Edward S Miller

War Plan Orange The U S Strategy To Defeat Japan 1897 1945:

War Plan Orange Edward S Miller, 2007-03-01 Based on twenty years of research in formerly secret archives this book reveals for the first time the full significance of War Plan Orange the U S Navy s strategy to defeat Japan formulated over the forty years prior to World War II

From Mahan to Pearl Harbor Sadao Asada, 2013-04-22 major work by one of Japan s leading naval historians this book traces Alfred Thayer Mahan s influence on Japan s rise as a sea power after the publication of his classic study *The Influence of Sea Power Upon History* Hailed by the British Admiralty Theodore Roosevelt and Kaiser Wilhelm II the international bestseller also was endorsed by the Japanese Naval Ministry who took it as a clarion call to enhance their own sea power That power of course was eventually used against the United States Sadao Asada opens his book with a discussion of Mahan s sea power doctrine and demonstrates how Mahan s ideas led the Imperial Japanese Navy to view itself as a hypothetical enemy of the Americans Drawing on previously unused Japanese records from the three naval conferences of the 1920s the Washington Conference of 1921 22 the Geneva Conference of 1927 and the London Conference of 1930 the author examines the strategic dilemma facing the Japanese navy during the 1920s and 1930s against the background of advancing weapon technology and increasing doubt about the relevance of battleships He also analyzes the decisions that led to war with the United States namely the 1936 withdrawal from naval treaties the conclusion of the Tripartite Pact in September 1940 and the armed advance into south Indochina in July 1941 in the context of bureaucratic struggles between the army and navy to gain supremacy He concludes that the ghost of Mahan hung over the Japanese naval leaders as they prepared for war against the United State and made decisions based on miscalculations about American and Japanese strengths and American intentions

Culture Shock and Japanese-American Relations Sadao Asada, 2007 Ever since Commodore Perry sailed into Uruga Channel relations between the United States and Japan have been characterized by culture shock Now a distinguished Japanese historian critically analyzes contemporary thought public opinion and behavior in the two countries over the course of the twentieth century offering a binational perspective on culture shock as it has affected their relations In these essays Sadao Asada examines the historical interaction between these two countries from 1890 to 2006 focusing on naval strategy transpacific racism and the atomic bomb controversy For each topic he offers a rigorous analysis of both American and Japanese perceptions showing how cultural relations and the interchange of ideas have been complex and occasionally destructive *Culture Shock and Japanese American Relations* contains insightful essays on the influence of Alfred Mahan on the Japanese navy and on American images of Japan during the 1920s Other essays consider the progressive breakdown of relations between the two countries and the origins of the Pacific War from the viewpoint of the Japanese navy then tackle the ultimate shock of the atomic bomb and Japan s surrender tracing changing perceptions of the decision to use the bomb on both sides of the Pacific over the course of sixty years In discussing these subjects Asada draws on Japanese sources largely inaccessible to Western scholars to provide a host of eye opening insights

for non Japanese readers After studying in America for nine years and receiving degrees from both Carleton College and Yale University Asada returned to Japan to face his own reverse culture shock His insights raise important questions of why people on opposite sides of the Pacific see things differently and adapt their perceptions to different purposes This book marks a major effort toward reconstructing and understanding the conflicted course of Japanese American relations during the first half of the twentieth century

Pearl Harbor Spencer C. Tucker, 2015-10-13 This book provides students with an understanding of the motives behind the Japanese attack on Pearl Harbor and the consequences of this action on Japan on the United States and on the outcome of World War II This essential reference guide is devoted to one of the most important military events in American history the Pearl Harbor attack of December 7 1941 the day of infamy Distinguished military historian Spencer C Tucker is the editor of this thorough study of the Japanese attack that contains reference entries as well as primary documents and oral histories describing the circumstances that led up to the attack the event itself and its immediate aftermath and consequences thereby providing readers with the necessary context to understand all aspects of the attack on Pearl Harbor Readers will understand why Japanese leaders decided to go to war with the United States what they expected to accomplish in attacking Pearl Harbor why this key American base was not better defended and what the aftereffects of the attack were for the outcome of the war Biographies on major players in the crisis such as Franklin Roosevelt Chester Nimitz Isoroku Yamamoto and Hideki Tojo will provide insight into the individuals who played key roles in the events before during and after December 7 1941

