Van Gogh. the Complete Paintings Ingo F. Walther, Rainer Metzger, 2020-04-15 Meet Vincent van Gogh the tortured genius of 19th century art This lush tome collects all his 871 paintings alongside writings and essays charting the life and work of a master who continues to tower over art to this day From Sunflowers and The Starry Night to Self Portrait with Bandaged Ear celebrate an artist uniquely dexterous in the representation of texture and mood light and place **Chagall** Ingo F. Walther, Rainer Metzger, Marc Chagall, 2000 Modernism **Vincent Van Gogh, 1853-1890** Ingo F. Walther, Vincent van Gogh, 1987 This man will go insane or leave us all far behind prophesied the great impressionist Camille Pissarro The man was Vincent Van Gogh 1853 1890 a vicar's son born at Groot Zundert near Breda in Holland Van Gogh was a solitary despairing and self destructive man and followed a variety of professions before becoming an artist He craved recognition throughout his life which was denied until after his self inflicted death Today he is universally recognised as one of the great forerunners of 20th century painting and one of the tragic masters of art This study by the two leading experts Reiner Metzger and Ingo F Walther who previously published the first ever Complete paintings of Van Gogh follows the artist from the early gloom laden paintings in which he captured the misery of peasants and workers in his home province through the bright and colourful paintings from his period in Paris to the work of his final years under the southern sun in Arles where at last he found the light that produced the unmistakable Van Gogh style Bombarded by influences from every quarter Van Gogh tried a number of approaches and techniques before leaving Arles in 1888 In search of a new style and in a feverish burst of creative energy that marked the last two and a half years of his life he produced the 465 paintings on which his immortality rests Vincent Van Gogh Ingo F. Walther, 1993 Vincent van Gogh's story is one of the most ironic in art history He lived an unhappy and difficult life during which his work received almost no appreciation finally killing himself by a bullet to the chest so great was his despair and is now widely considered one of the most important painters of all time his works fetching record prices of tens of millions of dollars at auction This comprehensive study of Vincent van Gogh 1853 1890 represents a rarity in art history a detailed monograph on his life and art combined with a complete catalogue of his 871 paintings These volumes also reproduce most of van Gogh's paintings in color for the first time Amazon com *Van Gogh Fields and Flowers* Debra Mancoff, 1999-10 Van Gogh produced some of the most vibrant depictions of the natural world ever put to canvas This gorgeous book is filled with 45 color reproductions of his vibrant paintings of trees fields bouquets as well as his acclaimed irises and sunflowers A secret van Gogh. His Motif and Motives Antonino Saggio, 2011-03-08 This book investigates a

complex layer of mysteries and clues concealed in van Gogh's paintings and biography. New points of view on the painter's life are introduced and a foundation is laid for the interpretation of the iconography within his work. The book deduces from the painter's biography a previously unexplored interpretation of the final argument with Gauguin, the critical role played by Rachel la jeune fille d'Arles working in rue des R. Collets in the final years of the painter's life, Theo's role in quelling the scandal of the December 23rd ear amputation and Gauguin's ensuing arrest. The author underscores his thesis through a series of details in van Gogh's works, the painter's own letters and by re-visiting well-known events in his life. This juxtaposing of biographical facts with the psychological origins of the works posits an exciting new thesis in *A Secret of Van Gogh: His Motif and Motives* that will be of great interest to a wide audience of readers.
