## **Walmart Pay Schedule 2014:**

**Labor Contestation at Walmart Brazil** Scott B. Martin, João Paulo Cândia Veiga, Katiuscia Moreno Galhera, 2021-09-10

This book explores how and why the labor practices of the world's largest employer supermarket giant Walmart were contested by unions and government regulators as it expanded to Latin America starting in the 1990s. With an in-depth case study of Brazil and a comparative chapter examining Argentina, Chile, and Mexico, this book analyzes the problematic encounter between diffusion of home office anti-labor practices and evolving national institutional contexts that are quite varied and in some cases enable considerable resistance by unions and/or regulators. Walmart's repressive familial and anti-union model is found to generate costs and conflicts that contributed to its unprofitability and ultimate exit from Brazil in 2018. This experience contrasted with country situations where Walmart's overall competitive and labor and human resource practices fit better with national markets and institutions underlines the brittle problematic nature of diffusionist corporate models lacking adaptive capacity to significant cross-national variations across host countries. Periods Gone Public

Jennifer Weiss-Wolf, 2017-10-10 The first book to explore menstruation in the current cultural and political landscape and to investigate the new wave of period activism taking the world by storm. After centuries of being shrouded in taboo and superstition, periods have gone mainstream. Seemingly overnight, a new high-profile movement has emerged, one dedicated to bold activism, creative product innovation, and smart policy advocacy to address the centrality of menstruation in relation to core issues of gender equality and equity. In *Periods Gone Public*, Jennifer Weiss-Wolf, the woman *Bustle* dubbed one of the nation's badass menstrual activists, explores why periods have become a prominent political cause. From eliminating the tampon tax to enacting new laws ensuring access to affordable, safe products, menstruation is no longer something to whisper about. Weiss-Wolf shares her firsthand account in the fight for period equity and introduces readers to the leaders, pioneers, and everyday people who are making change happen. From societal attitudes of periods throughout history in the United States and around the world to grassroots activism and product innovation, Weiss-Wolf challenges readers to face stigma head-on and elevate an agenda that recognizes both the power and the absolute normalcy of menstruation. *Future*

*Histories* Lizzie O'Shea, 2019-05-14 The key to understanding technology lies not in the future but in the past. That's the contention of Lizzie O'Shea's *Future Histories*, a grand tour through past and present to explore the practical and sometimes revolutionary possibilities of our digital age. Searching for new ways to think about our networked world, O'Shea asks what the Paris Commune can tell us about the ethics of the Internet and finds inspiration in the revolutionary works of Thomas Paine and Frantz Fanon. She examines Elon Musk's futuristic visions only to find them mired in a musty Victorian era utopianism. Instead of current-day capitalist visionaries, O'Shea returns us to the Romantic age of wonder when art and science were as yet undivided, narrating the collaboration between Ada Lovelace, the brilliant daughter of Lord and Lady Byron, and polymath Charles Babbage, who together designed the world's first computer. In our brave new world of increased

surveillance biased algorithms and fears of job automation O Shea weaves a usable past we can employ in the service of emancipating our digital tomorrows

The Company Citizen Tom Levitt, 2017-11-29 Business doing good is doing good business this book learns from the era where governments ruled the world pre globalisation and where business looked after itself where issues like climate change resource depletion and even poverty and hunger were not thought to be the responsibility of business The Company Citizen concludes that not only are these key issues for business today but that the world will not be able to manage these issues without the active participation even leadership of business Aware of the shortcomings of both government and civil society the author argues that environmental sustainability economic and social inclusion and the better management of resources are all key issues for business and that it makes good business sense to manage them better This book examines the case for the company citizen on a global national and community level working alongside other Never has the conscientious company citizen as envisaged by 19th century Quaker philanthropists been more needed and never has that business case one that justifies a long term commitment to practical corporate behaviour for good been more clear Drawing attention both to the businesses that are taking the lead and those who are holding us back the author concludes that only by involving business can we tackle the great issues of the day and survive as communities nation and planet Disturbances in Heaven Ivan

Franceschini, Kevin Lin, Nicholas Loubere, 2017-02-16 Labour and civil society are two fundamental components of international discussions concerning China today Whether it is the arrest of labour activists or rights lawyers the adoption of new industrial policies or the passing of draconian rules on non governmental organisations the events occurring in these areas in China often make global headlines At the same time in spite of the grave challenges for workers and activists the Chinese labour movement is witnessing significant developments with the occurrence of some of the largest strikes in decades All of this calls for more serious analysis from both scholars and practitioners as well for critical engagement with a broader global audience interested in forging international solidarity It is with these aims in mind that we have compiled this Made in China Yearbook 2016 Disturbances in Heaven a collection of original articles by both scholars and activists analysing the most important trends in Chinese labour and civil society over the past year With its unique blend of in depth scholarly work written in a direct accessible style this volume will allow readers to situate events and policies related to Chinese labour and civil society in a wider context and serve as an indispensable reference book for international activists practitioners and policy makers *Changing Contours of Work* Stephen Sweet, Peter Meiksins, 2015-12-16 Proud sponsor of the 2019 SAGE Keith Roberts Teaching Innovations Award enabling graduate students and early career faculty to attend the annual ASA pre conference teaching and learning workshop In the Third Edition of Changing Contours of Work Jobs and
