These United States A Nation In The Making 1890 To The Present:

These United States Glenda Elizabeth Gilmore, Thomas J. Sugrue, 2015-12-17 President Franklin Roosevelt told Americans in a 1936 fireside chat I do not look upon these United States as a finished product We are still in the making These United States builds on this foundation to present a readable accessible history of the United States throughout the twentieth century an ongoing and inspiring story of great leaders and everyday citizens marching fighting voting and legislating to make the nation's promise of democracy a reality for all Americans In the college edition of These United States Gilmore and Sugrue seamlessly weave insightful analysis with all of the support tools needed by students and instructors alike including paired primary source documents review questions key terms maps and figures in a dynamic four color design

These United States Glenda Elizabeth Gilmore, Thomas J. Sugrue, 2016 **Hesburgh of Notre Dame** Todd C. Ream, Michael J. James, 2022-11-25 This volume is the first comprehensive assessment of the life and legacy of Father Theodore Hesburgh 1917 2015 an educator priest public servant and long serving President of the University of Notre Dame Despite being a transformative figure in Catholic higher education who led the University of Notre Dame for 35 years and wielded influence with US presidents on civil rights and other charged issues of his era secular accounts of history often neglect to assess the efforts of religious figures such as Hesburgh In this volume the editors and their authors turn a fair minded but critical eye to the priest's record to evaluate where he fits into the long development of Catholic higher education and Catholics role in American public life The Oxford Handbook of the Corporation Thomas Clarke, Justin O'Brien, Charles O'Kelley, 2019-02-21 The Oxford Handbook of the Corporation assesses the contemporary relevance purpose and performance of the corporation The corporation is one of the most significant if contested innovations in human history and the direction and effectiveness of corporate law corporate governance and corporate performance are being challenged as never before Continuously evolving the corporation as the primary instrument for wealth generation in contemporary economies demands frequent assessment and reinterpretation The focus of this work is the transformative impact of innovation and change upon corporate structure purpose and operation Corporate innovation is at the heart of the value creation process in increasingly internationalized and competitive market economies and corporations today are embedded in a world of complex global supply chains and rising state and state directed capitalism In questioning the fundamental purpose and performance of the corporation this Handbook continues a tradition commenced by Berle and Means and contributed to by generations of business scholars What is the corporation and what is it becoming How do we define its form and purpose and how are these changing To whom is the corporation responsible and who should judge the ultimate performance of corporations By investigating the origins development strategies and theories of corporations this volume addresses such questions to provide a richer theoretical account of the corporation and its contested future *The Forgotten Legacy of Stella Walsh* Sheldon Anderson, 2017-09-08 Stella Walsh who was born in Poland but raised in the

United States competed for Poland at the 1932 and 1936 Olympics winning gold and silver in the 100 meters Running and jumping competitively for three decades Walsh also won more than 40 U S national championships and set dozens of world records In 1975 she was inducted into the National Track and Field Hall of Fame yet Stella Walsh s impressive accomplishments have been almost entirely ignored In *The Forgotten Legacy of Stella Walsh The Greatest Female Athlete of Her Time* Sheldon Anderson tells the story of her remarkable life A pioneer in women s sports Walsh was one of the first globetrotting athletes running in meets all over North America Europe and Asia While her accomplishments are undeniable Walsh s legacy was called into question after her murder in 1980 Walsh s autopsy revealed she had ambiguous genitalia which prompted many to demand that her awards be rescinded In addition to telling her fascinating story *The Forgotten Legacy of Stella Walsh* provides a close look at the early days of women s track and field This book also examines the complicated and controversial question of sex and gender identity in athletics an issue very much in the news today Featuring numerous photographs that help bring to life Walsh s story and the times in which she lived this biography will interest and inform historians of sport and women s studies as well as anyone who wants to learn more about a Polish immigrant who was once the fastest woman alive *Religion in the Lands That Became America* Thomas A.

