

This is Our Youth
By Kenneth Lonergan

Warren:

I don't really get what you're upset about. I thought we had a really good time together and I was actually in a fairly Up state of mind for once.

Well, I didn't mean that in any kind of lascivious way, so I don't know why you want to take it like that. I really like you.

I'm sorry I said anything to Dennis. I definitely caved in to the peer pressure. But I also definitely said as little as possible and was totally respectful of you in the way I talked about you. Even though I was pretty excited about what happened last night, and also about like, maybe like, the prospect of like, I don't know, like going out with you — Which I would be very into, if you were. But if you want to think the whole meant nothing to me, then go ahead because that's not the case.

It's totally weird, like, taking all your clothes off and having sex with someone you barely know, and then being like "What's up now?" You know? Like it's such an intense experience but then nobody knows what to fuckin' say, even though nothing really bad actually happened. You know?

I really like you... I don't really agree with most of your opinions...but I don't meet a lot of people who can actually make me think, you know? And who can hold their own in an interesting discussion. And who I'm totally hot for at the same time. You know?

It's a fairly effective combination.

Donald Trump those against Russian President Vladimir Putin and other political leaders in France Great Britain etc As today's news shows that the increasingly popular and effective mechanism for defamation is via electronic media resources such as Twitter Facebook etc through which hearty attacks on individuals are commonly conducted transnationally It is worth noting that though the instruments of character assassination may differ as time passes some tropes have existed for many generations Today there is an entire industry built around finding humor in attacks or the multitude of video materials that have the purpose of attacking and destroying the reputation of political leaders in the international arena Importantly this book thoroughly reviews common character assassination tactics and strategies which can be applied in a variety of contexts outside of international politics By understanding the genesis of character attacks and how the target of an attack should best react in defending themselves the reader will be able to apply these lessons to a wide variety of settings outside of politics expanding to the realms of business academia or in day to day life This is the first in depth research book ever written on character assassination with a focused study of cases in international politics **Faith Forward** David M.

All I Said Was #*%\$ Stan Kiste, 2022-02-24 After thirty plus years of youth ministry it would be easy to imagine that you've seen it all and that there is nothing left to learn The truth is however that if we just pay attention God loves to surprise us with unexpected moments of joy and humor that serve as opportunities to learn new lessons remind us of those we may have forgotten and most importantly remember why we got into ministry in the first place These experiences can also serve as comforting reminders that we're not in charge Knowing that the success of our ministry does not depend on us should be a relief and remembering that God uses broken and flawed people like us to build his kingdom should be an inspiration This little book of ministry mishaps miscalculations and marvels is a reminder that delight and wonder abound when we are faithful and obedient to God's calling
