When The Dead Speak The Art And Science Of Paranormal Investigation

Jennifer Higgle

When The Dead Speak The Art And Science Of Paranormal Investigation:

When the Dead Speak Kitty Janusz, 2015-12-22 1st PLACE WINNER 2016 Los Angeles Festival of Books What makes a location Haunted Why do ghosts and spirits seem to remain in some places and is there a way for the Dead to communicate with the living Paranormal investigator and psychic medium Kitty Janusz says that it is indeed possible and shares true experiences from actual paranormal investigations From growing up in a haunted home and with over 20 years experience studying the paranormal field Kitty shares evidence and stories from her years as a paranormal researcher Kitty explains the scientific theories behind why spirits may remain in a location and the different types of hauntings Topics include the latest in paranormal investigation equipment and what you REALLY need understanding and utilizing your own intuitive psychic abilities to connect with spirit safety and ethics during an investigation and how to implement scientific methods to become a more credible paranormal investigator The Dead are talking Are you listening **Storytelling: Exploring the Art and**

Science of Narrative Sara Shafer, 2019-01-04 This volume was first published by Inter Disciplinary Press in 2013 The relationship between text aural oral and visual and human author and audience that is inherent in the act of storytelling reflects the fact that any story is a uniquely interactive and interdependent phenomenon This collection presents the reader with a truly interdisciplinary forum in which the art of storytelling is considered from the purview of rigorous academic inquiry To entirely ignore the aesthetics of storytelling however would be to devalue the profound and unspeakable connection to stories of all kinds that is a timeless aspect of the human experience The chapters within preserve the artistic grandeur of storytelling while strengthening and broadening the validity of the story as an area worth of rigorous academic pursuit The scope of inquiry represented by the chapters within demonstrates the fact that questions of architecture motive method and rhetoric have the power to enhance our experience of storytelling as an expression of the human spirit The

Art of Ectoplasm Serena Keshavjee, 2023-10-20 The legacy of the Hamiltons psychic archive In the wake of the First World War and the 1918 19 pandemic the world was left grappling with a profound sense of loss It was against this backdrop that a Winnipeg couple physician T G Hamilton and nurse Lillian Hamilton began their research documenting and photographing sances they held in their home laboratory Their extensive study of the survival of human consciousness after death resulted in a stunning collection of hundreds of photographs including images of tables flying through the air mediums in trances and most curious of all ectoplasm a strange white substance through which ghosts could apparently manifest The Art of Ectoplasm invites readers to explore the Hamiltons research and photographic evidence which has attracted international attention from scholars and artists alike Notable figures like Arthur Conan Doyle participated in the Hamilton family s sances and their investigations garnered support among the psychical scientific community including renowned physicist Oliver Lodge the inventor of wireless telegraphy In the century since their creation the Hamilton photographs now housed at the University of Manitoba have continued to perplex and inspire as the subject of academic study comedic parody and

artistic and cinematic renderings This fascinating collection reflects on the history and legacy of the startling and uncanny images found in the Hamilton Family archive As contemporary society continues to feel the effects of the COVID 19 pandemic The Art of Ectoplasm offers a compelling look at a chapter in social history not entirely unlike our own **Mysteries** Colin Wilson,2015-05-17 The acclaimed author of The Occult presents a groundbreaking theory of unexplained phenomena from ghosts and magic to the power of the unconscious A renowned expert on the subject of occultism Colin Wilson s sequel to his masterwork The Occult is a major work in its own right In The Mysteries Wilson continues his the investigation into magic the paranormal and the supernatural through extensive research as well as his own extraordinary first hand experiences The result is an extraordinary tour de force of scholarship New Science Through a personal mystical experience Wilson discovered that human beings consist of a ladder or hierarchy of selves whose upper members may be called upon at will for personal transformation and deep knowledge This experience inspired him to apply this insight to all paranormal phenomena from precognition to Uri Geller s spoon bending Wilson presents detailed studies of hauntings possession and demonic hypnosis as well as magic the Kabbalah and astrology At the heart of his work is a fascinating discussion of the Great Secret of the alchemists which he sees as the key to the mystery of the ladder of selves Conjuring the Spirit World George H. Schwartz,Tedi Asher,Christopher Jones,Lan Morgan,Tony Oursler,Jennifer Lemmer Posey,Mark Schwartz,2024-09-03 Posters photography and objects from the height of Spiritualism and the history of magic gain renewed power when seen through today s lens The human desire to connect with the dead since the mid 19th century gave rise to a fascination with the supernatural and the magical Mediums and magicians from Harry Houdini Margery the Medium Howard Thurston and the Fox Sisters offered communication with the departed at s ances and magic shows two interrelated forms of popular culture that relied heavily on illusions and stagecraft This is the first illustrated volume to gather the art and objects that made medium and magician performances iconic during the Spiritualism movement and beyond a time when people actively debated and wondered can spirits return An international selection of paintings photographs posters stage apparatuses film publications and other objects reveal how audiences were entranced and mystified by these experiential performances captivating willing believers and garnering skeptics as they navigated the intersecting realms of science and spirituality From the origins of the iconic Ouija board to spirit photography this book is a treasure trove **Clairvoyance for Psychic Empowerment** Carl Llewellyn Weschcke,Joe H. Slate,2013 A complete training course in the ancient Tantric and Western techniques of clairvoyance that will allow you to manifest love happiness health knowledge wealth spirituality and more