A Necessary Relationship Phyllis L. Soybel, 2005-01-30 The relationship of the United States and Great Britain has been the subject of numerous studies with a particular emphasis on the idea of a special relationship based on traditional common ties of language history and political affinity Although certainly special Anglo American cooperation arose from mutual necessity Soybel examines the special relationship through a new lens that of the most intimate of wartime collaborations the naval intelligence relationship Rather than looking at the uses of intelligence and espionage Soybel explores how the cooperation was established and maintained particularly through the creation of administrative bureaucracies as well as how World War I and pre war efforts helped pave the way towards wartime cooperation The development of the wartime cooperation in naval intelligence between 1939 and 1943 highlights the best and worst of the alliance and shows both its advantages and its limitations It demonstrates that the Anglo American partnership during World War II was a necessary one and its intimacy demanded by the exigencies of the total war then being fought Its problems were the result of traditional conflicts based on economics imperial concerns and national interests Its successes found their bases in individual partnerships formed during the war not in the overall one given mythical status by men like Winston Churchill While still giving credit to the unique alliance that has survived in the last fifty years this study shows that the close ties were necessary not special

Avoiding Armageddon Jeremy Black, 2012-07-05 Here is an original and up to date account of a key period of military history one that not only links the two World Wars but also anticipates the

more complex nature of conflict following the Cold War Black links the two World Wars between the overcoming of trench warfare in the campaigns of 1918 and the fall of France in 1940 This was a period when militaries governments and publics digested the lessons of the Great War and prepared for another major struggle Black also locates the period in terms of long term questions in military history including the relationship between symmetrical and asymmetrical warfare the tensions surrounding innovation the pressures and possibilities created by technological change and the impact of ideology on the causes and conduct of war *Avoiding Armageddon* devotes particular attention to the Far East as part of Black s worldwide coverage He also assesses the role of the military in internal politics and establishes the importance of civil wars

A *Companion to Warren G. Harding, Calvin Coolidge, and Herbert Hoover* Katherine A.S. Sibley,2014-07-22 With the analysis of the best scholars on this era 29 essays demonstrate how academics then and now have addressed the political economic diplomatic cultural ethnic and social history of the presidents of the Republican Era of 1921 1933 Harding Coolidge and Hoover This is the first historiographical treatment of a long neglected period ranging from early treatments to the most recent scholarship Features review essays on the era including the legacy of progressivism in an age of normalcy the history of American foreign relations after World War I and race relations in the 1920s as well as coverage of the three presidential elections and a thorough treatment of the causes and consequences of the Great Depression An introduction by the editor provides an overview of the issues background and historical problems of the time and the personalities at play

The War for the Seas Evan Mawdsley,2019-09-24 This impeccable myth busting study of WWII maritime operations sheds new light on the conflict with sharp analysis and an international perspective The Sunday Times UK Command of the oceans was crucial to winning World War II By the start of 1942 Nazi Germany had conquered mainland Europe and Imperial Japan had overrun Southeast Asia and much of the Pacific How could Britain and distant America prevail in what had become a war of continents In this definitive account Evan Mawdsley traces events at sea from the first U boat operations in 1939 to the surrender of Japan He argues that the Allied counterattack involved not just decisive sea battles but a long struggle to control shipping arteries and move armies across the sea Covering all the major actions in the Atlantic and Pacific oceans as well as those in the narrow seas this book interweaves for the first time the endeavors of the maritime forces of the British Empire the United States Germany and Japan as well as those of France Italy and Russia

Military Logistics and Strategic Performance Thomas M. Kane,2012-07-26 This work argues that logistics in warfare is crucial to achieving strategic success The author identifies logistical capabilities as an arbiter of opportunity which plays a critical role in determining which side will hold the strategic initiative in war Armies which have secured reliable resources of supply have a great advantage in determining the time and manner in which engagements take place Often they can fight in ways their opponents cannot The author illustrates this point with case studies of British logistics during the Burma campaign in the World War II American logistical innovations during the Pacific War Communist supply methods during the American phase of the Vietnam War and

the competing logistical systems of both NATO and Warsaw Pact conventional forces during the Cold War **Progressives in Navy Blue** Scott Mobley, 2018-05-15 This study examines how intellectual and institutional developments transformed the U S Navy from 1873 to 1898 The period was a dynamic quarter century in which Americans witnessed their Navy evolve Cultures of progress clusters of ideas beliefs values and practices pertaining to modern warfare and technology guided the Navy s transformation The agents of naval transformation embraced a progressive ideology They viewed science technology and expertise as the best means to effect change in a world contorted by modernizing and globalizing trends Within the Navy s progressive movement two new cultures Strategy and Mechanism influenced the course of transformation Although they shared progressive pedigrees each culture embodied a distinctive vision for the Navy s future

The Top Books of the Year War Plan Orange The U S Strategy To Defeat Japan 1897 1945 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the fascinating narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. War Plan Orange The U S Strategy To Defeat Japan 1897 1945 : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and suspenseful novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
