Fundamentals of Gnostic Education

Samael Aun Weor, 2025-02-01 The fundamental education is the science of the consciousness that allows us to discover our relationship with human beings nature and all things The Greek word gnosis means knowledge The higher meaning of gnosis is knowledge of facts acquired from personal experience Gnosis is genuine knowledge of the truth To understand truth one must experience it The greatest human beings in every field philosophy science art and religion did not imitate memorize or remain limited by popular ideas instead they sought gnosis to know the facts for themselves and in finding the facts they changed the world for the better Unfortunately such people are rare The problems afflicting individuals and society today have a simple root cause we have not yet learned how to think Instead people today are taught to memorize and imitate Schools teachers and parents today emphasize what we should think rather than teaching how to think question and analyze so we can recognize the facts deal with them intelligently and experience the truth for ourselves What is the value of accumulating much knowledge within our minds if we continue to be confused What is the value of technical and industrial skills if we use them for the destruction of our fellows It is worthless to receive instruction to attend classes to study if in the process of our daily living we are miserably destroying one another Indeed the true objective of a fundamental education must be to create true men and women who because of their psychological integration are cognizant and intelligent When our consciousness is liberated from the conditioning and restrictions imposed upon it by imitation bad habits defects vices and mistaken beliefs then we can see and experience the truth for ourselves In this way we no longer need to believe anything or follow anyone but are free to express our fundamental nature and realize our full potential This book guides us towards that experience that gnosis We need the union of superior logic and tremendous love heart and mind balanced by conscious awareness of facts This psychological equilibrium empowers us to alter the painful conditions that we suffer within Therefore we need a gnostic education an education based on personal experience of the truth

The Mayan Mysteries

Their origin is Mayan Atlantean Samael Aun Weor This book was written for students who already have a good foundation in the study of Kabbalah To get the most out of this book it is recommended that you first study his books Tarot and Kabbalah and Alchemy Kabbalah **Logos Mantram Magic: Gnostic Secrets of the Rose-Cross** Daath Gnosis,Arnoldo

The Revolution of the Dialectic Samael Aun Weor,2025-01-01 The daily practice of meditation transforms us radically Samael Aun Weor The world is in crisis and everywhere there are wars and rumors of wars promises and mockeries bombardments and political parties that fight each other It is absurd to suppose that we can depart from this social chaos with all of its fights and miseries if indeed individually we do not resolve ourselves to perform a radical and definitive change The legal or illegal changes of governments the bloody dictatorships the revolutions of blood and alcohol are all useless If we truly want an absolutely radical change then first of all we need to change ourselves individually What we are as individuals is what the world is Indeed the world is the individual because the world is nothing more than the sum of all individuals The problem of the world is the problem of the individual Thus if the individual does not internally change then the world will never change either even when many want to change it based on extremist doctrines bloody revolutions abominable dictatorships etc If we study our intimate problems in detail then we have to arrive at the logical conclusion that no leader can resolve these problems for us What I am is in fact the party the group the family the society the nation The individual is the beginning and the ending of every order of things Thus if we want a radical transformation of this bitter and suffering

