## **This Is My Home The Challenges And Opportunities Of Manufactured Housing:**

**This is My Home** Adam Rust,2007 Housing of choice or housing of last resort Manufactured housing is both And millions of Americans call it home Through photos and interviews with residents in land lease communities This Is My Home shares the stories of people who live in manufactured housing This book acknowledges that problems confront the manufactured housing industry It suggests that hope lies in the examples set by the work of innovative nonprofits across the country It will leave a reader with a new sense of how manufactured housing can be an asset in combating our nation s affordable housing crisis Singlewide Sonya Salamon,Katherine MacTavish,2017-10-15 In Singlewide Sonya Salamon and Katherine MacTavish explore the role of the trailer park as a source of affordable housing America s trailer parks most in rural places shelter an estimated 12 million people and the authors show how these parks serve as a private solution to a pressing public need Singlewide considers the circumstances of families with school age children in trailer parks serving whites in Illinois Hispanics in New Mexico and African Americans in North Carolina By looking carefully at the daily lives of families who live side by side in rows of manufactured homes Salamon and MacTavish draw conclusions about the importance of housing community and location in the families dreams of opportunities and success as signified by eventually owning land and a conventional home Working poor rural families who engage with what Salamon and MacTavish call the mobile home industrial complex may become caught in an expensive trap starting with their purchase of a mobile home A family that must site its trailer in a land lease trailer park struggles to realize any of the anticipated benefits of homeownership Seeking to break down stereotypes Salamon and MacTavish reveal the important place that trailer parks hold within the United States national experience In so doing they attempt to integrate and normalize a way of life that many see as outside the mainstream suggesting that families who live in trailer parks rather than being trailer trash culturally resemble the parks neighbors who live in conventional homes *Manufactured Housing* ,1993 **The North Carolina Historical Review** ,2009 **Transforming the Federal Housing Administration for the 21st Century** United States. Congress,2001 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **The New Geographies of Energy** Karl Zimmerer,2013-09-13 The New Geographies of Energy Assessment and Analysis of Critical Landscapes is a pioneering collection of new geographic scholarship It examines such vitally important research topics as energy dilemmas of the United

States large trends and patterns of energy consumption including China's role, peak oil, energy poverty, and ethanol and other renewable energy sourcing. The book offers advances in key emerging areas of energy research, each distinguished in the following sections: i) geographic approaches to energy modeling and assessment; ii) fossil fuel landscapes; iii) the landscapes of renewable energy; iv) landscapes of energy consumption; and v) an overview of the new geographies of energy. Karl Zimmerer, *Annals of the Association of American Geographers* Nature Society and Energy issue editor, and an essay on America's oil dependency by Vaclav Smil, renowned energy geographer. In addition, there is a specially commissioned book review. This book was published as a special issue of the *Annals of the Association of American Geographers*. *Manufactured Housing* United States. Congress. House. Committee on Banking, Finance, and Urban Affairs. Subcommittee on Housing and Community Development, 1993. [The Routledge Handbook of Second Home Tourism and Mobilities](#) C. Michael Hall, Dieter Müller, 2018-04-17. Second homes have become an increasingly important component of both tourism and housing studies. They can directly and indirectly contribute a significant number of domestic and international visitors to destinations and may be part of longer term retirement lifestyle and amenity migration that can have significant economic and social effects on communities and destination development. This volume offers an overview of different disciplinary and methodological approaches to second homes while simultaneously providing a broad geographical reach. Divided into four parts exploring governance, development, community, and mobile second homes, the book provides a contemporary account of the major issues in an area of growing international interest. This timely handbook covers a wide range of dimensions from planning to the role of second homes in development and the management of their impact. The international and cross-disciplinary nature of the contributions will be of interest to numerous academic fields in the social sciences as well as urban and regional planners. *Manufactured Housing* DIANE Publishing Company, 1994-07. An introduction to research, descriptive information on one of today's most promising, least understood, affordable housing options: mobile homes. Contains brief discussions of approximately 40 books, technical reports, journal articles, transcripts, handbooks, other documents that taken together comprise a basic road map to significant areas, landmarks, pathways in research on manufactured housing. A landmark volume about the importance of housing in social life. In 1947 the president of the American Sociological Association argued for the importance of housing as a field of sociological research. Yet seventy-five years later the sociology of housing has not developed as a distinct field, leaving efforts to understand housing's place in

society to other disciplines such as economics and urban planning This volume intends to change that solidifying the place of housing studies as a distinct subfield within the discipline of sociology showing that housing is both an important element of sociology and a significant component of social life that deserves dedicated attention as a distinct area of research To do so the book takes stock of the current field of scholarship and provides new directions for study The contributors showcase the very best traditions of sociology they draw on diverse methodological approaches present unique field sites and data sources and foreground sociological theory to understand contemporary housing issues The Sociology of Housing will be a landmark volume used by researchers and students alike as an introduction to this crucial field and a map of its future potential
