Vanishing Act A Lingering Echoes Novel:

Vanishing Act Erica Kiefer, 2015-06-23 In a journey for retribution lines blur between courage justice and revenge

The Vanishing Act Cynthia Maddox, 2024-11-28 The rain slicked streets of Seattle reflect a city on the brink mirroring the fractured reality of Dani Silva A rising star in the architectural world Dani finds her carefully constructed life dissolving around her An anonymous note scrawled in chilling crimson ink delivers a stark ultimatum Confess or fade What begins as a morbid prank quickly spirals into a terrifying reality as Dani's existence flickers like a faulty hologram Colleagues forget her name Security footage vanishes Even her reflection seems to question her presence Piece by piece her life is being erased Driven by a methodical mind Dani refuses to accept the supernatural Her investigation unearths a chilling conspiracy a technology woven into the very fabric of Seattle Echo a system capable of manipulating reality itself And Dani unwittingly holds the key to its control Her architectural masterpiece the Chronos headquarters becomes a symbol of her unwitting betrayal its sleek lines concealing a sinister purpose The crime she's accused of Stumbling upon Echo's secrets Now Chronos the shadowy corporation behind the technology is determined to silence her To reclaim her identity Dani must expose them a fight that could cost her more than just her existence It could cost the city its soul Aided by a disillusioned programmer haunted by his creation and a network of digital dissenters Dani descends into a world of encrypted files and erased data logs She must learn to manipulate the very technology designed to erase her becoming a ghost in their machine a glitch in their meticulously constructed reality To fight for her existence she must embrace her disappearance Within the glass and steel fortress of Chronos headquarters Dani faces her final test Can she awaken the city from its digital slumber before she fades completely The rain continues to fall on Seattle a city teetering on the edge of oblivion its fate intertwined with the vanishing act of one woman

Through the Glass Erica Kiefer, 2018-04-03 Still reeling from the discovery of her twin sister Olivia struggles to face her mother's betrayal As Olivia and her friends seek to unravel the dark mystery of how and why the twins were separated tensions escalate when Emma runs into her sister's ex who assumes she's Olivia When honesty is abandoned for more secrets and lies the fallout between the sisters only intensifies As they sift between truth and deception it becomes clear that matters of the heart are not as transparent as they may seem A page turning mystery laced with romance and emotional drama Through the Glass is the satisfying conclusion to the Window Series duology by Erica Kiefer

Within The Night Circus: A Magical Encounter Bernardo Hill, Immerse yourself in an enchanting realm of wonder and magic with Within The Night Circus A Magical Encounter This captivating novel weaves a spellbinding tale that will transport you to the mystical world of Le Cirque des Rêves Meet the enigmatic proprietors Celia and Marco whose supernatural abilities orchestrate the circus's allure Discover the extraordinary performers including the celestial twins Poppet and Widget who defy time itself Delve into the labyrinthine games that conceal secrets and tempt fate Witness the awe inspiring illusions that blur the lines between reality and dreams As the circus unfolds so too does the blossoming love between Celia and Marco

