Philipp Leppert, 2015-11-12 Seminar paper from the year 2014 in the subject Pedagogy School System Educational and School Politics grade 1.0 University of Kassel language English abstract This paper aims to provide an overview of the outcomes of the test based promotion policy for the federal state Florida introduced in 2002 The first chapter will deal with specific features of Florida's test based promotion policy followed by the research design that was used by Schwerdt and West 2013 to evaluate the program Afterwards estimation results and the treatment effect are discussed including results of Chicago's test based promotion policy to compare the findings of different studies *Making College Work* Harry J. Holzer, Sandy Baum, 2017-08-15 Practical solutions for improving higher education opportunities for disadvantaged students Too many disadvantaged college students in America do not complete their coursework or receive any college credential while others earn degrees or certificates with little labor market value Large numbers of these students also struggle to pay for college and some incur debts that they have difficulty repaying The authors provide a new review of the causes of these problems and offer promising policy solutions The circumstances affecting disadvantaged students stem both from issues on the individual side such as weak academic preparation and financial pressures and from institutional failures Low income students disproportionately attend schools that are underfunded and have weak performance incentives contributing to unsatisfactory outcomes for many students Some solutions including better financial aid or academic supports target individual students Other solutions such as stronger linkages between coursework and the labor market and more structured paths through the curriculum are aimed at institutional reforms All students and particularly those from disadvantaged backgrounds also need better and varied pathways both to college and directly to the job market beginning in high school We can improve college outcomes but must also acknowledge that we must make hard choices and face difficult tradeoffs in the process While no single policy is guaranteed to greatly improve college and career outcomes implementing a number of evidence based policies and programs together has the potential to improve these outcomes substantially *Dreams in the New Century* Gary R. Mormino, 2022-05-17 Eminent historian Gary Mormino illuminates early twenty first century Florida and its connections to some of the most significant events in contemporary American history taking stock of a tumultuous decade of change and explaining the state's social cultural and political intricacies *Common Sense Questions about Tests* Gerard Giordano, 2016-03-07 Parents had questions about the tests their children took at school They considered them to be common sense questions They posed them to the businesspeople publishers and politicians who championed tests They also posed them to the school administrators teachers and union leaders who criticized them This book examines the questions the parents posed the answers they elicited and the changes they prodded *The Latinization of Indigenous Students* Rebecca A. Campbell-Montalvo, 2023-05-15 Based upon research in rural central Florida The Latinization of Indigenous

Students examines how schools perceive and process demographic information including how those perceptions may erase Indigeneity and impact resource access Based on multiyear fieldwork Campbell Montalvo argues that languages and racial identities of Indigenous Latinx students and families may be re formed by schools erasing Indigeneity However programs such as the federally funded Migrant Education Program can foster equitable access by encouraging pedagogies that position teachers as cultural insiders or learners Anchored by pertinent anthropological theories this work advances our ability to name and explain pedagogical phenomena and their role in rectifying or reproducing colonialism among marginalized and minoritized groups