The Other Side Jennifer Higgie,2024-01-02 The first major work of art history to focus on women artists and their engagement with the spirit world by the author of The Mirror and the Palette It s not so long ago that a woman s expressed interest in other realms would have ruined her reputation or even killed her And yet spiritualism in various incarnations has influenced numerous men including lauded modernist artists such as Wassily Kandinsky Piet Mondrian Kazimir Malevich and

Paul Klee without repercussion The fact that so many radical female artists of their generation and earlier also drank deeply from the same spiritual well has been sorely neglected for too long In *The Other Side* we explore the lives and work of a group of extraordinary women from the twelfth century mystic composer and artist Hildegard of Bingen to the nineteenth century English spiritualist Georgiana Houghton whose paintings swirl like a cosmic Jackson Pollock the early twentieth century Swedish artist Hilma af Klint who painted with the help of her spirit guides and whose recent exhibition at New York's Guggenheim broke all attendance records to the Desert Transcendentalist Agnes Pelton who painted her visions beneath the vast skies of California We also learn about the Swiss healer Emma Kunz who used geometric drawings to treat her patients and the British surrealist and occultist Ithell Colquhoun whose estate of more than 5 000 works recently entered the Tate gallery collection While the individual work of these artists is unique the women loosely shared the same goal to communicate with and learn from other dimensions Weaving in and out of these myriad lives while sharing her own memories of otherworldly experiences Jennifer Higgie discusses the solace of ritual the gender exclusions of art history the contemporary relevance of myth the boom in alternative ways of understanding the world and the impact of spiritualism on feminism and contemporary art A radical reappraisal of a marginalized group of artists *The Other Side* is an intoxicating blend of memoir biography and art history

Science Whispering Spirit Gary G. Preuss, PhD, 2015-10-08 Something extraordinary is going on Science is finding that much of the paranormal is really normal But even though research is uncovering the truth of psychic phenomena psychics rarely win lottery jackpots Why is that Evidence increasingly indicates that our consciousness survives physical death but few people converse with loved ones who have passed away Why is that The statistical probability that our universe exists at all is remote yet the scientific paradigm is reluctant to allow that it might be designed Why is that And repeatedly fewer people are involved in cataclysmic tragedies than the odds would expect for the time and location Yet most of us do not recognize intuitive hints to avoid serious misfortune Why is that For centuries science dismissed much paranormal weirdness as coincidence without seriously looking at it It is now discovering that we are experiencing more than coincidence But much remains hidden intuition is rarely obvious and psychic errors abound Why Why indeed Hop aboard to explore some answers

Paranormal Encounters in Iceland 1150-1400 Ármann Jakobsson, Mariusz Mayburd, 2020-03-23 This anthology of international scholarship offers new critical approaches to the study of the many manifestations of the paranormal in the Middle Ages The guiding principle of the collection is to depart from symbolic or reductionist readings of the subject matter in favor of focusing on the paranormal as human experience and essentially on how these experiences are defined by the sources The authors work with a variety of medieval Icelandic textual sources including family sagas legendary sagas romances poetry hagiography and miracles exploring the diversity of paranormal activity in the medieval North This volume questions all previous definitions of the subject matter most decisively the idea of saga realism and opens up new avenues in saga research

[The Truth about Uri Geller](#) James Randi, 1982 There

is more to Uri Geller than his countless miracles and James The Amazing Randi tells all in this fascinating examination of the Geller myth What really makes Geller run Why have scientists reported on all Geller s successful psychic tests and ignored his many failures Why will Uri perform almost anywhere anytime except in front of professional magicians Can Geller actually bend spoons keys and nails with his psychic powers Why do people around the world continue to believe Geller has magic powers when his tricks have been exposed many times In an eye opening expos Randi provides a devastating blow to Geller and the pseudoscience of parapsychology
