A Thematic Access-Oriented Bibliography of Jesus's Resurrection Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources

that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease

The Monotheizing Process James A. Sanders,2014-08-15 Judaism Christianity and Islam claim to be monotheistic but none of them actually is none of the three has yet arrived at the true monotheism the Bible and the Qur'an mandate that is belief in there being but One God of All Each often claims its concept of God is the One God despite the fact that the Bible and the Qur'an insist that the true God is indefinable and incomprehensible Many passages of the Bible are polytheistic and yet the Judaism that emerged out of the exile claimed to believe in One God Critically moving from the older passages through to the later careful readers are able to trace a process that is best called monotheizing In effect the first commandment of the Decalogue the first of Jesus's two great commandments and the Qur'an's clear mandate fashion an imperative to continue the monotheizing process that is not yet complete but that enjoins adherents of each to live life in the belief that there is but One God of All

Religious Soft Diplomacy and the United Nations Sherrie M. Steiner,James T. Christie,2021-04-21 The engagement of religious diplomacy within the United Nations systems has become

increasingly important for achieving the Sustainable Development Goals The editors argue that effective religious diplomacy must reflect the great diversity of religious and spiritual expressions within human communities The editors argue that this can best be achieved through a worldview shift within the United Nations systems Religious engagement in the United Nations systems has been understandably constrained by limited and formal organizational structures and conventions However the existing patterns of engagement mitigate against the very goals they seek to achieve The editors argue that expanded yet measured religious inclusion will strengthen social cohesion in the global community Contributors demonstrate how communities become stronger when marginalized minority voices are included in public discourse The editors further argue that governance has a responsibility to ensure a safe environment for this interaction The editors propose that the United Nations adopt the posture of loyal opposition that is inherent in parliamentary democracies to serve as a guideline for expanded religious engagement The contributors advance this proposal with illustrations from multiple contexts that address a diverse array of social problems from perspectives rooted in theory and practice

The Resurrection of History David Bruce, 2014-09-08 Did Jesus really rise from the dead And does it really matter In *The Resurrection of History* David Bruce explores what historians theologians and New Testament scholars have said about the resurrection of Jesus from a historical point of view Bruce argues that scholars don't have to dismiss the scriptural witness that he is risen as metaphor or wishful thinking Bruce examines the development of the art of history writing and explores the theological possibilities now open to scholars in the twenty first century Using contemporary examples Bruce helps his readers come to grips with the interrelationship of history and theology and think like theologically informed historians Respectful of varying points of view Bruce defends the traditional orthodox view of the resurrection and challenges his readers to consider the implications for Christian faith and witness if in fact the resurrection of Jesus was historical

Christmas and the Qur'an Karl-Josef Kuschel, 2018-01-15 The familiar and heartwarming story of Christmas is one of hope encapsulated by the birth of the infant Jesus It is also a story that unites Christianity and Islam two faiths that have often been at odds with each other The accounts of the Nativity given by the Evangelists Luke and Matthew find their parallels in Surahs 3 and 19 of the Qur'an which take up the Annunciation to Mary the Incarnation from the Holy Spirit and the Nativity Christmas and the Qur'an is a sensitive and precise analysis of the Christmas story as it appears in the Gospels and the Qur'an Karl Josef Kuschel presents both scriptures in a convincing comparative exegesis and reveals startling similarities as well as significant differences Kuschel explores how Christians and Muslims read these texts and reveals an intertwining legacy that serves as a base for greater understanding Without leaving the realm of theology Kuschel approaches his analysis in a theocentric way by emphasizing the shared belief that God is almighty which he argues can act as a healing suture between Christianity and Islam Christmas and the Qur'an gives the reader the chance to remember the message of hope that the birth

of Jesus brings and invites to a dialogue between Muslims and Christians
