Spirit Guide Contact Through Hypnosis Bruce Goldberg, 2025-09-12 Contacting spirit guides is as old as civilization itself Shamans dating back to at least 50 000 B C ritualistically contacted nonphysical entities The Mystery Schools of Ancient Egypt Greece Persia Rome and India also dealt with contacting spirit guides Every major religion acknowledges the reality of discarnate entities or spirits whether they are called saints angels the Holy Spirit and so on One of the purposes of this book is to demystify this process The media's depiction of spirit contact has led to the false assumption that anyone who establishes this contact must be in great danger In reality this communication is natural relatively simple and a wonderful growth experience Spirit communication removes the fear of death and bereavement and

results in a form of spiritual empowerment Contacting your spirit guides can help us Develop your intuition and other psychic abilities Increase your ability to love yourself and others Become more aware of the workings of the universe Establish better contact with your own Masters and Guides and Higher Self to facilitate your own spiritual evolution Protect you from negative entities and or other forces in the universe Access the wisdom of the ancients Establish and maintain your own physical mental emotional and spiritual health Overcome bad habits and fears Eliminate the fear of death See into the future Master the art of out of body experiences Learn your true karmic purpose Spirit Guide Contact Through Hypnosis includes free audio companion downloads

THE USE OF HYPNOSIS IN SURGERY AND ANESTHESIOLOGY Lillian E. Fredricks,2001-01-01 The use of hypnosis in surgery and anesthesia does not seem to have any influence on operative mortality However hypnosis and hypnotic techniques teach patients a way to alter their body s reaction to the insult of surgery and all the poisons used to create unconsciousness The use of hypnosis alters the psychological state of the patient which in turn influences the psychological reaction to the insult This book describes in detail how to teach patients in just a few minutes what they can do to accomplish this It also provides the vast amount of research that has been done to document these physiological changes that seem to be the result of the use of hypnosis The author and her contributors have made it their goal to alleviate prevent and control both pain and suffering They use hypnosis as an integral part of this effort and describe how it enhances all aspects of pain control There are chapters on hypnosis as the sole anesthetic as an adjunct to chemical anesthesia and in conjunction with regional anesthesia Additional topics include hypnosis in the intensive care unit and in the emergency room and hypnosis in obstetrics gynecology and pediatric surgery The book concludes with several case studies from physician patients This excellent resource is intended to stimulate physicians to explore the vast capabilities of the human mind when it is working together with the body and with the help of unconsciousness to accept hypnotic suggestion

Therapeutic Hypnosis with Children and Adolescents

Laurence L Sugarman, William Wester II, 2014-02-02 In this completely revised updated and expanded volume the editors have brought together some of the field's most outstanding contributors to examine the wide ranging applications and promise of the use of hypnosis with children The book develops core principles of clinical hypnosis with children and adolescents and each contributor delineates how they apply these precepts in a range of psychological and medical settings The result is a constellation of perspectives and clinical applications that move the reader beyond literature review to practical advice **Behavioral Medicine** Mitchell D.
