Neal, 2014-01-07 Taking Down the Lion offers an inside look at the career of Tyco s most infamous CEO and what exactly brought him down so publicly As the widely admired CEO of Tyco International Dennis Kozlowski grew a little known New Hampshire conglomerate into a global giant In a stunning series of events Kozlowski suddenly lost his job along with his favored public status when he was indicted by legendary Manhattan DA Robert Morgenthau it was an inglorious end to an otherwise brilliant career Kozlowski was the face of corporate excess in the turbulent post Enron environment he was pictured under headlines that read Oink Oink and publicly castigated for his extravagant lifestyle Deal a Day Dennis was transformed into the poster child for corporate greed Kozlowski was ultimately convicted of grand larceny and other crimes that in sum found the former CEO guilty of wrongfully

**Down Ballot** Patrick Wohl,2024-01-09 When an obscure primary election met the culture wars In 1990 a suburban Chicago race for the Republican Party nomination for state representative unexpectedly became a national proxy battle over abortion in the United States But the hard fought primary also illustrated the overlooked importance of down ballot contests in America s culture wars Patrick Wohl offers the dramatic account of a rollercoaster campaign that after attracting political celebrities and a media circus came down to thirty one votes a coin toss to determine the winner and a recount fight that set a precedent for how to count dimpled chads As the story unfolds Wohl provides a rare nuts and bolts look at an election for state office from its first days through the Illinois Supreme Court decision that decided the winner and set the stage for a decisive 1992 rematch A compelling political page turner Down Ballot takes readers behind the scenes of a legendary Illinois election

Global Price Fixing John M. Connor,2007-05-24 I have devoted myself to studying the economic organization of industries for thirty years It has been my good fortune to work at places that tol ated my gadfly approach to research So long as I produced a few publi tions each year and wooed a few graduate students to share those interests I was free to sample a smorgasbord of economic delights why firms div sify the competitive role of advertising strategies for selling in overseas markets measuring market power and many others Although firmly chored in the eclectic analytical framework of industrial economics and focused on the food system I traversed a wide field at will A decade ago I had pretty much convinced myself that naked price fixing was not a high priority for scholarship True collusion was rife in a few industries such as bid rigging among suppliers of fluid milk to school districts in isolated rural districts Ripping off milk money from school children is reprehensible enough but the size of the economic losses from localized price fixing paled besides other sources of imperfect competition Moreover there were no great policy debates about the wisdom or me ods of enforcing the price fixing prohibitions in the Nation s antitrust laws
