Thomas Paine Apostle Of Freedom:

Thomas Paine Jack Fruchtman, Jr.,1996-06-05 The leading Thomas Paine expert in the U S presents both a biography of the controversial Founding Father and an analysis of his works Known as the Voice of the Revolution Paine was a truly original thinker a man whose magnificent freedom loving spirit is richly captured in this major biography *Thomas Paine*,1880 **Thomas Paine (ELL).**,2009 [The Political Philosophy of Thomas Paine](#) Jack Fruchtman,2009-09-01 A study of the work philosophy and life of the influential eighteenth century American writer This concise thoughtful introduction to the work of Thomas Paine author of Common Sense and Rights of Man explores the impact of one of the most influential minds of the American and French Revolutions and the sources from which his thinking evolved In Jack Fruchtman Jr s helpful interpretation Paine built his argument for radical revolution in 1776 on a study of nature and Providence and a belief in natural rights Men and women owed it to themselves to break the chains of rank hierarchy and even organized religion in order to live freely embracing the possibilities of invention progress and equality that lay ahead In 1793 at the height of the French Revolution and its secularizing fury Paine reminded readers that it was nature s God who created natural rights The rights of man thus held out both the great potential of freedom and the requirement that human beings be responsible for those who were the least fortunate in society On balance we may think of Paine as a secular preacher for the rule of reason A compelling portrait of Thomas Paine as a serious complex and often surprising writer This is a very useful volume for new students of U S political thought as well as for scholars seeking a quick but illuminating overview of Paine s writings and philosophy Choice A great way for the newcomer to appreciate the range diversity and raw power and brilliance of Paine s ideas Claremont Review of Books Fruchtman s concise analysis is tightly focused A coherent vision of Paine s work encompassing his many contradictions Times Literary Supplement UK *Apostles of Revolution* John Ferling,2018-05-15 From acclaimed historian John Ferling the story of how Thomas Jefferson Thomas Paine and James Monroe championed the most radical ideas of the American and French Revolutions Thomas Jefferson Thomas Paine and James Monroe were in the vanguard of revolutionary ideas in the 18th century As founding fathers they risked their lives for American independence but they also wanted more Each wished for profound changes in the political and social fabric of pre 1776 America and hoped that the American Revolution would spark republican and egalitarian revolutions throughout Europe sweeping away the old monarchical order Ultimately each rejoiced at the opportunity to be a part of the French Revolution a cause that became untenable as idealism gave way to the bloody Terror *Apostles of Revolution* spans a crucial period in Western Civilization ranging from the American insurgency against Great Britain to the Declaration of Independence from desperate engagements on American battlefields to the threat posed to the ideals of the Revolution by the Federalist Party With the French Revolution devolving into anarchy in the background the era culminates with the Revolution of 1800 Jefferson s election as president Written as a sweeping narrative of a pivotal epoch *Apostles of Revolution* captures the turbulent spirit

of the times and the personal dangers experienced by Jefferson Paine and Monroe It reminds us that the liberty we take for granted is ours only because we both champions and common citizens have fought for it Thomas Paine and America, 1776-1809 Vol 1 Kenneth W Burchell, 2020-04-30 From his migration to America in 1774 to his death in New York City in 1809 Thomas Paine's ideology was at the centre of American political and social debate This six volume facsimile edition brings together rare texts from books periodicals and newspaper contributions to unearth the contemporary American response to Thomas Paine *Common Sense, The Rights of Man and Other Essential Writings of Thomas Paine* Thomas Paine, 2003-07-01 A volume of Thomas Paine's most essential works showcasing one of American history's most eloquent proponents of democracy Upon publication Thomas Paine's modest pamphlet *Common Sense* shocked and spurred the founding American colonies of 1776 to action It demanded freedom from Britain when even the most fervent patriots were only advocating tax reform Paine's daring prose paved the way for the Declaration of Independence and consequently the Revolutionary War For without the pen of Paine as John Adams said the sword of Washington would have been wielded in vain Later his impassioned defense of the French Revolution *Rights of Man* caused a worldwide sensation Napoleon for one claimed to have slept with a copy under his pillow recommending that a statue of gold should be erected to Paine in every city in the universe Here in one volume these two complete works are joined with selections from Paine's other major essays *The Crisis* *The Age of Reason* and *Agrarian Justice* Includes a Foreword by Jack Fruchtman Jr and an Introduction by Sidney Hook **Thomas Paine** Bruce Kuklick, 2018-05-08 Thomas Paine is a unique political thinker who has continued to attract scholarly and popular attention from the time he wrote about both the American and French Revolutions at the end of the eighteenth century This collection brings together the most recent essays debating the meaning and relevance of Paine's works It includes an historiographical survey of scholarship about Paine and articles by the leading authorities in the field The essays survey his life analyze his ideas place them in their social and intellectual context and appraise their significance today **The Legacy of Thomas Paine in the Transatlantic World** Sam Edwards, Marcus Morris, 2017-11-22 As early as 1892 Moncure Conway the author of the first scholarly Paine biography noted that whilst Paine's life up to 1809 was certainly fascinating his subsequent life that is his afterlife was even more thrilling Vilified by Theodore Roosevelt as a filthy little atheist yet employed by Ronald Reagan in his campaign to make America great again Paine's words and ideas have been both celebrated and dismissed by generations of politicians and presidents An Englishman by birth an American by adoption and a Frenchman by decree Paine has been invoked and appropriated by groups and individuals across the transatlantic political spectrum This was particularly apparent following the bicentennial of Paine's death in 2009 an event that prompted new scholarship examining troublesome Tom's ideas and ideals whilst in Thetford Lewes and New Rochelle his three transatlantic homes he was feted and commemorated Yet despite all this interest the precise forms and function of Paine's post mortem presence have still not received the attention they deserve With essays authored by experts on both

