Keener, 2011-11-01 Christianity Today 2013 Book Award Winner Winner of The Foundation for Pentecostal Scholarship's 2012 Award of Excellence 2011 Book of the Year Christianbook.com's Academic Blog Most modern prejudice against biblical miracle reports depends on David Hume's argument that uniform human experience precluded miracles Yet current research shows that human experience is far from uniform In fact hundreds of millions of people today claim to have experienced miracles New Testament scholar Craig Keener argues that it is time to rethink Hume's argument in light of the contemporary evidence available to us This wide ranging and meticulously researched two volume study presents the most thorough current defense of the credibility of the miracle reports in the Gospels and Acts Drawing on claims from a range of global cultures and taking a multidisciplinary approach to the topic Keener suggests that many miracle accounts throughout history and from contemporary times are best explained as genuine divine acts lending credence to the biblical miracle reports Jonathan Edwards's Sinners in the Hands of an Angry God Jonathan Edwards, 2010-01-01 Designed specifically for the classroom this volume presents the accurate and definitive version of Sinners accompanied by the tools necessary to study and teach this famous American sermon With an introduction aimed at students and teachers and commentary that draws on fifty years of team editorial experience of Yale's Works of Jonathan Edwards it provides both context and interpretation and addresses the concerns and questions of a twenty first century audience The book contains questions for in class discussion a chronology of Edwards's life and a glossary In

Doing Theology in Today's World John D. Woodbridge,1994-07 This volume focuses on a central question What does a person need to know for developing a theology In other words this book will not only answer objections lodged against the study of theology but will explain to students pastors and laypersons alike what a theologian actually does It will also present different approaches to the study of theology and review the present status of theological reflection in various Protestant Orthodox and Roman Catholic traditions In the first section of the book evangelical Protestant scholars describe the contributions various disciplines make to the study of theology In the next section evangelical Protestant scholars explain the distinctives of their approaches to doing theology In the third part theologians who do not identify with evangelical Protestant convictions seek to explain the distinctives of their approaches to doing theology In the final section Dr Kantzer provides a summary analysis of how he does theology and interacts critically with a number of essays in this volume

Elliston *We Gather Together* Neil J. Young, 2015-10-01 Tracing the interactions among evangelicals Catholics and Mormons from the 1950s to the present day *We Gather Together* recasts the story of the emergence of the Religious Right showing that it was not a brilliant political strategy of compromise and coalition building hatched on the eve of a history altering election Rather it was the latest iteration of a much longer religious debate that had been going on for decades Evangelicals Catholics and Mormons found common cause and pursued similar ends in debates about abortion school prayer the Equal Rights Amendment and tax exemptions for religious schools but they were far from a unified bloc cracks in the alliance shaped the movement from the very beginning This provocative book will reshape our understanding of the most important religious and political movement of the last 30 years *Understanding Affections in the Theology of Jonathan Edwards* Ryan J. Martin, 2018-11-15 This volume argues that the notion of affections discussed by Jonathan Edwards and Christian theologians before him means something very different from what contemporary English speakers now call emotions and that Edwards s notions of affections came almost entirely from traditional Christian theology in general and the Reformed tradition in particular Ryan J Martin demonstrates that Christian theologians for centuries emphasized affection for God associated affections with the will and distinguished affections from passions generally explaining affections and passions to be inclinations and aversions of the soul This was Edwards s own view and he held it throughout his entire ministry Martin further argues that Edwards s view came not as a result of his reading of John Locke or the pressures of the Great Awakening as many Edwardsean scholars argue but from his own biblical interpretation and theological education By analysing patristic medieval and post medieval thought and the journey of Edwards s psychology Martin shows how on their own terms pre modern Christians historically defined and described human psychology
