V Animal Names:

The Animal Names of the Arab Ancestors William C. Young, 2024-04-22 In the Arab world people belong to kinship groups lineages and tribes Many lineages are named after animals birds and plants Why This survey evaluates five old explanations totemism emulation of predatory animals ancestor eponymy nicknaming and Bedouin proximity to nature It suggests a new hypothesis Bedouin tribes use animal names to obscure their internal cleavages Such tribes wax and wane as they attract and lose allies and clients they include attached elements as well as actual kin To prevent outsiders from spotting attached groups Bedouin tribes scatter non human names across their segments making it difficult to link any segment with a human ancestor Young's argument contributes to theories of tribal organization Arab identity onomastics and Near Eastern kinship

Sesotho Plant and Animal Names and Plants used by the Basotho Rodney Moffett, 2010-10-01 This book is an important contribution to the cultural heritage of southern Africa and Lesotho For the first time all the Sesotho names for plants and animals are included in one volume which also accurately records all the plants that are known to be used by the Basotho for food medicine and traditional practices together with their correct botanical identities It will undoubtedly become a standard reference work and valuable resource for future students and academics
