They Looked For A City:

The Little City of Hope Francis Marion Crawford, 1907 *The Emerald City of Oz* L. Frank Baum, 2023-09-18 In *The Emerald City of Oz* L. Frank Baum embarks on a whimsical journey that continues the adventures of Dorothy and her companions in the magical land of Oz. This fifth installment in Baum's beloved series masterfully blends elements of fantasy and adventure featuring enchanting landscapes, vibrant characters, and the ever-present theme of friendship. Richly illustrated, the prose invites readers into a visually captivating world replete with talking animals, splendid palaces, and the perils posed by the nefarious Nome King, showcasing Baum's skill in narrative and keen imagination while reflecting the early 20th-century fascination with escapism and morality tales. L. Frank Baum, an influential figure in American children's literature, was deeply inspired by the cultural shifts of his time, particularly the burgeoning genre of fantasy. Having already established the enchanting world of Oz in previous works, Baum's personal experiences as a playwright, journalist, and father profoundly informed his storytelling, illuminating the themes of courage, resilience, and the importance of home. His creative genius and understanding of childlike wonder enabled the immersive experience that readers enjoy in this adventure. *The Emerald City of Oz* is an essential read for fans of fantasy and young readers alike, offering not just an enchanting tale but also a rich exploration of themes relevant to both children and adults. Baum's vivid imagination and relatable characters create a timeless narrative that continues to resonate with audiences today, making this installment a must-have for any literary collection.

String City Graham Edwards, 2019-03-05 The Universe is made of string. When the knots tighten, the Cosmos quakes. It's a tough job being a gumshoe in an interdimensional city full of gods, living concepts, and weirder things. Good thing I'm a stringwalker, able to jump between realities. It started when I was hired to investigate an explosion at a casino. A simple heist, I thought, but it turned into a race to stop the apocalypse. So I rolled the dice, and now I'm up against the ancient Greek Titans, an interdimensional spider god, and a mysterious creature known as the Fool. I'm going to need more than just luck to solve this one. If I fail, all things in all realities could be destroyed. Just another day in String City.
