theology and practice is well established but there are many other early figures who shaped Methodism just as thoroughly Quest for Love Divine explores the contributions of Charles Wesley by exploring the impact of his lyrics on methodist worship and the importance of lyrical theology in the founding of Methodism Chilcote also examines the contributions of early Methodist women such as Dorothy Fisher Mary Taft and Sarah Crosby exploring how the Wesley brothers and their community sought to inhabit faith working by love leading to holiness of heart and life In his collection of essays Chilcote explores the salient themes of Wesleyan theology and practice and reflects on its legacy in the Wesley's time and in ours By focussing on the nature of their discipleship and the centrality of love divine Chilcote brings Wesleyan theology into sharp and practical focus

New Creation Frank C. Senn, Although the twentieth century has witnessed a thorough liturgical revival and renewal the last ten years have exploded in diverse and conflicting styles settings and even media of corporate worship traditional high church liturgies alternative worship for small communities women church services seeker services at megachurches and more Does this innovation portend a brave new liturgical world or is it just dumping down For example do megachurch services simply revive the old frontier revival and in an effort to reach out accommodate Christianity to the reigning consumer culture One of today's most knowledgeable liturgical theologians and historians contemplates the future shape of liturgy He believes that ritual systems liturgy express and inculcate a worldview an implicit theology and he fears lest the community of faith gain the whole world and lose its soul New Creation proposes the lines of a Christian culture or worldview or way of life that can inform liturgical renewal Twelve erudite and earnest chapters further specify this counter cultural matrix as it pertains to God Christ church creation world worship hospitality culture evangelism prayer and life itself

Glimpses of the New Creation W. David O. Taylor, Jeremy Begbie, 2019-09-03 How do the arts in worship form individuals and communities Every choice of art in worship opens up and closes down

possibilities for the formation of our humanity Every practice of music every decision about language every use of our bodies every approach to visual media or church buildings forms our desires shapes our imaginations habituates our emotional instincts and reconfigures our identity as Christians in contextually meaningful ways generating thereby a sense of the triune God and of our place in the world Glimpses of the New Creation argues that the arts form us in worship by bringing us into intentional and intensive participation in the aesthetic aspect of our humanity that is our physical emotional imaginative and metaphorical capacities In so doing they invite the people of God to be conformed to Christ and to participate in the praise of Christ and in the praise of creation which by the Spirit s power raises its peculiar voice to the Father in heaven for the sake of the world that God so loves

The Missional Church in Perspective (The Missional Network) Craig Van Gelder, Dwight J Zscheile, 2011-05-01 In this book two leading ministry experts place the missional church conversation in historical perspective and offer fresh insights for its further development They begin by providing a helpful review of the genesis of the missional church and offering an insightful critique of the Gospel and Our Culture Network s seminal book Missional Church which set the conversation in motion They map the diverse paths this discussion has taken over the past decade identifying four primary branches and ten sub branches of the conversation and placing over one hundred published titles and websites into this framework The authors then utilize recent developments in biblical and theological perspectives to strengthen and extend the conversation about missional theology the church s interaction with culture and cultures and church organization and leadership in relation to the formation of believers as disciples Professors students and church leaders will value this comprehensive overview of the missional movement It includes a foreword by Alan J Roxburgh
