Walking A Literary Labrynth A Spirituality Of Reading:

Walking a Literary Labyrinth Nancy M. Malone, 2003 Who doesn't have a list of books that changed his or her life? Reflecting on her own reading life, Nancy Malone examines the role that reading plays in defining ourselves. Throughout, she likens the experience of reading to walking a labyrinth itself, a metaphor for our journeys through life. The paths within the labyrinth are not straight but winding, and in the end, it is not the small circle in the center that defines the self but the whole grand design of the labyrinth: every experience, every person we meet, and every book we read that makes us who we are. Malone draws from diverse sources, both spiritual and secular: Augustine, George Herbert, George Eliot, Franz Kafka, Rainer Maria Rilke, Virginia Woolf, Paul Tillich, Elie Wiesel, James Agee, E. E. Cummings, Tom Wolfe, Patrick O'Brien, Nadine Gordimer, Margaret Atwood, and Sue Grafton, to name a few. The author's thoughtful and beautifully articulated analysis of influential books covers a broad range of subjects, including childhood reading, books as sacred objects, reading and social responsibility, dangerous reading that challenges us to examine our prejudices and beliefs, poetry, and erotic literature. The book includes a bibliography to inspire readers to seek out the unfamiliar or return to old favorites. In *Walking a Literary Labyrinth*, Malone invites readers of all religious traditions or none to consider the influence of reading in their own lives. *Walking a Literary Labrynth* Nancy M. Malone, 2004-07-06 Nancy Malone's thoughtful and poignant novel asks us to consider how our identity and our capacity to connect to others is shaped by the literature we read. Who of us doesn't have a list of books that changed our life? Reflecting on her own reading life, Nancy Malone examines the influence of reading in how we define ourselves. Throughout, she likens the experience of reading to walking a labyrinth itself, a metaphor for our spiritual journey through life. The paths within the labyrinth are not straight but winding, and in the end, it is not the small circle in the center that defines the self but the whole grand design of the labyrinth: every experience, every person we meet, and every book we read that makes us who we are. Malone draws from diverse sources, both spiritual and secular: Virginia Woolf, Saint Augustine, E. E. Cummings, Paul Tillich, Nadine Gordimer, George Herbert, Sue Grafton, Henry James, George Eliot, James Joyce, Patrick O'Brien, E. M. Forster, Franz Kafka, Elie Wiesel, Margaret Atwood, and Tom Wolfe, to name a few. Her thoughtful and beautifully articulated examination of influential books takes in a broad range of subjects, including childhood reading, books as sacred objects, reading and social responsibility, dangerous reading which challenges us to examine our prejudices and beliefs, poetry, and erotic literature. And Malone has compiled a recommended reading list to inspire readers to seek out the unfamiliar or return to old favorites. In *Walking a Literary Labyrinth*, Malone invites all us readers of every religious tradition or none to consider the influence of reading in our own lives: how and why particular books stay with us, how they shape us, and how they enlarge our humanity. *Dissident Women, Beguines, and the Quest for Spiritual Authority* Catherine Lambert, 2024-11-12 *Dissident Women, Beguines, and the Quest for Spiritual Authority* focuses on the responses of a group of twenty-first-century women to the lives and writings of thirteenth-century beguine mystics and reveals how the struggle to discover their own

inner spiritual authority connects two groups of women across centuries For contemporary women who are disenchanted with the institutional church and who seek spiritual direction models deeply rooted within the tradition may not be the most helpful The author explores the value of exemplars from the fringes ushering Hadewijch of Brabant Mechthild of Magdeburg and Marguerite Porete into the spotlight The contemporary women studied developed a relationship with the beguines that transformed and influenced their own journeys Their encounters underline the importance of remembering the beguine mystics the value of contemplative engagement with historical mystics and the need for explicit validation of the richness of the edges of tradition within spiritual direction Dissident Women Beguines and the Quest for Spiritual Authority will be of particular interest to scholars of mysticism and spirituality as well as practical pastoral and feminist theology **Reading**