sides of the Atlantic and beyond this book examines the transatlantic afterlife of Thomas Paine offering new insights into the ways in which he has been used and abused remembered and represented in the two hundred years since his death

A Political Biography of Thomas Paine W A Speck, 2015-10-06 Speck's biography examines Paine's work afresh in light of new thinking about the role of religion in the formation of his political ideology and also places Paine within the recently developed context of Atlantic History

Selected Writings of Thomas Paine Thomas Paine, 2014-11-25 A central figure in Western history and American political thought Thomas Paine continues to provoke debate among politicians activists and scholars People of all ideological stripes are inspired by his trenchant defense of the rights and good sense of ordinary individuals and his penetrating critiques of arbitrary power This volume contains Paine's explosive Common Sense in its entirety including the oft ignored Appendix as well as selections from his other major writings The American Crisis Rights of Man and The Age of Reason It also contains several of Paine's shorter essays All the documents have been transcribed directly from the originals making this edition the most reliable one available Essays by Ian Shapiro Jonathan Clark Jane Calvert and Eileen Hunt Botting bring Paine into sharp focus illuminating his place in the tumultuous decades surrounding the American and French Revolutions and his larger historical legacy

My Pen and My Soul Have Ever Gone Together Vikki Vickers, 2008-05-05 It is the study of how Thomas Paine's religious beliefs shaped his political ideology and influenced his political activism

Tom Paine John Keane, 2007-12-01 It is hard to imagine this magnificent biography ever being superseded It is a stylish splendidly erudite work Terry Eagleton The Guardian More than any other public figure of the eighteenth century Tom Paine strikes our times like a trumpet blast from a distant world So begins John Keane's magnificent and award winning the Fraunces Tavern Book Award biography of one of democracy's greatest champions Among friends and enemies alike Paine earned a reputation as a notorious pamphleteer one of the greatest political figures of his day and the author of three bestselling books Common Sense Rights of Man and The Age of Reason Setting his compelling narrative against a vivid social backdrop of prerevolutionary America and the French Revolution John Keane melds together the public and the shadowy private sides of Paine's life in a remarkable piece of scholarship This is the definitive biography of a man whose life and work profoundly shaped the modern age A richly detailed disciplined labor of scholarship and love an exemplar of the rewards of a gargantuan effort at historical research In short buy it it's definitive Library Journal

Thomas Paine and the Idea of Human Rights Robert Lamb, 2015-05-28 Thomas Paine is a legendary Anglo American political icon a passionate plain speaking relentlessly controversial revolutionary campaigner whose writings captured the zeitgeist of the two most significant political events of the eighteenth century the American and French Revolutions Though widely acknowledged by historians as one of the most important and influential pamphleteers rhetoricians polemicists and political actors of his age the philosophical content of his writing has nevertheless been almost entirely ignored This book takes Paine's political philosophy seriously It explores his views concerning a number of perennial issues in modern political

thought including the grounds for and limits to political obligation the nature of representative democracy the justification for private property ownership international relations and the relationship between secular liberalism and religion It shows that Paine offers a historically and philosophically distinct account of liberalism and a theory of human rights that is a progenitor of our own

The London Corresponding Society, 1792-1799 Vol 1 Michael T Davis, James Epstein, Jack Fruchtman Jr, Mary Thale, 2021-04-14 This six volume set reproduces the complete writings of the London Corresponding Society LCS as well as other contemporary literature and parliamentary debates and reports relating to the Society The LCS was at the forefront of the call for political reform in the late 18th century Volume 1 spans 1792 to 1794

