

Van Kierkegaard Tot Sartre

Jon Stewart

Van Kierkegaard Tot Sartre:

Volume 9: Kierkegaard and Existentialism Jon Stewart, 2016-12-05 There can be no doubt that most of the thinkers who are usually associated with the existentialist tradition whatever their actual doctrines were in one way or another influenced by the writings of Kierkegaard This influence is so great that it can be fairly stated that the existentialist movement was largely responsible for the major advance in Kierkegaard's international reception that took place in the twentieth century In Kierkegaard's writings one can find a rich array of concepts such as anxiety despair freedom sin the crowd and sickness that all came to be standard motifs in existentialist literature Sartre played an important role in canonizing Kierkegaard as one of the forerunners of existentialism However recent scholarship has been attentive to his ideological use of Kierkegaard Indeed Sartre seemed to be exploiting Kierkegaard for his own purposes and suspicions of misrepresentation and distortions have led recent commentators to go back and reexamine the complex relation between Kierkegaard and the existentialist thinkers The articles in the present volume feature figures from the French German Spanish and Russian traditions of existentialism They examine the rich and varied use of Kierkegaard by these later thinkers and most importantly they critically analyze his purported role in this famous intellectual movement **Volume 14:**

Kierkegaard's Influence on Social-Political Thought Jon Stewart, 2016-12-05 While scholars have long recognized Kierkegaard's important contributions to fields such as ethics aesthetics philosophy of religion philosophical psychology and hermeneutics it was usually thought that he had nothing meaningful to say about society or politics Kierkegaard has been traditionally characterized as a Christian writer who placed supreme importance on the inward religious life of each individual believer His radical view seemed to many to undermine any meaningful conception of the community society or the state In recent years however scholars have begun to correct this image of Kierkegaard as an apolitical thinker The present volume attempts to document the use of Kierkegaard by later thinkers in the context of social political thought It shows how his ideas have been employed by very different kinds of writers and activists with very different political goals and agendas Many of the articles show that although Kierkegaard has been criticized for his reactionary views on some social and political questions he has been appropriated as a source of insight and inspiration by a number of later thinkers with very progressive indeed visionary political views Søren Kierkegaard Literature, 1956-2006 Aage Jørgensen, 2009 This bibliography on Søren Kierkegaard carries on the work of Jens Himmelstrup's international bibliography 1962 It collates everything written about Kierkegaard books contributions to edited collections and journals and also features an appendix of primary text editions and translations Discussion notes reviews etc are catalogued according to the items they refer to The bibliography contains more than 5 600 primary entries and is a testament to the expanding worldwide interest in the Danish philosopher It also remedies the deeply felt need for a collected overview of the extensive literature on Kierkegaard Kierkegaard Bibliography Peter Šajda, Jon Bartley Stewart, 2016 The long tradition of Kierkegaard studies has made it impossible for individual scholars to

have a complete overview of the vast field of Kierkegaard research The large and ever increasing number of publications on Kierkegaard in the languages of the world can be simply bewildering even for experienced scholars The present work constitutes a systematic bibliography which aims to help students and researchers navigate the seemingly endless mass of publications The volume is divided into two large sections Part I which covers Tomes I V is dedicated to individual bibliographies organized according to specific language This includes extensive bibliographies of works on Kierkegaard in some 41 different languages Part II which covers Tomes VI VII is dedicated to shorter individual bibliographies organized according to specific figures who are in some way relevant for Kierkegaard The goal has been to create the most exhaustive bibliography of Kierkegaard literature possible and thus the bibliography is not limited to any specific time period but instead spans the entire history of Kierkegaard studies Provided by publisher *Kierkegaard Bibliography* Peter Šajda,2017

Jean-Paul Sartre: A Bibliography of International Criticism Robert Wilcocks,1975 A large comprehensive compilation of journalism and international criticism of the works and activities of Jean Paul Sartre The work covers Sartre s stormy career from 1937 to 1975 containing nearly 700 000 entries and over 3 200 authors Volume 19, Tome VII: Kierkegaard Bibliography Peter Šajda,Jon Stewart,2017-03-16 The long tradition of Kierkegaard studies has made it impossible for individual scholars to have a complete overview of the vast field of Kierkegaard research The large and ever increasing number of publications on Kierkegaard in the languages of the world can be simply bewildering even for experienced scholars The present work constitutes a systematic bibliography which aims to help students and researchers navigate the seemingly endless mass of publications The volume is divided into two large sections Part I which covers Tomes I V is dedicated to individual bibliographies organized according to specific language This includes extensive bibliographies of works on Kierkegaard in some 41 different languages Part II which covers Tomes VI VII is dedicated to shorter individual bibliographies organized according to specific figures who are in some way relevant for Kierkegaard The goal has been to create the most exhaustive bibliography of Kierkegaard literature possible and thus the bibliography is not limited to any specific time period but instead spans the entire history of Kierkegaard studies **Jean-Paul Sartre and His Critics** François Lapointe,Claire Lapointe,1981 General Catalogue of Printed Books British Museum.