Tweed,2025-05-13 A sweeping retelling of American religious history showing how religion has enhanced and hindered human flourishing from the Ice Age to the Information Age Until now the standard narrative of American religious history has begun with English settlers in Jamestown or Plymouth and remained predominantly Protestant and Atlantic Driven by his strong sense of the historical and moral shortcomings of the usual story Thomas A Tweed offers a very different narrative in this ambitious new history He begins the story much earlier 11 000 years ago at a rock shelter in present day Texas and follows Indigenous Peoples African Americans transnational migrants and people of many faiths as they transform the landscape and confront the big lifeway transitions from foraging to farming and from factories to fiber optics Setting aside the familiar narrative themes he highlights sustainability showing how religion both promoted and inhibited individual communal and environmental flourishing during three sustainability crises the medieval Cornfield Crisis which destabilized Indigenous ceremonial centers the Colonial Crisis which began with the displacement of Indigenous Peoples and the enslavement of Africans and the Industrial Crisis which brought social inequity and environmental degradation The unresolved Colonial and Industrial Crises continue to haunt the nation Tweed suggests but he recovers historical sources of hope as he retells the rich story of America s religious past **Apocalyptic Crimes** Ronald C. Kramer,2025-03-11 In 2023 the Bulletin of the Atomic Scientists set the iconic Doomsday Clock to ninety seconds to midnight the closest to midnight or civilization ending apocalypse it has ever been Designed at the onset of the Cold War amid new fears of atomic weapons the Doomsday Clock is a symbolic countdown to annihilation Now a generation later the world is more vulnerable than ever to the nuclear weapons it sought to warn against In *Apocalyptic Crimes* Ronald C Kramer reconsiders the immense danger

these weapons pose to humanity examining the use threat to use and continued possession of nuclear weapons from a criminological perspective Kramer argues that any country holding on to its nuclear arsenal including the United States is committing a criminal act Offering a sharp rebuke to the common claim that nuclear stockpiles serve to deter the escalation of conflict Apocalyptic Crimes emphasizes the harm caused by the mere possession of these deadly weapons It further considers the culpability of political officials acting as representatives of the state whose threatening statements about nuclear weapons contain actions or omissions that violate specific international laws But Kramer also shows how a nuclear apocalypse might be averted and offers a pathway to disarmament Through critical analysis and a specific criminology of nuclear weapons Kramer outlines the political actions necessary to rewind the Doomsday Clock and pull the world back from the brink of destruction before the clock strikes midnight

Kochland Christopher Leonard, 2019-08-13 NEW YORK TIMES BESTSELLER NEW YORK TIMES NOTABLE BOOK OF 2019 WINNER OF THE J ANTHONY LUKAS WORK IN PROGRESS AWARD FINANCIAL TIMES BEST BOOKS OF 2019 NPR FAVORITE BOOKS OF 2019 FINALIST FOR THE FINANCIAL TIMES MCKINSEY BUSINESS BOOK OF 2019 KIRKUS REVIEWS BEST BOOKS OF 2019 SCHOOL LIBRARY JOURNAL BEST BOOKS OF 2019 Superb Among the best books ever written about an American corporation Bryan Burrough The New York Times Book Review Just as Steve Coll told the story of globalization through ExxonMobil and Andrew Ross Sorkin told the story of Wall Street excess through Too Big to Fail Christopher Leonard's Kochland uses the extraordinary account of how one of the biggest private companies in the world grew to be that big to tell the story of modern corporate America The annual revenue of Koch Industries is bigger than that of Goldman Sachs Facebook and US Steel combined Koch is everywhere from the fertilizers that make our food to the chemicals that make our pipes to the synthetics that make our carpets and diapers to the Wall Street trading in all these commodities But few people know much about Koch Industries and that's because the billionaire Koch brothers have wanted it that way For five decades CEO Charles Koch has kept Koch Industries quietly operating in deepest secrecy with a view toward very very long term profits He's a genius businessman patient with earnings able to learn from his mistakes determined that his employees develop a reverence for free market ruthlessness and a master disrupter These strategies made him and his brother David together richer than Bill Gates But there's another side to this story If you want to understand how we killed the unions in this country how we widened the income divide stalled progress on climate change and how our corporations bought the influence industry all you have to do is read this book Seven years in the making Kochland is a dazzling feat of investigative reporting and epic narrative writing a tour de force that takes the reader deep inside the rise of a vastly powerful family corporation that has come to influence American workers markets elections and the very ideas debated in our public square Leonard's work is fair and meticulous even as it reveals the Kochs as industrial Citizens Kane of our time Steve Coll Pulitzer Prize winning author of Private Empire

Gale Researcher Guide for: The Western World after World War II Valerie Deacon, 2018-09-28 Gale Researcher

Guide for The Western World after World War II is selected from Gale's academic platform Gale Researcher. These study guides provide peer-reviewed articles that allow students early success in finding scholarly materials and to gain the confidence and vocabulary needed to pursue deeper research.

