Thin Air A Shetland Mystery:

Thin Air Ann Cleeves, 2015-05-05 Ann Cleeves is back with *Thin Air* the sixth book in her beloved Shetland series which is now a hit television show starring Douglas Henshall. A group of old university friends leave the bright lights of London and travel to Shetland to celebrate the marriage of one of their friends. But one of them Eleanor disappears apparently into thin air. It's mid summer a time of light nights and unexpected mists. And then Eleanor's body is discovered lying in a small loch close to the cliff edge. Detectives Jimmy Perez and Willow Reeves are dispatched to investigate. Before she went missing Eleanor claimed to have seen the ghost of a local child who drowned in the 1920s. Her interest in the ghost had seemed unhealthy obsessive even to her friends an indication of a troubled mind. But Jimmy and Willow are convinced that there is more to Eleanor's death than they first thought. Is there a secret that lies behind the myth. One so shocking that someone would kill many years later to protect Ann Cleeves striking new novel is a quintessential whodunit with surprises at every turn.
