What Am I Here For? Martin C. Bala, 2024-03-18 We all go through life with similar struggles and desires but not everyone follows their childhood dreams not everyone is successful or at least feels that way There are also moments in your life when something unusual happens An accident a health problem or something bigger than your job your career In those moments life loses its meaning and you start to think Is what I am doing now all there is Is this what I dreamed of as a child What am I here for Similar questions have been on my mind for more than two decades of my life and I have found answers that I am willing to share with you in this book People who are truly successful do things differently than most and it is not too late for you to learn what they know Without finding your purpose true success can be very difficult to achieve It is never too late to change the way you think to act differently and to make a difference Everyone needs to believe in something even if it is only in their own abilities I invite you on an exciting journey of self discovery and the beginning of a new phase of your life What you will find in this book is a great insight into the psychology of who you are and a different perspective on widely accepted truths It will teach you how to work on yourself and apply the knowledge you find to your own life I've turned my life around and so can you You already have what you need Find out how you can live the life of your dreams The world of subjective contrast and compassion Is a false world built entirely By each person's imagination Nothing is as it seems Zen proverb