Dictionary of Early American Philosophers John R. Shook, 2012-04-05 The Dictionary of Early American Philosophers which contains over 400 entries by nearly 300 authors provides an account of philosophical thought in the United States and Canada between 1600 and 1860 The label of philosopher has been broadly applied in this Dictionary to intellectuals who have made philosophical contributions regardless of academic career or professional title Most figures were not academic philosophers as few such positions existed then but they did work on philosophical issues and explored philosophical questions involved in such fields as pedagogy rhetoric the arts history politics economics sociology psychology medicine anthropology religion metaphysics and the natural sciences Each entry begins with biographical and career information and continues with a discussion of the subject's writings teaching and thought A cross referencing system refers the reader to other entries The concluding bibliography lists significant publications by the subject posthumous editions and collected works and further reading about the subject

Thomas Paine Harvey J. Kaye, 2000-04-06 Thomas Paine 1737 1809 was one of the most fascinating figures of the late 18th century His public antagonist and personal friend John Adams believed that their times would come to be known as the Age of Paine He came to America in middle age and became a radical democratic pamphleteer effectively turning colonial rebellion into a national liberation movement He later returned to Europe where he played a prominent role in both the French Revolution and the cause of English radicalism Paine is best remembered for his books the controversial *The Rights of Man* and his book on the American Revolution *Common Sense* Harvey J Kaye well known for his studies on Paine and his period traces the English revolutionary's life and details his political writings in accessible highly readable narrative that also covers important events of early American history

Oxford Portraits is a new series of biographies for young adults Written by prominent writers and historians each of these titles is designed to supplement the core texts of the middle and high school curriculum with intriguing thoroughly informative and insightful accounts of the lives and work of the notable men and women who helped shape history Each book is illustrated with numerous graphics photographs and documents A unique feature is the inclusion of sidebars containing primary source material mostly excerpts from the subject's writings A chronology further reading list and index rounds out every volume

Our Lives, Our Fortunes and Our Sacred Honor Richard R. Beeman, 2013-05-07 In 1768 Philadelphia physician Benjamin

Rush stood before the empty throne of King George III overcome with emotion as he gazed at the symbol of America's connection with England. Eight years later he became one of the fifty-six men to sign the Declaration of Independence, severing America forever from its mother country. Rush was not alone in his radical decision; many of those casting their votes in favor of independence did so with a combination of fear, reluctance, and even sadness. In *Our Lives, Our Fortunes, and Our Sacred Honor*, acclaimed historian Richard R. Beeman examines the grueling twenty-two month period between the meeting of the Continental Congress on September 5, 1774, and the audacious decision for independence in July of 1776. As late as 1774, American independence was hardly inevitable; indeed, most Americans found it neither desirable nor likely. When delegates from the thirteen colonies gathered in September, they were, in the words of John Adams, a gathering of strangers. Yet over the next two years, military, political, and diplomatic events catalyzed a change of unprecedented magnitude: the colonists' rejection of their British identities in favor of American ones. In arresting detail, Beeman brings to life a cast of characters including the relentless and passionate John Adams, Adams' much misunderstood foil John Dickinson, the fiery political activist Samuel Adams, and the relative political neophyte Thomas Jefferson, and with profound insight reveals their path from subjects of England to citizens of a new nation. A vibrant narrative, *Our Lives, Our Fortunes, and Our Sacred Honor* tells the remarkable story of how the delegates to the Continental Congress, through courage and compromise, came to dedicate themselves to the forging of American independence.

New Directions in Thomas Paine Studies S. Cleary, I. Stabell, 2016-04-08. Named moral father of the Internet by Wired Magazine and quoted by President Barack Obama in his historic first inaugural address, Thomas Paine is an American revolutionary figure who continues to intrigue and infuriate. *New Directions in Thomas Paine Studies* offers an interdisciplinary perspective on Paine's distinctive influence on a number of eighteenth-century discourses, from politics and literature to human rights and religion. This volume aims to expand the field of study on one of the most important figures not simply in the American but the global revolutionary period of the late eighteenth century. Drawing on an international group of scholars who hope to deconstruct the nationalistic boundaries that have hampered Paine studies for decades, the essays offer not only new interpretations of Paine's major works but new methodologies that reflect the enduring presence of Paine in American cultural discourse.

Common Sense Thomas Paine, 2004-03-16. When *Common Sense* was published in January 1776, it sold, by some estimates, a stunning 150,000 copies in the colonies. What exactly made this pamphlet so appealing? This is a question not only about the state of mind of Paine's audience but also about the role of public opinion and debate, the function of the press, and the shape of political culture in the colonies. This Broadview edition of Paine's famous pamphlet attempts to reconstruct the context in which it appeared and to recapture the energy and passion of the dispute over the political future of the British colonies in North America. Included along with the text of *Common Sense* are some of the contemporary arguments for and against the Revolution by John Dickinson, John Adams, and Thomas Jefferson, materials from the debate that followed the pamphlet's publication, showing the

difficulty of the choices facing the colonists the Declaration of Independence and the Pennsylvania Constitution of 1776