entangled in a web of supernatural encounters and jealousies Unravel the sinister undercurrent that threatens to unravel the circus's magic and witness the climactic confrontation that reveals the true nature of the proprietors' bargain Experience the lasting legacy of Le Cirque des Rêves as its wonders linger long after the circus has vanished Embark on an extraordinary journey within the pages of *Within The Night Circus* and let its enchantment captivate your imagination *Curious Subjects* Hilary M. Schor, 2013-01-31 *Curious Subjects* makes the striking and original argument that what we find at the intersection between women subjects who choose and enter into contracts and women objects owned and defined by fathers, husbands and the law is curiosity *The Vanishing (Spoonloos)* Christina Brennan, 2025-03-10 At the 1989 Sydney Film Festival George Sluizer's little known independent film *Spoonloos The Vanishing* was an unexpected hit winning the festival's audience award and gaining accolades at other international film festivals *The Vanishing* has earned a reputation as a psychological thriller that shocked audiences with its unexpected twist ending This is the first book length study to examine *The Vanishing* as a film that complements and broadens generic expectations of psychological horror cinema It delves into *The Vanishing*'s production history including Sluizer's adaptation of the film screenplay from the novella *The Golden Egg* 1984 by Dutch author Tim Krabb Beyond exploring Sluizer's filmmaking style and *The Vanishing*'s place in Dutch cinema this book analyses how the film's plot, themes and symbolic imagery connect it to topics prevalent in prominent sub genres of horror cinema including the serial killer sub genre that rose to prominence in the late 1980s Its themes are also echoed in contemporary films associated with arthouse cinema which are variously dubbed post horror and elevated horror The book will illuminate *The Vanishing*'s close associations with modern day cinema arguing that its particular type of psychological horror has consistently resonated with audiences in the decades since its release *Late Romanticism and the End of Politics* John Havard, 2023-04-13 In the late Romantic age demands for political change converged with thinking about the end of the world This book examines writings by Lord Byron, Mary Shelley and their circle that imagined the end from poems by Byron that pictured fallen empires, sinking islands and dying stars to the making and unmaking of populations in *Frankenstein* and *The Last Man* These works intersected with and enclosed reflections upon brewing political changes By imagining political dynasties, slavery, parliament and English law reaching an end, writers challenged liberal visions of the political future that viewed the basis of governance as permanently settled The prospect of volcanic eruptions and biblical deluges meanwhile pointed towards new political worlds forged in the ruins of this one These visions of coming to an end acquire added resonance in our own time as political and planetary end times converge once again ***Savage Economy*** Walter Wadiak, 2016-12-15 In *Savage Economy: The Returns of Middle English Romance* Walter Wadiak traces the evolution of the medieval English romance from its thirteenth century origins to 1500 and from a genre that affirmed aristocratic identity to one that appealed more broadly to an array of late medieval communities Essential to this literary evolution is the concept and practice of noble gift giving which binds together knights and commoners in ways that both echo and displace

the notorious violence of many of these stories Wadiak begins with the assumption that romance names a particular kind of chivalric fantasy to which violence is central just as violence was instrumental to the formation and identity of the medieval warrior aristocracy A traditional view is that the violence of romance stories is an expression of aristocratic privilege wielded by a military caste in its relations with one another as well as with those lower on the social scale In this sense violence is the aristocratic gift that underwrites and reaffirms the feudal power of a privileged group with the noble gift performing the symbolic violence on which romance depends in order to present itself as both a coded threat and an expression of chivalric values Well known examples of romance in Middle English such as Sir Gawain and the Green Knight and Chaucer's Knight's Tale are considered alongside more popular examples of the genre to demonstrate a surprising continuity of function across a range of social contexts Wadiak charts a trajectory from violence aimed directly at securing feudal domination to the subtler and more diffuse modes of coercion that later English romances explore Ultimately this is a book about the ways in which romance lives on as an idea even as the genre itself begins to lose ground at the close of the Middle Ages

Dare Not Linger Nelson Mandela, Mandla Langa, 2017-10-24 A memoir of Mandela s time in office as the first president of a democratic South Africa completed and expanded with his personal notes and speeches I have discovered the secret that after climbing a great hill one only finds that there are many more hills to climb I have taken a moment here to rest to steal a view of the glorious vista that surrounds me to look back on the distance I have come But I can rest only for a moment for with freedom comes responsibilities and I dare not linger for my long walk is not ended In 1994 Nelson Mandela became the first president of a democratic South Africa From the outset he was committed to serving only a single five year term During his presidency he and his government ensured that all of South Africa s citizens became equal before the law and he laid the foundation for turning a country riven by centuries of colonialism and apartheid into a fully functioning democracy Dare Not Linger is the story of Mandela s presidential years drawing heavily on the memoir he began to write as he prepared to leave office but was unable to finish Now the acclaimed South African writer Mandla Langa has completed the task using Mandela s unfinished draft detailed notes that Mandela made as events were unfolding and a wealth of unseen archival material With a prologue by Mandela s widow Gra a Machel the result is a vivid and often inspirational account of Mandela s presidency and the creation of a new democracy It tells the story of a country in transition and the challenges Mandela faced as he strove to make his vision for a liberated South Africa a reality Underneath the history that has been made there is a human being who chose hope over fear progress over the prisons of the past Even as he became a legend to know the man Nelson Mandela is to respect him even more Barack Obama A rare human being who in freeing himself of his demons also became free to give his extraordinarily leadership to his country and the world Bill Clinton A critically important document as the principal firsthand record of Mandela s tumultuous time in office and the often ingenious measures he took to bring about peace the book contains many such practical lessons in governance Essential to students of Mandela s political career as well as of modern African history Kirkus Reviews
