Three Kingdoms A Historical Novel Part 2 V 2:

Sun Yatsen, Robert Wilcox and Their Failed Revolutions, Honolulu and Canton 1895 Patrick

Anderson, 2021-06-27 *Dynamite on the Tropic of Cancer* is the radical explosive retelling of the first decade of the Father of Modern China Dr Sun Yatsen's globally shaped formation as a professional revolutionist and of the impact of the adult Sun's revolutionary relationship with Hawai'i and with his varied communities of supporters there during its own most turbulent political decade the 1890s years in which this remote island nation transformed from native monarchy via sovereign independent republic to become the USA's first overseas territory Drawn from neglected primary sources *Dynamite* reveals the hitherto untold story of the secret revolutionary alliance forged in Honolulu's backstreets between Sun's Xingzhonghui and the idiosyncratic Italophile soldier Robert Wilcox Hawai'i's Garibaldi and leader of the Kanaka Native Hawaiian counterrevolution of January 1895 This failed uprising to restore Hawai'i's tragic last Queen witnessed firsthand by Sun Yatsen became the archetype upon which ten months later Sun would base his own first attempt at armed insurrection in China the Canton uprising of 26 October 1895 With an epic sweep across the Pacific's Tropic of Cancer *Dynamite* is the most important study yet written on the origins of Sun Yatsen's Chinese Revolution and its dynamic interface with Hawaiian history

Three Kingdoms and Chinese Culture Kimberly Besio, Constantine Tung, 2012-02-01 This is the first book length treatment in English of *Three Kingdoms* *Sanguo yanyi* often regarded as China's first great classical novel Set in the historical period of the disunion 220-280 AD *Three Kingdoms* fuses history and popular tradition to create a sweeping epic of heroism and political ambition The essays in this volume explore the multifarious connections between *Three Kingdoms* and Chinese culture from a variety of disciplines including history literature philosophy art history theater cultural studies and communications demonstrating the diversity of backgrounds against which this novel can be studied Some of the most memorable episodes and figures in Chinese literature appear within its pages and *Three Kingdoms* has had a profound influence on personal social and political behavior even language usage in the daily life of people in China today The novel has inspired countless works of theater and art and more recently has been the source for movies and a television series Long popular in other countries of East Asia such as Japan Korea and Vietnam *Three Kingdoms* has also been introduced to younger generations around the globe through a series of extremely popular computer games This study helps create a better understanding of the work's unique place in Chinese culture

Revolutions Donald Sassoon, 2025-11-18 *Revolutions* is a sparkling account of political upheaval and the power of history We think of revolutions in terms of fleeting events such as the Fall of the Bastille or the Storming of the Winter Palace In reality they take decades to burn out if they ever do One of our great historians Donald Sassoon takes the long view of some of the most celebrated upheavals the English Civil War which killed a king the American War of Independence which ejected the British but allowed slavery to persist the French Revolution which produced the Rights of Man and years of instability the national revolutions that unified Italy and Germany

and the Russian and Chinese revolutions which transformed the twentieth century Revolutions adroitly compares these historical juggernauts to the many rebellions coups and tumults that time forgot It is a history rich in irony and surprises Yankee Doodle Dandy was first sung by English troopers to make fun of dishevelled American colonials The Long March of retreating Chinese Communists assumed a mythical dimension on a par with Washington crossing the Delaware As Sassoon shows in this tour de force account revolutions usually catch revolutionaries themselves by surprise and the consequences are difficult to fathom Revolutions will change how you think about the transformative moments in history both big and small Unique and encyclopaedic a monument to streetwise and cosmopolitan scholarship Guardian for The Culture of the Europeans Sometimes playful sometimes caustic but always to the point The doyen of comparative historians Ferdinand Mount Times Literary Supplement for The Anxious Triumph