After Piketty Heather Boushey, J. Bradford DeLong, Marshall Steinbaum, 2017-05-08 Are Thomas Piketty's analyses of inequality on target? Where should researchers go from here in exploring the ideas he pushed to the forefront of global conversation? In *After Piketty*, a cast of economists and other social scientists tackle these questions in dialogue with Piketty in what is sure to be a much-debated book in its own right.

The Color of Compromise Jemar Tisby, 2019-01-22 A New York Times USA Today and Wall Street Journal bestseller. An acclaimed, timely narrative of how people of faith have historically up to the present day worked against racial justice. And a call for urgent action by all Christians today in response. *The Color of Compromise* is both enlightening and compelling, telling a history we either ignore or just don't know. Equal parts painful and inspirational, it details how the American church has helped create and maintain racist ideas and practices. You will be guided in thinking through concrete solutions for improved race relations and a racially inclusive church. *The Color of Compromise* Takes you on a historical, sociological, and religious journey from America's early colonial days through slavery and the Civil War. Covers the tragedy of Jim Crow laws, the victories of the Civil Rights era, and the strides of today's Black Lives Matter movement. Reveals the cultural and institutional tables we have to flip in order to bring about meaningful integration. Charts a path forward to replace established patterns and systems of complicity with bold, courageous, immediate action. Is a perfect book for pastors and other faith leaders, students, non-students, book clubs, small group studies, history lovers, and all lifelong learners. *The Color of Compromise* is not a call to shame or a platform to blame white evangelical Christians. It is a call from a place of love and desire to fight for a more racially unified church that no longer compromises what the Bible teaches about human dignity and equality. A call that challenges black and white Christians alike to stand up now and begin implementing the concrete ways Tisby outlines all for a more equitable and inclusive environment among God's people. Starting today.

A New History of Iowa Jeff Bremer, 2023-10-06 The state of Iowa is largely unappreciated and often misunderstood. It has a small population and sits in the middle of a huge country. It's thought of as an uninspiring place full of farms and fields of corn. But Iowa represents America as surely as New York and California, and Iowa's history is more dynamic, complicated, and influential than commonly imagined. Jeff Bremer's *A New History of Iowa* offers the most comprehensive history of the Hawkeye State ever written, surveying Iowa from the last ice age through the COVID-19 pandemic. It tells a new and vibrant story, examining the state's small-town culture, politics, social and economic development, and its many diverse inhabitants. Bremer features well-known individuals such as Sauk leader Black Hawk, artist Grant Wood, botanist George Washington Carver, suffragist Carrie Chapman Catt, and President Herbert Hoover. But Bremer broadens the state's story by including new voices among them: runaway enslaved men who joined Iowa's 60th Colored Regiment in the Civil War, young female pearl button factory

workers Latino railroad workers who migrated to the state in the early twentieth century and recent refugees from Southeast Asia and the Balkans This new story of Iowa provides a brisk readable narrative written for a broad audience from high school and college students to teachers and scholars to general readers It tells the story of ordinary and extraordinary people of all backgrounds and greatly improves our knowledge of a state whose history has been neglected A New History of Iowa is for everyone who wants to learn about Iowa s surprising complex and remarkable past

