Kenneth Sherman

Wait Time Memoir Cancer Writing:

Wait Time Kenneth Sherman, 2015-12-16 When poet and essayist Kenneth Sherman was diagnosed with cancer he began keeping a notebook of observations that blossomed into this powerful memoir With incisive and evocative language Sherman presents a clear eyed view of what the cancer patient feels and thinks His narrative voice is personal but not confessional practical but not cold thoughtful and searching but not self pitying or self absorbed The author s wait time for surgery on a malignant tumour was exceptionally long and riddled with bureaucratic bumbling thus he asks our health care providers and administrators if our system cannot be made efficient and more humane While he is honest about what is good and bad in our system he is not stridently political or given to directing blame His narrative is interwoven with engaging ruminations on the meaning of illness in society and is peppered with references to other writers thoughts on the subject A widely published poet Sherman helps the reader understand the deep connection between disease and creativity the ways in which we write out of our suffering *Wait Time* will be of special interest to anyone facing a serious illness as well as to health care providers social workers and psychologists working in the field Its thoughtful observations on health life priorities time and mortality will make it of interest to all readers

Grabher,2021-11-29 The face being prominent and visible is the foremost marker of a person's identity as well as their major tool of communication Facial disfigurements congenital or acquired not only erase these significant capacities but since ancient times they have been conjured up as outrageous and terrifying often connoting evil or criminality in their associations a dark secret being suggested behind the mask the disfigurement indicating punishment for sin Complemented by an original poem by Kenneth Sherman and a plastic surgeon's perspective on facial disfigurement this book investigates the exploitation of these and further stereotypical tropes by literary authors filmmakers and showrunners considering also the ways in which film television and the publishing industry have more recently tried to overcome negative codifications of facial disfigurement in the search for an authentic self behind the veil of facial disfigurement An exploration of fictional representations of the disfigured face this book will appeal to scholars of sociology cultural and media studies American studies and literary studies with interests in representations of disfigurement and the Other **Cancer, I'll Give You One Year** Jennifer Spiegel,2020-01-21 Cancer I'll Give You One Year A Non Informative Guide To Breast Cancer A Writer's