world then we need each of us to individually transform ourselves in a true and very intimate way If we truly want to transform ourselves intimately for the good of the world then we need to liberate the mind and heart from any type of evilness The Great Rebellion Samael Aun Weor,2025-02-01 Our world needs real change inner change This book shows how you can make it happen When one discovers the real cause of so much misery and bitterness it becomes obvious that something can be done Samael Aun Weor Do you want a better world and a better life Do you thirst for genuine happiness You can transcend suffering when you know about The underlying cause of the world s pain and problems What consciousness is and how it works How cause and effect create your life The power within us that can cleanse the mind of faults and darkness This book embraces and clarifies the essential wisdom within all the world s religions and spiritual traditions Yet change does not come from belief or theories Real change comes from self knowledge gnosis The Great Rebellion explains how all of the world s problems addiction war pollution starvation crime come from within us By changing ourselves within we change the world around us This is the genuine foundation of every great spiritual tradition in the world By truly becoming better people the world becomes a better place *Magic, Alchemy and the Great Work* Daath Gnosis,Samael Aun Weor,2012-09-18 **A Treatise of Alchemy** Samael Aun Weor,1999 Sexual Alchemy, the Horns of Ammon, and Spiritual Consorts Tony Musso,2015-04-05 This book is part of a journey of inner unfolding Sexual alchemy is a topic of great debate and controversy this title is not for those that are afraid to explore the core of their inner being By nature and design spirituality is very much intertwined with sexuality Begin to explore in great detail the biological processes that are required to make the inward changes necessary to fully benefit from these practices Gain an understanding of the Horns of Ammon better known to medical science as the hippocampus The journey of sexuality is connected with intelligence emotion and the development of an astral body See how this alchemical process has the potentiality for the development of higher faculties as well as a possibility of communication with otherworldly spirits **The Mystery of the Golden Blossom** Samael Aun Weor,2020-09-13 Discover how your greatest creative power is also your greatest spiritual power All of us possess some electrical and magnetic forces within and just like a magnet we exert a force of attraction and repulsion Between lovers that magnetic force is particularly powerful and its action has a far reaching effect Samael Aun Weor In the heart of every religion there are teachings about intimate human relationships a sacred knowledge about the transformative power of sex which states that true spiritual mastery is a result of conquering base desires and transforming them into conscious virtues Harnessing and transforming the most powerful forces within places us on a revolutionary path to spiritual awakening Every birth is a magical act performed through sex Spiritual birth is no exception and is accomplished through a divine form of sexuality The physical union of a man and a woman in essence is a supernatural act a reminiscence of paradise the most beautiful of all the hymns of praise dedicated to the Creator by the creature it is the alpha and the omega of all creation Samael Aun Weor Enter into the sacred mysteries hidden in all major religions Learn to practice the ancient science

that inspired Tantra Alchemy Taoism and other traditions Filled with lively entertaining stories and practical exercises and guidance for personal development **Samael Aun Weor Gnostic Lectures** Samael Aun Weor,2012-09-23 **Alchemical Sex** E. J. Gold,2003-10 The historical background of sexual alchemy is covered in this collection of the author s lectures on the subject given during the 1980s and 90s **Sexual Alchemy** Donald Tyson,2000 Chances are that you ve heard of Tantra and Taoist sexual practices Now as a result of studying the inner mysteries of alchemy Donald Tyson presents a Western system of sacred sexuality in Sexual Alchemy Here you will learn how to have erotic relationships with loving spirits That means the methods presented here can function as a Western alternative to Eastern sexual practices They also can be used by a solitary person and need not depend upon the participation of a partner The first part of this book presents a history of sex with spirits It also goes into the secrets of Eastern internal alchemy and how the books of Western alchemy often made secretive references to sexual magick You will also learn how to create a physical representation of the spirit you are going to use as a partner The second part of the book includes the practices and techniques which the author found to be effective from other sources or developed himself This includes techniques of diet exercise breathwork banishings purifications and finally an invocation ritual to summon the spirit who is going to be your lover Then you will learn the previously hidden secrets of having sex with a spirit lover You ll learn how to prepare and recognize the signs that this is an actual occurrence and not simply a fantasy And then when you have accomplished your ritualized mating you will learn how to collect and use the resulting highly charged fluids for magical purposes Everything we are everything we have is a gift from the Divine Doesn t it make sense that we use all of our abilities to honor the source from which they came That means we can even make use of our sensual natures to honor the Gods If you want to follow a system based on western traditions this book can be your guide **Carnal Alchemy** Stephen E. Flowers,Crystal Flowers,2011-03-01 This book combines how to techniques with the structures of sexual magic It re introduces a powerful philosophy and magical technology to the contemporary world of western sexual magic which brings together sadomasochistic sexuality and spirituality Such sexuality is often misunderstood and remains tinged with overtones of the mysterious and forbidden this makes it a powerful form of sexuality when artfully combined with spiritual or magical aims **Divine Union and Sexual Alchemy** Lynn Douglas,2013-05-14 LOVE IS THE STRONGEST ENERGY IN THE UNIVERSE Divine Union and Sexual Alchemy is a mystical and erotic adventure that is both spiritual and inspirational with timeless appeal for all Anyone who desires to engage in intimacy but is restricted due to distance injury or illness can also experience a deep fulfilling connection with their partner Based on true events Divine Union and Sexual Alchemy is about intense metaphysical passion where culture and nature heaven and earth and dynamic and passive forces are powerfully juxtaposed The story unfolds in up state New York horse country where Carolyn Terrance pursues her life long dream In doing so confusing details from her past unfold in the present Join Carolyn and Eric Hunter as they explore a quantum dimensional relationship They begin a faith walk that transcends space and time Nothing

is mere coincidence synchronicity can define our destiny From soft subtle sensations to lightning bolt experiences Carolyn
