Helen Euripides, 1956 **Slavery and Sexuality in Classical Antiquity** Deborah Kamen, C. W. Marshall, 2021-06-29 Slavery and sexuality in the ancient world are well researched on their own yet rarely have they been examined together Chapters address a wealth of art literature and drama to explore a wide range of issues including gendered power dynamics sexual violence in slave revolts same sex relations between free and enslaved people and the agency of assault victims [A Guide to Scenes of Daily Life on Athenian Vases](#) John H. Oakley, John Oakley, 2020-08-18 Painted vases are the richest and most complex images that remain from ancient Greece Over the past decades a great deal has been written on ancient art that portrays myths and rituals Less has been written on scenes of daily life and what has been written has been tucked away in hard to find books and journals *A Guide to Scenes of Daily Life on Athenian Vases* synthesizes this material and expands it it is the first comprehensive volume to present visual representations of everything from pets and children's games to drunken revelry and funerary rituals John H Oakley's clear accessible writing provides sound information with just the right amount of detail Specialists of Greek art will welcome this book for its text and illustrations This guide is an essential and much needed reference for scholars and an ideal sourcebook for classics and art history *Athens, Etruria, and the Many Lives of Greek Figured Pottery* Sheramy D. Bundrick, 2019-02-26 A lucrative trade in Athenian pottery flourished from the early sixth until the late fifth century B C E finding an eager market in Etruria Most studies of these painted vases focus on the artistry and worldview of the Greeks who made them but Sheramy D Bundrick shifts attention to their Etruscan customers ancient trade networks and archaeological contexts Thousands of Greek painted vases have emerged from excavations of tombs sanctuaries and settlements throughout Etruria from southern coastal centers to northern communities in the Po Valley Using documented archaeological assemblages especially from tombs in southern Etruria Bundrick challenges the widely held assumption that Etruscans were hellenized through Greek imports She marshals evidence to show that Etruscan consumers purposefully selected figured pottery that harmonized with their own local needs and customs so much so that the vases are better described as etruscanized Athenian ceramic workers she contends learned from traders which shapes and imagery sold best to the Etruscans and employed a variety of strategies to maximize artistry output and profit **The Complete Greek Tragedies: Euripides: Alcestis. The Medea. The Heracleidae. Hippolytus. Cyclops. Heracles. Iphigenia in Tauris. Helen. Hecuba. Andromache. The Trojan women** David Grene, Richmond Lattimore, 1956 *Ion* Euripides, 1958 *Reset in Stone* Sarah A. Rous, 2019-11-12 Ancient Athenians were known to reuse stone artifacts architectural blocks and public statuary in the creation of new buildings and monuments However these

construction decisions went beyond mere pragmatics they were often a visible mechanism for shaping communal memory especially in periods of profound and challenging social or political transformation Sarah Rous develops the concept of upcycling to refer to this meaningful reclamation the intentionality of reemploying each particular object for its specific new context The upcycling approach drives innovative reinterpretations of diverse cases including column drums built into fortification walls recut inscriptions monument renovations and the wholesale relocation of buildings Using archaeological literary and epigraphic evidence from more than eight centuries of Athenian history Rous's investigation connects seemingly disparate instances of the reuse of building materials She focuses on agency offering an alternative to the traditional discourse on spolia *Reset in Stone* illuminates a vital practice through which Athenians shaped social memory in the physical realm literally building their past into their city **The Troubling Play of Gender** Maria-Francesca Stadter Fox, 1996

Trojan Women Euripides, 2021-04-15 *Trojan Women* tells the story of the survivors of the Trojan War the women and children taken into slavery by the victorious Greek army Through the tragedy's central character the matriarch Hecuba this late play 415 BCE demonstrates Euripides' commitment to speaking on behalf of the less powerful and offers a scathing critique of Athenian behavior as the city fought its own disastrous war with its southern neighbor Sparta *Trojan Women* features well known characters from Greek mythology including the prophetess Cassandra the gods Athena and Poseidon and most notably the infamous Helen the cause of the war who must defend herself to the husband she abandoned This new translation features a text committed to accuracy and clarity one developed in collaboration with actors for clear reading and performance Appendices provide other important literary treatment of the women in the play from Homer to Shakespeare

The Trojan Women Euripides, 1905 **Euripides: Alcestis. The Medea. The Heracleidae. Hippolytus. The Cyclops. Heracles. Iphigenia in Tauris. Helen. Hecuba. Andromache. The Trojan women** Euripides, 1959 **The Trojan women of Euripides** Euripides, 2022-09-15 In *The Trojan Women* of Euripides the ancient Greek playwright Euripides presents a profound and haunting portrayal of the aftermath of the Trojan War The play explores the suffering of women who have lost everything in the war and are now at the mercy of their conquering Greek captors Through powerful dialogue and intense emotional moments Euripides invites readers to reflect on the consequences of war and the plight of those who are left behind The literary style of the play is characterized by its lyricism vivid imagery and deep psychological insight making it a timeless classic in Greek tragedy This play is a testament to Euripides' skill in crafting compelling narratives that resonate with audiences across centuries *The Trojan Women* of Euripides is a thought provoking and poignant work that continues to be relevant in its exploration of the human cost of conflict and the enduring strength of the female spirit **Trojan Women** Lucius Annaeus Seneca, 1986 The play explores the folly of war focussing on the trials of the royal family of the fallen city of Troy Hecuba Andromache and their children as they mourn their past and current sufferings and the continued assault of the Greeks on the survivors as they look to sacrifice two of the royal progeny Polyxena and Astyanax
