Marcello, 2005 Annotation Presents scholarship from eminent historians on topics of their specialty alongside veteran accounts for the war being discussed The editors have added contextual and commentary footnotes These papers originally from the University of North Texas s annual Military History Seminar are organized chronologically starting from World War II **The Moro War** James R. Arnold, 2011-07-26 Documents the early 20th century battle against Muslim insurgents in the southern Philippines discussing the fierce debates between military supporters and peace advocates while offering insight into the challenges faced by U S forces and the contributions of future general John Pershing 20 000 first printing **A People's History of the U.S. Military** Michael A. Bellesiles, 2012 Draws from more than two centuries of soldiers personal encounters with combat through excerpts from letters diaries memoirs audio recordings film and blogs to capture the essence of the American military experience firsthand *Air Force Magazine*, 2005-07 **Always at War** Melvin G. Deaile, 2018-04-15 Always at War is the story of Strategic Air Command SAC during the early decades of the Cold War More than a simple history it describes how an organization dominated by experienced World War II airmen developed a unique culture that thrives to this day Strategic Air Command was created because of the Air Force s internal beliefs but the organization evolved as it responded to the external environment created by the Cold War In the aftermath of World War II and the creation of an independent air service the Air Force formed SAC because of a belief in the military potential of strategic bombing centralized under one commander As the Cold War intensified so did SAC s mission In order to prepare SAC s warriors to daily fight an enemy they did not see as well as to handle the world s most dangerous arsenal the command led by General Curtis LeMay emphasized security personal responsibility and competition among the command Its resources political influence and manning grew as did its culture until reaching its peak during the Cuban Missile Crisis SAC became synonymous with the Cold War and its culture forever changed the Air Force as well as those who served **Jungle of Snakes** James R. Arnold, 2010-07-06 A former CIA director presents a history of modern warfare that evaluates how the post cold war era has been fraught by such challenges as terrorism insurgency and guerilla tactics in an account that also discusses America s struggles for civilian support and the nation s failure to learn from past mistakes throughout the occupation of Iraq Reprint **America in the Philippines, 1899-1902** Christopher J. Einolf, 2016-04-30 America in the Philippines 1899 1902 The First Torture Scandal analyzes the US army s use of the water cure torture in the Philippine War and the ensuing political scandal that resulted Drawing on primary source documents to construct a detailed narrative history of the events the book also proposes an original theory for the causes of torture which emphasizes the moral agency of low level actors Einolf uses the historical debate to illuminate theories of present day human rights advocacy The conclusion relates the Philippine War case to the more recent use of torture under the George W Bush administration and makes recommendations for researchers and advocates **Army History**, 1989 **Cataclysm** Herman

S. Wolk, 2010 The B 29 long range bombing campaign against the Japanese home islands dictated unprecedented organization and command hence Arnold established the Twentieth Air Force commanded by himself from Washington and reporting directly to the Joint Chiefs of Staff This new type of bombing offensive distinct in command organization range and weapons from the European experience also called for exemplary operational combat leadership in the field Here Arnold excelled in his command of the AAF relieving a long time colleague Hansell in favor of a hard nosed operator LeMay This crucial move was a turning point in the Pacific war Although the Soviet declaration of war on Japan was a factor in the Japanese surrender it was the atomic bomb that politically shocked the Japanese to capitulation Arnold the architect of the bombing offensive emphasized that Japan was already defeated in the summer of 1945 by the bombing and blockade and that it was not militarily necessary to drop the atomic bomb
