Knight The Duke's Reappearance A Mere Interlude The Romantic Adventures of a Milkmaid Thomas Hardy OM 2 June 1840
 11 January 1928 was an English novelist and poet A Victorian realist in the tradition of George Eliot he was influenced both
 in his novels and in his poetry by Romanticism especially William Wordsworth 1 He was highly critical of much in Victorian
 society especially on the declining status of rural people in Britain such as those from his native South West England While
 Hardy wrote poetry throughout his life and regarded himself primarily as a poet his first collection was not published until
 1898 Initially therefore he gained fame as the author of such novels as *Far from the Madding Crowd* 1874 *The Mayor of*
Casterbridge 1886 *Tess of the d'Urbervilles* 1891 and *Jude the Obscure* 1895 During his lifetime Hardy's poetry was
 acclaimed by younger poets particularly the Georgians who viewed him as a mentor After his death his poems were lauded by
 Ezra Pound W H Auden and Philip Larkin 2 Many of his novels concern tragic characters struggling against their passions
 and social circumstances and they are often set in the semi-fictional region of Wessex initially based on the medieval Anglo
 Saxon kingdom Hardy's Wessex eventually came to include the counties of Dorset Wiltshire Somerset Devon Hampshire and
 much of Berkshire in southwest and south central England Two of his novels *Tess of the d'Urbervilles* and *Far from the*
Madding Crowd were listed in the top 50 on the BBC's survey *The Big Read* *The Fiddler of the Reels and Other Stories*
1888-1900 Thomas Hardy, 2003-05-01 *The Melancholy Hussar A Tragedy of Two Ambitions The First Countess of Wessex*
Barbara of the House of Grebe For Conscience Sake The Son's Veto On the Western Circuit An Imaginative Woman A
Changed Man Enter a Dragoon The 11 short stories in this collection range from those with the Wessex setting familiar from
 Hardy's novels to aristocratic historical fantasies set in the 17th and 18th centuries and tragic or ironic contemporary
 dramas Enormously readable in their own right the stories can also be seen as a rich testing ground for ideas and themes that
 receive more sustained treatment in Hardy's most innovative and controversial novels *A Changed Man and Other Tales*

Thomas Hardy's Novel Universe Pamela Gossin, 2017-03-02 In this the first book-length study of astronomy in Hardy's
 writing historian of science and literary scholar Pamela Gossin brings the analytical tools of both disciplines to bear as she
 offers unexpected and sophisticated readings of seven novels that enrich Darwinian and feminist perspectives on his work
 extend formalist evaluations of his achievement as a writer and provide fresh interpretations of enigmatic passages and

scenes In an elegantly crafted introduction Gossin draws together the shared critical values and methods of literary studies and the history of science to articulate a hybrid model of scholarly interpretation and analysis that promotes cross disciplinary compassion and understanding within the current contention of the science culture wars She then situates Hardy's own deeply interdisciplinary knowledge of astronomy and cosmology within both literary and scientific traditions from the ancient world through the Victorian era Gossin offers insightful new assessments of *A Pair of Blue Eyes* *Far from the Madding Crowd* *The Return of the Native* *Two on a Tower* *The Woodlanders* *Tess of the D'Urbervilles* and *Jude the Obscure* arguing that Hardy's personal synthesis of ancient and modern astronomy with mythopoetic and scientific cosmologies enabled him to write as a literary cosmologist for the post Darwinian world The profound new myths that comprise Hardy's novel universe can be read as a sustained set of literary thought experiments by which he critiques the possibilities limitations and dangers of living out the storylines that such imaginative cosmologies project for his time and ours
