Trickle Down Theory And Tax Cuts For The Rich:

"Trickle Down Theory" and "Tax Cuts for the Rich" Thomas Sowell, 2013-09-01 This essay unscrambles gross misconceptions that have made rational debates about tax policies virtually impossible for decades The Myth That Made Us Jeff Fuhrer, 2023-09-12 How our false narratives about post racism and meritocracy have been used to condone egregious economic outcomes and what we can do to fix the system 2024 Axiom Business Book Awards Silver Medal in Economics The Myth That Made Us exposes how false narratives of a supposedly post racist nation of the self made man of the primacy of profit and shareholder value maximizing for businesses and of minimal government interference have been used to excuse gross inequities and to shape and sustain the US economic system that delivers them Jeff Fuhrer argues that systemic racism continues to produce vastly disparate outcomes and that our brand of capitalism favors doing little to reduce disparities Evidence from other developed capitalist economies shows it doesn't have to be that way We broke this mean spirited economy We can fix it Rather than merely laying blame at the feet of both conservatives and liberals for aiding and abetting an unjust system Fuhrer charts a way forward He supplements evidence from data with insights from community voices and outlines a system that provides more equal opportunity to accumulate both human and financial capital His key areas of focus include universal access to high quality early childhood education more effective use of our community college system as a pathway to stable employment restructuring key aspects of the low wage workplace providing affordable housing and transit links supporting people of color by serving as mentors coaches and allies and implementing Baby Bonds and Reparations programs to address the accumulated loss of wealth among Black people due to the legacy of enslavement and institutional discrimination Fuhrer emphasizes embracing humility research based approaches and community involvement as ways to improve economic opportunity
