

A Thousand Splendid Suns Journey

Preliminary Advanced English 2012 A Thousand Splendid Suns Khaled Hosseini God, grant me the serenity to accept the things I cannot change, the courage to change the things I can, and the wisdom to know the difference. A Thousand Splendid Sons by Khaled Hosseini portrays the courage within people to overcome change and accept the differences that life itself ultimately shows. Hosseini has written a strong climatic novel from the beginning of an accomplished civilized nation through to a war-torn country separated into pieces with no bounds of destruction.

This intriguing story is set on the outskirts of the city Herat situated in Afghanistan where a young girl Mariam is born. The story is later moved on to the capital city, Kabul where another young girl Laila is given birth to. Hosseini depicts an image of women's suffrage that is truly heart filled and effectively shows the inner strength, courage and bravery women had in order to survive and live to fulfill their many hopes and dreams. The author does this through the effective use of characterization, narrative style, the themes and issues portrayed within the text, relationships and emotions.

Khaled Hosseini has used strong characterization and use of the technique narrative style in order to depict Mariam and Laila who are the two main characters in Hosseini's inspiring yet heartbreaking story a thousand Splendid Suns. Hosseini has written this story through the technique of third person in order to effectively show the true feelings of the characters Mariam and Laila. The strong use of third person as the narrative style is a very important part of this text as it clearly emphasizes the emotions and feelings that Mariam and Laila experience whilst they face the many hardships placed upon them. She lived in fear of his shifting moods, his volatile temperament, his insistence on steering even mundane exchanges down a confrontational path that, on occasion, he would resolve with punches, slaps, kicks, and sometimes try to make amends for with polluted apologies, and sometimes not. "Mariam's thoughts are so clearly depicted in the above lines that it gives the reader a full insight on how she fears each and every day as to how and what her husband's mood will be when he arrives home and according to that how she will be treated. This illustrates the unjust behaviour she faces in her married life.

The narrative style also is an excellent feature that engages the reader as it is a truly inspiring experience to be able to understand and comprehend what a woman is going through and how many things endlessly roam a mind when overcoming issues in life that we would never even think of let alone need to face in our lifetimes. A Thousand Splendid Suns also incorporates many themes and issues in Afghan society that effect women up until the present day. Hosseini shows the harsh reality of many women whose lives are filled with injustice and cruelty. He illustrates the cultural distinction between marriage and

Understanding Religion: Some Approaches and Attitudes Bosudha Bandyopadhyay, 2023-03-29 The term religion lends itself to various meanings and interpretations depending upon the nature education and the level of consciousness and conscience of a particular human being who actually harbors the idea or practices of his faith It is evident therefore that the concept of religion in human life and society appears to be most controversial and a complex thing which has variable meanings and significance to various human minds It is indeed pitiful to observe that in the mountain maelstrom of materialism man develops the tendency to ignore or undermine the edifying and enriching experience of religions and prefers to stay away from the path of the nourishment of his soul without which both human existence and progress are seriously endangered The practice of spiritual uplift is therefore an indispensable condition of human progress and civilization for a life conditioned by and dependent on mere material development is deemed to be fraught with utter futility The essays chosen in this volume by and large have been written by scholars with a view to unfolding either the virtues or shortcomings of many of the principles and practices of different religions Some of the essays have sought to examine the causes and reasons behind the unhealthy views and superstitions and also to reveal a good and elevating virtues the cultivation of which may enlighten us for the realization of the noble ideas and ideals of life The writers have made an honest attempt to look at the grim reality of some religious superstitions in order to find out the hidden light that rise beyond the boundary of blind beliefs and faiths Such a quest is

always worthwhile for a sincere seeker in quest of truth and light The authors of the essays have taken pains to diagnose the deep seated malady of blind belief fanaticism and dogmatisms

Social Exclusion in the UK Mel Hughes, 2025-02-28 In UK society there are cultural norms and assumptions that affect many marginalised groups and this book aims to address and challenge these through the lens of the people who have lived these experiences *Social Exclusion in the UK* presents a range of lived experiences alongside a critical commentary on the impact of social stigma exclusion and marginalisation on people's lives This book's chapters are co authored by people with lived experience and academics and are all underpinned by the Transformative Learning Theory developed by scholar Mezirow The marginalised experiences discussed in this book include different types of substance users care leavers asylum seekers offenders HIV positive those living in poverty or those who identify as transgender What makes this book unique is that it gives a voice to those who have been the most affected by inequality whether it's economic or social and health inequalities Those affected are the least likely to be involved in shaping and informing responses to it and this lack of involvement risks the further exclusion of those who are already marginalised A few of the ways this book aims to challenge this include legitimising and prioritising lived experience expertise fostering critical reflection of our own beliefs and

assumptions and drawing on lived experience expertise to inform responses and solutions