How to Fight Racism Young Reader's Edition Jemar Tisby, 2022-01-04 Kids deal with racism and social justice issues every day give them the tools to effectively fight injustices using Christian principles and practical tools In this adaptation of *How to Fight Racism* New York Times bestselling author Dr Jemar Tisby helps young readers ages 8 12 understand how everyday prejudice affects them what they can do to create social change how to maintain an anti racist mindset and make a positive difference in the world Racism is pervasive in today s world and in the wake of protests and a call for change many kids are eager to confront it but aren t always sure how Jemar Tisby author of *How to Fight Racism* and *The Color of Compromise* believes we need to move beyond mere discussions about racism and begin equipping young people with the practical tools to fight against it In *How to Fight Racism Young Reader s Edition* Dr Tisby uses history to explore how racism has affected America since before its founding and how it s continued to grow as well as examines how true social justice is rooted in the Christian faith In a format that provides kids with a handbook for pursuing racial justice readers ages 8 12 will discover hands on suggestions and real world examples of change they can put into action practical ideas for confronting racism and social injustice in their everyday lives and how they can use Christian values to change the narrative around race the ARC of racial justice Awareness Connection and Relationships that help form an anti racist mindset ways to evaluate their actions and promote biblical principles Throughout kids will learn how to ask questions of themselves and their communities as they stand up to racism in all its forms This book is for anyone who believes it is time to courageously confront the racism we see in our society today *How to Fight Racism Young Reader s Edition* Is ideal for any young person wanting to make a difference in today s world Can be used by families and church groups to start meaningful conversations with kids Provides practical tools and advice for how to deal with social justice and racism Is written at a level kids in grades 4 through 6 and beyond can understand Can be used in a small group setting to develop discussions of diversity racism social justice and more

Eleanor David Michaelis, 2021-10-19 Presents a breakthrough portrait of America s longest serving first lady that covers her major contributions throughout critical historical events and her essential role in advancing international human rights

The Power Worshipers Katherine Stewart, 2020-03-03 The inspiration for the documentary *God Country* For readers of *Democracy in Chains* and *Dark Money* a revelatory investigation of the Religious Right s rise to political power For too long the Religious Right has masqueraded as a social movement preoccupied with a number of cultural issues such as abortion and same sex marriage In her deeply reported investigation Katherine Stewart reveals a disturbing truth this is a political

movement that seeks to gain power and to impose its vision on all of society America's religious nationalists aren't just fighting a culture war they are waging a political war on the norms and institutions of American democracy Stewart pulls back the curtain on the inner workings and leading personalities of a movement that has turned religion into a tool for domination She exposes a dense network of think tanks advocacy groups and pastoral organizations embedded in a rapidly expanding community of international alliances and united not by any central command but by a shared anti-democratic vision and a common will to power She follows the money that fuels this movement tracing much of it to a cadre of super-wealthy ultraconservative donors and family foundations She shows that today's Christian nationalism is the fruit of a longstanding antidemocratic reactionary strain of American thought that draws on some of the most troubling episodes in America's past It forms common cause with a globe-spanning movement that seeks to destroy liberal democracy and replace it with nationalist theocratic and autocratic forms of government around the world Religious nationalism is far more organized and better funded than most people realize It seeks to control all aspects of government and society Its successes have been stunning and its influence now extends to every aspect of American life from the White House to state capitols from our schools to our hospitals The Power Worshipers is a brilliantly reported book of warning and a wake-up call Stewart's probing examination demands that Christian nationalism be taken seriously as a significant threat to the American republic and our democratic freedoms

God's Marshall Plan James D. Strasburg, 2021-04-07 God's Marshall Plan tells the story of the American Protestants who sought to transform Germany into a new democratic and Christian nation at the heart of twentieth-century Europe James D. Strasburg follows the American pastors preachers diplomats and spies who crossed the Atlantic in an attempt to make Germany into the European cornerstone of America's global spiritual empire and instead remade American Protestantism itself

Chocolate Cities Marcus Anthony Hunter, Zandria Robinson, 2018-01-16 When you think of a map of the United States what do you see Now think of the Seattle that begot Jimi Hendrix The Dallas that shaped Erykah Badu The Holly Springs Mississippi that compelled Ida B. Wells to activism against lynching The Birmingham where Martin Luther King Jr. penned his most famous missive Now how do you see the United States Chocolate Cities offers a new cartography of the United States a Black Map that more accurately reflects the lived experiences and the future of Black life in America Drawing on cultural sources such as film music fiction and plays and on traditional resources like Census data oral histories ethnographies and health and wealth data the book offers a new perspective for analyzing mapping and understanding the ebbs and flows of the Black American experience all in the cities towns neighborhoods and communities that Black Americans have created and defended Black maps are consequentially different from our current geographical understanding of race and place in America And as the United States moves toward a majority-minority society Chocolate Cities provides a broad and necessary assessment of how racial and ethnic minorities make and change America's social economic and political landscape

Marse H. D. Kirkpatrick, 2022-02-15 Marse A Psychological Portrait of the Southern

Slave Master and His Legacy of White Supremacy focuses on the white men who composed the antebellum southern planter class in the period of 1830-1861. This book is a psychological autopsy of the minds and behaviors of enslavers that helps explain the enduring roots of white supremacy and the hidden wound of racist slavery that continues to affect all Americans today. Marse details and illustrates examples of the psychological mechanisms by which southern slave masters justified owning another human being as property and how they formed a society in which enslavement was morally acceptable. Kirkpatrick uses forensic psychology to analyze the personality formation, defense mechanisms, and psychopathologies of slave masters. Their delusional beliefs and assumptions about Black Africans extended to a forceful cohort of white slaveholding women as well as how they twisted Christianity to promote slavery as a positive good. He examines the masters' stresses and fears and how they coped by developing psychologically fatal slavery-specific defense mechanisms. Utilizing sources such as the vast treasure trove of slavery historiography, diaries, letters, autobiographies, and sermons, Marse describes the ways in which slaveholders created a delusional worldview that sanctioned cruel instruments of punishment and implemented laws and social policies of domination used to rob Blacks of their human rights. The seismic shift in race relations our nation is experiencing right now makes this book timely as it will advance our understanding of the South's self-defeating romance with racist slavery and its latent and chronic effects. The parallels between the psychology of antebellum slaveholding and today's racism are palpable.

A Companion to the Gilded Age and Progressive Era Christopher McKnight Nichols, Nancy C. Unger, 2022-06-15. *A Companion to the Gilded Age and Progressive Era* presents a collection of new historiographic essays covering the years between 1877 and 1920, a period which saw the U.S. emerge from the ashes of Reconstruction to become a world power. The single definitive resource for the latest state of knowledge relating to the history and historiography of the Gilded Age and Progressive Era. Features contributions by leading scholars in a wide range of relevant specialties. Coverage of the period includes geographic, social, cultural, economic, political, diplomatic, ethnic, racial, gendered, religious, global, and ecological themes and approaches. In today's era, often referred to as a second Gilded Age, this book offers relevant historical analysis of the factors that helped create contemporary society. Fills an important chronological gap in period-based American history collections.

New Energies Stephen G. Gross, Andrew Needham, 2023-02-28. Over the past 250 years, energy transitions have occurred repeatedly: the rise of coal in the nineteenth century, the explosion of oil in the twentieth century, the nuclear utopianism of the 1950s and 1960s. These transitions have been as revolutionary as any political or economic upheaval, and they required changes in infrastructure and behavior. Yet new energies never wholly replace old ones. This volume historicizes energy production and consumption while demonstrating how energy use has reshaped everything from social life and economic organization to political governance. It foregrounds the importance of energy for big historical questions about capitalism, democracy, inequality, the environment, and identity, and it argues that energy systems themselves merit attention as key agents of historical change. Given the

urgency of climate change and the central position that energy plays in causing and potentially solving global warming this volume engages history as a discipline in the debate over what may be most monumental energy transition of all time the shift away from fossil fuels

Whispering the Secrets of Language: An Mental Quest through **These United States A Nation In The Making 1890 To The Present**

In a digitally-driven world where monitors reign supreme and quick conversation drowns out the subtleties of language, the profound techniques and mental subtleties concealed within words usually move unheard. However, nestled within the pages of **These United States A Nation In The Making 1890 To The Present** a charming literary prize blinking with fresh thoughts, lies an extraordinary journey waiting to be undertaken. Penned by an experienced wordsmith, that wonderful opus attracts visitors on an introspective trip, softly unraveling the veiled truths and profound affect resonating within the material of each word. Within the emotional depths with this touching review, we will embark upon a sincere exploration of the book is primary styles, dissect its fascinating publishing type, and fail to the strong resonance it evokes deep within the recesses of readers hearts.
